Donoho, 2020-05-12 The Author was a cowboy during the period of which he writes and is thoroughly conversant with every phase of cowboy life After the lapse of many years some of the most pleasant recollections engraved on the tablets of his memory are of the open plains the wild cattle and the irresistible cowboy To portray this wild active and strenuous life and to give an accurate pen picture of this past and forgotten industry is the mission of CIRCLE DOT

**Victorian Childhoods** Ginger S. Frost, 2008-12-30 The experiences of children growing up in Britain during Victorian times are often misunderstood to be either idyllic or wretched Yet the reality was more wide ranging than most imagine Here in colorful detail and with firsthand accounts Frost paints a complete picture of Victorian childhood that illustrates both the difficulties and pleasures of growing up during this period Differences of class gender region and time varied the lives of children tremendously Boys had more freedom than girls while poor children had less schooling and longer working lives than their better off peers Yet some experiences were common to almost all children including parental oversight physical development and age based transitions This compelling work concentrates on marking out the strands of life that both separated and united children throughout the Victorian period Most historians of Victorian children have concentrated on one class or gender or region or have centered on arguments about how much better off children were by 1900 than 1830 Though this work touches on these themes it covers all children and focuses on the experience of childhood rather than arguments about it Many people hold myths about Victorian families The happy myth is that childhood was simpler and happier in the past and that families took care of each other and supported each other far more than in contemporary times In contrast the unhappy myth insists that childhood in the past was brutal full of indifferent parents high child mortality and severe discipline at home and school Both myths had elements of truth but the reality was both more complex and more interesting Here the author uses memoirs and other writings of Victorian children themselves to challenge and refine those myths

*One Hundred Romances of Real Life* Leigh Hunt, 1888 **One hundred romances of real life; selected and annotated by Leigh Hunt, etc** Leigh Hunt, 1843 *Sandy's Heart* Sue Lyons-Latour, 2019-08-20

Within minutes of giving birth Sue Latour was told by her pediatrician her baby girl could not possibly survive the night The diagnosis was confirmed as certain by a room full of medical experts brought in to assist Gripped with fear and with seemingly no other options she turned to God for help Thus begins the miraculous story of Sue Lyons Latour and her miracle princess Sandy Michelle Latour Sandy's Heart will enlighten and inspire like no other You'll laugh and cry but most of all you'll understand that in the twenty first century miracles still happen Sandy's survival was only the first of many miracles to follow What little did the hospital professionals who insisted that they give her up or the family know of what was to come They were unaware of God's anointing on their fragile yet miraculous child The family and all that knew them were to embark on the ride of their lives filled with testing trials and with God's great mercy grace forgiveness love and favor It all

began on October 3 1984 with Sandy s first miracle Sandy s life reached multitudes of souls for the kingdom of God She walked with God and prophesized the truth into people s lives Miracles followed her wherever she went She had a great character and stated God has a character as well She knew things about heaven and God that were impossible for a handicapped child with a limited mentality Her description of Jesus was perfectly described as seen in the Bible s revelation of Christ Sandy s Heart encounters the lives of her family and those around her It depicts the devastating hard times as well as the blessings and favor of God as He carried them through them all It allows the reader to find hope and trust in God s will and to find joy in even the hardest of the hard times     St. Nicholas ,1881     **The Friend** ,1848     **Book Review Digest** ,1905 Excerpts from and citations to reviews of more than 8 000 books each year drawn from coverage of 109 publications Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language Reviews of the following types of books are excluded government publications textbooks and technical books in the sciences and law Reviews of books on science for the general reader however are included The reviews originate in a group of selected periodicals in the humanities social sciences and general science published in the United States Canada and Great Britain Publisher     **The Cumulative Book Review Digest** ,1905     **Chambers' Edinburgh Journal** ,1836     **The Publishers Weekly** ,1905     St. Nicholas Mary Mapes Dodge,1913     **Century Monthly Magazine** Josiah Gilbert Holland,Richard Watson Gilder,1914     The Australian Journal ,1889     Christian Living, Rural Communities, Recreation, Returning Veterans, World Peace Colorado State University.
