Drumbeats from Mescalero H. Henrietta Stockel, 2011-04-07 Wisdom from the past hope for the future In 1945 the hot wind from a nuclear explosion at Trinity Site on a nearby missile range raged across the Mescalero Apache Reservation in south central New Mexico killing hundreds of head of livestock and causing sickness among the descendants of some of the most famous Apache heroes in American history In many ways this disaster typified what these Apaches had come to expect from the federal government attention was often accompanied by undesired results Four thousand Apaches of the Mescalero Chiricahua and Lipan bands now live on this reservation In twelve remarkable oral history interviews three generations of Mescalero Chiricahua and Lipan Apaches reflect on the trials of the past the challenges of the present and hope for the future A common thread among all of the interviewees is a collective memory of their people as formidable enemies of the U S government in the not too distant past Author and ethnographer H. Henrietta Stockel has structured these interviews to encompass three groups of Mescalero Apache society the elders the warriors middle aged and the horseholders or young apprentices *The Journal of Arizona History*, 1965 Noisy River: the Saga of Captain Paul Dowlin Kenneth E. Dowlin, 2013-09-05 Ruidoso Spanish for noisy river is the name given to the burbling stream tumbling out of the White Mountains in New Mexico These mountains and much of the plains to the east were inhabited by natives known as the Mescalero who have tribal ties to the Apache It was alongside this busy stream that Paul Dowlin an ancestor of Irish immigrants who migrated to the United States even before the Revolutionary war found his destiny He was born and lived in eastern Pennsylvania for over 30 years His yearning for adventure and advancement led him to make his way across the country in 1859 Soon after his arrival in New Mexico Territory he joined the newly formed New Mexico Volunteers to resist the invasion by the Confederate forces and supporters The fighting in the Civil War in New Mexico was brief but the battles against the native tribes took much longer Dowlin served directly under the command of Kit Carson the commander of the New Mexico Volunteer Army in the Civil War battles and the major campaigns against the Mescalero Navajo and other tribes After separation from the army Dowlin was able to acquire land and build a thriving settlement in what became Lincoln County New Mexico At one time he was one of the largest tax payers in the county and one of the political leaders of the county and the state He was always cordial to all people including the Mescalero the Mexican descendants in the area and the late coming Americans The question is Why was he shot and killed in 1877 He was unarmed and knew his killer Ken

Dowlin a descendent of Captain Paul Dowlin has woven facts derived from 4 years of research in libraries museums archives and site visits into family stories that were passed down from generation to generation His education career and lifelong learning has provided him with the necessary skills to produce a historical novel based on facts and family stories

Hardship, Greed, and Sorrow Devorah Romanek,2019-09-05 In the aftermath of the Civil War New Mexico Territory endured painful years of hardship and ongoing strife During this turbulent period a U S military officer stationed in the territory assembled an album of photographs a series of still shots taken by one or more anonymous photographers Now some 150 years later Hardship Greed and Sorrow reproduces the anonymous officer s souvenir album in its totality Offering an important glimpse of the American Southwest in the mid 1860s the book opens with a thoughtful foreword by Jennifer Nez Denetdale who considers the varied and lingering effects that settlement conquest and nineteenth century photography had on the Apaches and Navajos In her insightful introduction accompanying the photographs curator and scholar Devorah Romanek places the photographs in historical context and explains their unusual provenance As she points out the 1866 album integrates a number of important themes in connection to the Civil War and Reconstruction periods including the French intervention in New Mexico and the internment of Navajos at the Bosque Redondo Indian Reservation The story of the album s provenance reads like a mystery some loose ends remain untied and some questions remain unanswered In addition to containing what may be the earliest extant photographs of Navajo Indians the album features both studio and field images of U S Army officers Mexican politicians and various sites throughout New Mexico According to Romanek a number of the album s photographs have appeared in other publications but with scant attention to their original context or purpose This compelling book reveals what we know about the collection its compiler and the photographer or photographers who captured such a fraught and complex moment in the history of the American Southwest
