## **Sangreal Sacrament:**

The Sangreal Sacrament William G. Gray, 1983      **The Old Sod** Alan Richardson, Marcus Claridge, 2011 William G Gray was a real magician a kind of primeval spirit who worked his magic as an extension of the Life Force not as a sop to ego He reeked of psychism like he often reeked of incense could give you the uncomfortable feeling that he could see right through you and beyond and had been to places in spirit that we could scarcely imagine Many of the books on magic and the Qabalah which appear today owe a huge if unrecognised debt to his pioneering writing If there is anything evolutionary about the current urge to work with harmonic energies within the Earth and ourselves whether through green eco movements the Celtic Revival or the Wiccan arts then it is due in no small degree to the work that was done by an old bastard who lived near the bus station in a town in Gloucestershire Bill Gray met and worked with many of the most important figures in the British esoteric scene His boyhood meetings with Dion Fortune and Aleister Crowley are described here in his own words along with his personal recollections of working magic with Pat Crowther Doreen Valiente Ronald Heaver Robert Cochrane and many others This lively entertaining and authoritative biography tells the story of how a difficult psychic child grew into a powerful adept who challenged established and stagnating traditions within paganism magic and Qabalah alike and revitalised them from within often falling out with those he worked with but maintaining their affection and respect Generously illustrated with photographs many never published before the book also includes contributions by R J Stewart Gareth Knight Evan John Jones Marcia Pickands and Jacobus Swart plus of course W G Gray himself      **Learning Ritual Magic** John Michael Greer, Earl King, Jr., Clare Vaughn, 2004-10-01 Learning Ritual Magic is a training manual for anyone serious about improving their magic based on the western mystery traditions including tarot ritual magic Qabalah and astrology What you get out of magic can be measured precisely by what you are willing to put into it and time is the essential ingredient in successful magical training the authors write And just as no one expects to run a marathon or play a Bach violin concerto without sufficient training so practitioners of the magical arts shouldn't expect to work complex powerful magical rituals without a solid grounding in the techniques of Hermetic high magic By spending at least a half hour a day practicing the lessons found in Learning Ritual Magic the solitary apprentice attains the proper groundwork and experience for working ritual magic Learning Ritual Magic provides lessons on meditation and a set of exercises designed to develop basic skills in imagination will memory and self knowledge all of which are absolute fundamentals to magical attainment While the authors discuss the essentials of magical theory they focus on daily basic perspectives rather than launching into details of advanced practice Designed for the solitary practitioner Learning Ritual Magic concludes with a ceremony of self initiation      Witch Daze Patricia Della-Piana, 2010      **The Noble Tale of the Sangreal** Sir Thomas Malory, 1920      The Dictionary of Magic & Mystery Melusine Draco, 2012-05-25 Every good reference book is both a product and a reflection of its time The Dictionary of Magic Mystery is not just another compendium or dictionary of occultism it is a jumping off point for further research Here

the reader will find the ancient and modern interpretation for magical and mystical terms together with explanations for the differences between the varied and often conflicting approaches to magic
