Santa Cruz County History Journal:

Santa Cruz County History Journal History Museum of Santa Cruz County, 1995 *Santa Cruz County History Journal* History Museum of Santa Cruz County, 1995 **Pathways to the Past** Joan Gilbert Martin, 2009 **Santa Cruz County History Journal**, 2009 **Evergreen Cemetery of Santa Cruz** Traci Bliss with Randall Brown, 2020 Created in 1858 the Evergreen Cemetery provided a final resting place for a multitude of Santa Cruz's adventurers, entrepreneurs, and artists. The land was a gift from the Imus family who narrowly escaped the fate of the Donner Party more than a decade earlier and had already buried two of their own. Alongside these pioneers, the community buried many other notables including London Nelson, an emancipated slave turned farmer who left his land to the city schools, and journalist Belle Dormer who covered a visit by President Benjamin Harrison and the women's suffrage movement. Join Traci Bliss and Randall Brown as they bring to life the tragedies and triumphs of the diverse men and women interred at Evergreen Cemetery.

Bosso, 2006 *California Indian Languages* Victor Golla, 2022-02 Nowhere was the linguistic diversity of the New World more extreme than in California where an extraordinary variety of village-dwelling peoples spoke seventy-eight mutually unintelligible languages. This comprehensive illustrated handbook, a major synthesis of more than 150 years of documentation and study, reviews what we now know about California's indigenous languages. Victor Golla outlines the basic structural features of more than two dozen language types and cites all the major sources, both published and unpublished, for the documentation of these languages from the earliest vocabularies collected by explorers and missionaries to the data amassed during the twentieth century by Alfred Kroeber and his colleagues, to the extraordinary work of John P. Harrington and C. Hart Merriam. Golla also devotes chapters to the role of language in reconstructing prehistory and to the intertwining of language and culture in pre-contact California societies, making this work the first of its kind, an essential reference on California's remarkable Indian languages.

The Last Fire Season Manjula Martin, 2025-05-13 H Is for Hawk meets Joan Didion in the Pyrocene in this arresting combination of memoir natural history and literary inquiry that chronicles one woman's experience of life in Northern California during the worst fire season on record FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARD NATIONAL BESTSELLER AN NPR BEST BOOK OF THE YEAR Told in luminous perceptive prose The Last Fire Season is a deeply incisive inquiry into what it really means now to live in relationship to the elements of the natural world When Manjula Martin moved from the city to the woods of Northern California she wanted to be closer to the wilderness that she had loved as a child She was also seeking refuge from a health crisis that left her with chronic pain and found a sense of healing through tending her garden beneath the redwoods of

Sonoma County But the landscape that Martin treasured was an ecosystem already in crisis Wildfires fueled by climate change were growing bigger and more frequent each autumn her garden filled with smoke and ash and the local firehouse siren wailed deep into the night In 2020 when a dry lightning storm ignited hundreds of simultaneous wildfires across the West and kicked off the worst fire season on record Martin along with thousands of other Californians evacuated her home in the midst of a pandemic Both a love letter to the forests of the West and an interrogation of the colonialist practices that led to their current dilemma *The Last Fire Season* follows her from the oak hills of Sonoma County to the redwood forests of coastal Santa Cruz to the pines and peaks of the Sierra Nevada as she seeks shelter bears witness to the devastation and tries to better understand fire s role in the ecology of the West As Martin seeks a way to navigate the daily experience of living in a damaged body on a damaged planet she comes to question her own assumptions about nature and the complicated connections between people and the land on which we live **The Archaeology of Ethnogenesis** Barbara L.

Voss,2015-03-31 This pioneering work of historical archaeology sheds light on the genesis of the Californios a community of military settlers who forged a new identity on the northwest edge of Spanish North America The revised edition includes a new preface from the author looking at the development of ethnogenesis theory since the first edition of this book **The Leftmost City** Richard Gendron,2018-04-17 Almost all US cities are controlled by real estate and development interests but Santa Cruz California is a deviant case An unusual coalition of socialist feminists environmentalists social welfare liberals and neighborhood activists has stopped every growth project proposed by landowners and developers since 1969 and controlled the city council since 1981 Even after a 1989 earthquake forced the city to rebuild its entire downtown the progressive elected officials prevailed over developers and landowners Drawing on hundreds of primary documents as well as original previously unpublished interviews *The Leftmost City* utilizes an extended case study of Santa Cruz to critique three major theories of urban power Marxism public choice theory and regime theory Santa Cruz is presented within the context of other progressive attempts to shape city government and the authors findings support growth coalition theory which stresses the conflict between real estate interests and neighborhoods as the fundamental axis of urban politics The authors conclude their analysis by applying insights gleaned from Santa Cruz to progressive movements nationwide offering a template for progressive coalitions to effectively organize to achieve political power *Santa Cruz, California* Sheila O'Hare,Irene Berry,2002-10-01 Located on Monterey Bay Santa Cruz s mild climate and natural resources have drawn entrepreneurs and visionaries as well as tourists since its earliest days Over time Santa Cruz city and county became home to a classic seaside amusement park luxury hotels and beachside mansions cottage cities and revival camps Captains of industry inventors movie stars and mountain men all made their homes here Captured in over 200 photographs is a visual history of this notable California city Santa Cruz County was created in 1850 as one of the new State of California s original counties Santa Cruz received its city charter in 1876 and developed quickly The photographic history presented here highlights the shift from
