Epperly, 2022-10-21 The prophet Amos is known for fiery messages directed at the elites of the northern kingdom of Israel in ancient times Can this prophet also speak to us in America today This book looks at the message that Amos proclaimed and applies it to parallel situations in modern America Issues such as the worship of wealth greed privilege and elites living off the labor of others are more similar in these two times and places than one might initially assume How can we respond as people of faith to the evils of our own time Are we responsible to notice and take action Is taking such action part of our faith If we listen to the prophet Amos the answer is a resounding yes God cares about the weak the oppressed and the downtrodden and looks to those with

the means to help implement change We are truly asked to take responsibility for the well being of our neighbor Christians would be especially challenged by this book and the message of the prophet Amos because so much of that message was also proclaimed by Jesus who based judgment on how one treated the least rather than those who are great With study and thought questions with each chapter and an abundance of suggestions for practical action this book is a great tool to use in a church wide study combined with a call to action
