YOJIMBO BANJURC

THE CRITERION COLLECTION

TWO SAMURAI FILMS BY AKIRA KUROSAWA

Sanjuro Criterion Collection

L. Ramey,T. Pugh

Sanjuro Criterion Collection:

Classical Japanese Cinema Revisited Catherine Russell, 2011-06-16 Catherine Russell s highly accessible book approaches Japanese cinema as an industry closely modeled on Hollywood focusing on the classical period those years in which the studio system dominated all film production in Japan from roughly 1930 to 1960 Respectful and thoroughly informed about the aesthetics and critical values of the Japanese canon Russell is also critical of some of its ideological tendencies and her analyses provide new insights on class and gender dynamics Russell locates Japanese cinema within a global system of reception and she highlights the importance of the industrial production context of these films Including studies of landmark films by Ozu Kurosawa and other directors this book provides a perfect introduction to a crucial and often misunderstood area of Japanese cultural output With a critical approach that highlights the everydayness of Japanese studio era cinema Catherine Russell demystifies the canon of great Japanese cinema treating it with fewer auteurist and Orientalist Akira Kurosawa Eric San Juan, 2018-12-15 The career of acclaimed assumptions than many other scholars and critics filmmaker Akira Kurosawa spanned more than five decades during which he directed more than thirty movies many of them indisputable classics Rashomon Ikiru Seven Samurai The Hidden Fortress Throne of Blood and Yojimbo among others During the height of his creative output Kurosawa became one of the most influential and well known directors in the world inspiring filmmakers like Steven Spielberg and George Lucas and movies such as The Magnificent Seven The Good the Bad and the Ugly and Star Wars In Akira Kurosawa A Viewer's Guide Eric San Juan provides a comprehensive yet accessible examination of the artist's entire cinematic endeavors From early films of the 1940s such as Sanshiro Sugata and No Regrets for Our Youth to Oscar winner Dersu Uzala the author helps readers understand what makes Kurosawa's work so powerful Each discussion includes a brief synopsis of the film an engaging analysis and thoughtful insights into the film's significance All of Kurosawa s works from 1943 to 1993 are analyzed here including the overlooked television documentary Song of the Horse produced in 1970 In addition to more than twenty photos Akira Kurosawa A Viewer's Guide provides rich discussions that will appeal to students of cinema as well as anyone who wants to learn more about Japan's greatest director

Yojimbo/Sanjuro (DVD) [Criterion, Japanese, WS, 2 Discs]. ,2006 Remaking Kurosawa Dolores Martinez,2009-05-25 Through the lens of Akira Kurosawa's films Martinez dissects the human tendency to make connections in a pioneering attempt to build a bridge out of diverse materials the anthropology of Japan film studies and postmodern theory Step Inside Design ,2003 The DVD-laser Disc Newsletter ,1999 Race, Class, and Gender in "Medieval" Cinema L. Ramey,T. Pugh,2007-02-19 The medieval film genre is not in general concerned with constructing a historically accurate past but much analysis nonetheless centers on highlighting anachronisms This book aims to help scholars and aficionados of medieval film think about how the re creation of an often mythical past performs important cultural work for modern directors and viewers The essays in this collection demonstrate that directors intentionally insert modern

preoccupations into a setting that would normally be considered incompatible with these concepts The Middle Ages provide an imaginary space far enough removed from the present day to explore modern preoccupations with human identity

Rhapsody on a Film by Kurosawa Leonard Ginsberg, 2008 One of Akira Kurosawa s most popular films Yojimbo 1961 tells the story of a vagrant samurai who outsmarts two gangs warring to control a small town in mid 19th century Japan This plot a lone hero who challenges both potent rivals struggling to control a place has proved remarkably adaptable Recent film settings include the American southwest New York the coast of Ireland Viking Iceland and outer space The rivals include drug dealers police witches and seals the hero a hit man a psychopath a senior an orphan These films track the basic plot or veer off in unexpected directions They provide an evening s delight or arouse enduring intellectual engagement with a wide variety of disciplines Rhapsody on a Film by Kurosawa explores this cultural complex Films discussed include American Beauty 1999 Donnie Darko 2001 The King of Masks 1996 Memento 2000 Ponette 1996 Requiem for a Dream 2000 Se7en 1995 and The Witches 1990 Other sections discuss possible origins of the plot in the work of Dashiell Hammett and Shakespeare a Yojimbo hero who emerged in the final days of the Tokugawa Shogunate and the relation of Yojimbo to Kurosawa s cinematic career Rhapsody on a Film by Kurosawa is the author s first book Star Wars FAO Mark Clark, 2015-08-01 FAO From the books and movies that inspired George Lucas to imagine the Star Wars universe to early screenplay drafts that were never filmed to short biographies of many people who made key contributions to the movies success Star Wars FAQ explores every aspect of the original Star Wars trilogy Star Wars The Empire Strikes Back and Return of the Jedi Along the way it unearths underreported stories and illuminating minutiae often skimmed over or completely ignored in other histories of the legendary film series Highlights include details about the Star Wars Holiday Special debacle the Ewok TV movies the rise of Star Wars fiction and its importance in the revival of the franchise and the wave of Star Wars imitators and parodies that flooded theaters and TV screens in the late 1970s and early 1980s along with dozens of rare publicity stills and photographs of vintage memorabilia Offering an original analysis of the series enduring appeal and cultural impact Star Wars FAQ tells a story as thrilling and action packed as the movies themselves with bold characters facing apparently insurmountable odds full of frantic chases narrow escapes daring victories and tragic setbacks culminating in an unlikely triumph that changed the course of the galaxy or at least of Hollywood The Video Librarian .2003 Rene Girard, Law, Literature, and Cinema Eric M. Wilson, 2024-04-05 This book is the first monograph to critically evaluate the work of the literary scholar Ren Girard from the perspectives of Law and Literature and Law and Film Studies two of the most multidisciplinary branches of critical legal theory. The central thesis is that Girard's theory of the scapegoat mechanism provides a wholly new and original means of re conceptualizing the nature of judicial modernity which is the belief that modern Law constitutes an internally coherent and exclusively secular form of rationality The book argues that it is the archaic scapegoat mechanism the reconciliation of the community through the direction of unified violence against a single

