

*Outnumbered 3-to-1, the tiny American army of
General Zachary Taylor prepared to meet the oncoming hordes
of Mexican leader Antonio Lopez de Santa Anna.*

Santa Annas Lost Wagon Of Gold

Steven L. Davis, Sam L. Pfister

Santa Annas Lost Wagon Of Gold:

From Presidio to the Pecos River Orville B. Shelburne, Jr., 2020-10-08 The 1848 treaty of Guadalupe Hidalgo that ended the Mexican American War described a boundary between the two countries that was to be ascertained by a joint boundary commission effort The section of the boundary along the Rio Grande from Presidio to the mouth of the Pecos River was arguably the most challenging and it was surveyed by two American parties one led by civilian surveyor M T W Chandler in 1852 and the second led by Lieutenant Nathaniel Michler in 1853 Our understanding of these two surveys across the greater Big Bend has long been limited to the official reports and maps housed in the National Archives and never widely published The discovery by Orville B Shelburne of the journal kept by Dr Charles C Parry surgeon botanist geologist for the 1852 party has dramatically enriched the story by giving us a firsthand view of the Chandler boundary survey as it unfolded Parry s journal forms the basis of *From Presidio to the Pecos River* which documents the day to day working of the survey teams The story Shelburne tells is one of scientific exploration under duress surveyors stranded in towering canyons overnight without food or shelter piloting inflatable rubber boats down wild rivers rising to the challenges of a profoundly remote area including the possibility of Indian attack Shelburne s comparison of the original boundary maps with their modern counterparts reveals the limitations of terrain and equipment on the survey teams Shelburne s book provides a window on the adventure near disaster and true accomplishment of the surveyors work in documenting the course of the Rio Grande across the Big Bend region

[Viva Texas Rivers!](#) Steven L. Davis, Sam L. Pfiester, 2022-08-24 More than the lifeblood of our natural world Texas rivers have nourished the human spirit for as long as people have gathered on their banks A living bond has flowed between Texas writers and rivers ever since the 1960 publication of John Graves s classic journey along the Brazos *Goodbye to a River* Many of Texas leading writers have had their hearts captured by a river and they have created sparkling accounts of the waterways they love Now editors Steven L Davis and Sam L Pfiester have assembled the best of those works into a revelatory collection of diverse literary voices Ranging from the desert canyonlands of the Rio Grande to the swampy Big Thicket from crystal clear Hill Country streams to the Red River s treacherous quicksand *Viva Texas Rivers* showcases many classic writings along with brand new essays written for this volume The literary nonfiction is complemented by flashes of poetry that brilliantly reflect these curving ribbons of light Authoritative and expertly edited *Viva Texas Rivers* offers shimmering accounts of hidden paradises as well as searing expos s of abuse and despoliation Yet even in the bleakest times as these writers have found Texas rivers can bestow a sacred grace and unexpected redemption *Viva Texas Rivers* brings you as close to the living nirvana of a Texas River as you can get without launching yourself into a canoe and following a great blue heron as it glides just above the breaking rapids leading you around the bend as the river flows onward toward the best places in our hearts

Frontier Times ,1930 [Border Sanctuary](#) Morgan Jane Morgan, 2015-08-10 The Santa Ana National Wildlife Refuge lies on the northern bank of the Rio Grande in South Texas about

