California is an infamously tough place to be poor home to about half of the entire nation's homeless population burdened by staggering home prices and unsustainable rental rates California is a state in crisis But it wasn't always that way as prize winning historian Josh Sides reveals in *Backcountry Ghosts* In 1862 President Abraham Lincoln signed the Homestead Act the most ambitious and sweeping social policy in the history of the United States In the Golden State more than a hundred thousand people filed homesteading claims between 1863 and the late 1930s More than sixty thousand Californians succeeded claiming about ten million acres In *Backcountry Ghosts* Josh Sides tells the histories of these Californian homesteaders their toil and enormous patience successes and failures doggedness in the face of natural elements and disasters and resolve to defend hard earned land for themselves and their children While some of these homesteaders were fulfilling the American Dream that all Americans should have the opportunity to own land regardless of their background or station others used the Homestead Act to add to already vast landholdings or control water or mineral rights Sides recovers the fascinating stories of individual homesteaders in California both those who succeeded and those who did not and the ways they shaped the future of California and the American West *Backcountry Ghosts* reveals the dangers of American dreaming in a state still reeling from the ambitions that led to the Great Recession

Jack Parker's Wiseguys Tim Rappleye, 2018-01-02 Over the winter of 1977-78 anyone within shouting distance of a two mile stretch of Boston's Commonwealth Avenue from Fenway Park to the trolley curve at Packard's Corner found themselves pulled into the orbit of college hockey The hottest ticket in a sports mad city was Boston University's Terriers a team so tough it was said they didn't have fans they took hostages Eschewing the usual recruiting pools in Canada Jack Parker and his coaching staff assembled a squad that included three stars from nearby Charlestown then known as the armed robbery

capital of America Jack Parker's Wiseguys is the story of a high flying headline dominating national championship squad led by three future stars of the Miracle on Ice the medal round game the 1980 U S Olympic hockey team won against the heavily favored Soviet Union Now retired Parker is a thoughtful statesman for the sport a revered figure who held the longest tenure of any coach in Boston sports history But during the 1977 78 season he was just five years into his reign and only a decade or so older than his players Fiery mercurial as tough as any of his tough guys Parker and his team were to face the pressure cooker expectations of four previous also ran seasons further heightened by barroom brawls off the ice shenanigans and the citywide shutdown caused by one of the biggest blizzards to ever hit the Northeast This season was to be Parker's watershed a roller coaster ride of nail biting victories and unimaginable tragedy played out in increasingly strident headlines as his team opened the season with an unprecedented twenty one straight wins Only the second loss of the year eliminated the Terriers from their league playoffs and possibly from national contention hours after the game Parker's wife died from cancer The story of how the team responded coming back to win the national championship a week after Parker buried his wife makes a compelling tale for Boston sports fans and everyone else who feels a thrill of pride at America's unlikely win over the Soviet national team a victory forged on Commonwealth Avenue in that bitter beautiful winter of 78