victim that actually works best in explaining all of the outstanding issues of Law and Literature in both of its sub forms law as literature the analysis of legal language and practice exemplified by literacy texts and law in literature the exploration of issues in legaltheory through the fictitious form of the novel The book will provide readers with i a useful introduction to the most important elements of the work of Ren Girard ii a greater awareness of the hidden nature of legal culture and reasoning within a post secular age and iii a new understanding of the subversive or enlightening nature of some of the most iconic works on Law in both Literature and Cinema media which by their nature allow for the expression of truths repressed by formal legal discourse Music in Action Film James Buhler, Mark Durrand, 2020-11-16 Music in Action Film is the first volume to address the central role of music and sound in action film arguably the most dominant form of commercial cinema today Bringing together 15 essays by established and emerging scholars the book encompasses both Hollywood blockbusters and international films from classic works such as The Seven Samurai to contemporary superhero franchises The contributors consider action both as genre and as a mode of cinematic expression in chapters on evolving musical conventions politics representation and identity musical affect and agency the functional role of music and sound design in action film and production technologies Breaking new critical ground yet highly accessible this book will be of interest to students and scholars of music and film studies Media Review Digest C. Edward Wall,1999 NA,2016-10-03 This is the first book to provide a comprehensive and systematic account of the phenomenon of cinematic remaking Drawing upon recent theories of genre and intertextuality Film Remakes describes remaking as both an elastic concept and a complex situation one enabled and limited by the interrelated roles and practices of industry critics and audiences This approach to remaking is developed across three broad sections the first deals with issues of production including commerce and authors the second considers genre plots and structures and the third investigates issues of reception including audiences and institutions Rashomon Effects Blair Davis, Robert Anderson, Jan Walls, 2015-11-06 Akira Kurosawa is widely known as the director who opened up Japanese film to Western audiences and following his death in 1998 a process of reflection has begun about his life s work as a whole and its legacy to cinema Kurosawa s 1950 film Rashomon has become one of the best known Japanese films ever made and continues to be discussed and imitated more than 60 years after its first screening This book examines the cultural and aesthetic impacts of Akira Kurosawa's Rashomon as well as the director's larger legacies to cinema its global audiences and beyond It demonstrates that these legacies are manifold not only cinematic and artistic but also cultural and cognitive The book moves from an examination of one filmmaker and his immediate social context in Japan and goes on to explore how an artist s ideas might transcend their cultural origins to ultimately provide global influences Discussing how Rashomon s effects began to multiply with the film being re imagined and repurposed in numerous media forms in the decades that followed its initial release the book also shows that the film and its ideas have been applied to a wider range of social and cultural phenomena in a variety of institutional contexts It

addresses issues beyond the realm of Rashomon within film studies extending to the Rashomon effect which itself has become a widely recognized English term referring to the significantly different interpretations of different eyewitnesses to the same dramatic event As the first book on Rashomon since Donald Richie s 1987 anthology it will be invaluable to students and scholars of film studies film history Japanese cinema and communication studies It will also resonate more broadly with those interested in Japanese culture and society anthropology and philosophy

The Laser Disc Newsletter ,1995

Variety International Film Guide ,2004 Film International ,2006 The Laser Video Disc Companion Douglas Pratt,1992 The DVD and the Study of Film M. Parker,2011-05-23 Drawing on interviews with producers directors and scholars and examining the DVD s supplementary features this book explores how the format at its best combines the enthusiasm of a fan cinematic nostalgia and scholarly insight

Sanjuro Criterion Collection Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has are more apparent than ever.