seventy miles upriver from the Gulf of Mexico In Border Sanctuary M J Morgan uncovers how 2 000 acres of rare subtropical riparian forest came to be preserved in a region otherwise dramatically altered by human habitation The story she tells begins and ends with the efforts of the Rio Grande Valley Nature Club to protect one of the last remaining stopovers for birds migrating north from Central and South America In between she reconstructs a two hundred year human and environmental history of the original two square leagues of the Santa Ana land grant and of the Mexican and Tejano families who lived on worked and ultimately helped preserve this forest on the river s edge As border issues continue to present serious challenges for Texas and the nation it is especially important to be reminded of the deep connection between the region s human and natural history from the long perspective Morgan provides here To learn more about The Meadows Center for Water and the Environment sponsors of this book s series please click here [Engineering and Mining Journal](#) ,1889 **Santa Ana** Laura Bayer,Floyd Montoya,1994 This history begins with traditional accounts of the journeys that brought the people of Tamaya to a land that would later be known as New Mexico and a Pueblo that would be called Santa Ana Relying on oral tradition as well as documentary sources the text traces the pueblo s history from the sixteenth century when Kastera Spain entered the region through the arrival of Merikaana in the nineteenth century to the recent past The people of Santa Ana established a way of life based on an annual cycle of agriculture the gathering of native resources and trade with neighboring peoples all accompanied by a rich cycle of ceremonies From the first however the people s survival depended on their ability to respond to frequent changes in the land and its resources its residents and the legal systems that extended authority over them

The Settlement of America James A. Crutchfield,Candy Moutlon,Terry Del Bene,2015-03-26 First Published in 2015 This encyclopaedic collection includes Volumes 1 A L and 2 M Z as well as essays on the settlement of America It can be argued that the westward expansion occurred only one week after the English landfall at Jamestown Virginia on May 14 1607 Beginning on May 21 Captain John Smith one of the colonization company s leaders and twenty one companions made their way northwest up the James River for some 50 or 60 miles 80 or 96 km **From Texas to San Diego in 1851** Samuel Washington Woodhouse,2007 Samuel W Woodhouse physician and naturalist with the 1851 Sitgreaves expedition to explore the southwestern territories won in the war with Mexico kept a journal of the expedition from San Antonio to San Diego describing the people topography plants and animals encountered This is the first publication of his account Provided by publisher **California Cultivator** ,1924 [A Civil War History of the New Mexico Volunteers and Militia](#) Jerry D. Thompson,2015-09-01 The Civil War in New Mexico began in 1861 with the Confederate invasion and occupation of the Mesilla Valley At the same time small villages and towns in New Mexico Territory faced raids from Navajos and Apaches In response the commander of the Department of New Mexico Colonel Edward Canby and Governor Henry Connelly recruited what became the First and Second New Mexico Volunteer Infantry In this book leading Civil War historian Jerry Thompson tells their story for the first time along with the history of a third regiment of Mounted Infantry and several companies in a

fourth regiment Thompson's focus is on the Confederate invasion of 1861-1862 and its effects especially the bloody Battle of Valverde. The emphasis is on how the volunteer companies were raised, who led them, how they were organized, armed and equipped, what they endured off the battlefield, how they adapted to military life and their interactions with New Mexico citizens and various hostile Indian groups including raiding by deserters and outlaws. Thompson draws on service records and numerous other archival sources that few earlier scholars have seen. His thorough accounting will be a gold mine for historians and genealogists especially the appendix which lists the names of all volunteers and militia men. Climatological Data for the United States by Sections, 1940. A collection of the monthly climatological reports of the states originally issued separately for each state or section. Similar data was combined in the Monthly weather review for July 1909 to Dec 1913 also published separately during that time for each of the 12 districts. Previous to July 1909 monthly reports were issued for each state or section. *A History of California and an Extended History of Its Southern Coast Counties* James Miller Guinn, 1907. California Citrograph, 1921. **Los Angeles Magazine**, 2005-07. Los Angeles magazine is a regional magazine of national stature. Our combination of award winning feature writing, investigative reporting, service journalism and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian. **Climatological Service, District No. 11, California**, 1957. **Commerce of the Prairies** Josiah Gregg, 1844. Old-Time Cowboy Songbook Will McCain Clauson, 2014-11-10. Relive the Golden Days of the West with this comprehensive collection of music history and the legendary characters of the West. Includes melody, line lyrics and guitar chords. **Lost Mines of California and Southwest** Robert William McAllister, 1953. **Mining and Scientific Press**, 1899. **The Engineer**, 1910.
