THE TRUTH SEEKERS R. Glenn Brown, 2014-03 The first half of the book features Viktor Gorgachuk Born in the USSR his Orthodox parents keep his birth a secret by bribing the midwife When Viktor is four he is left at a remote monastery for eight years Here he is educated and then released to his parents at twelve years of age About this time the midwife reveals the secret birth to the KGB who begin a search for Viktor The parents secretly leave Viktor with a family of Pentecostals and flee to Vladivostok where they are discovered by the KGB Refusing to divulge Viktor's location they are killed Five years later Viktor flees the USSR and immigrates to the United States Viktor's escape from the KGB after the murder of his parents and his adventures leading up to his immigration to America is a riveting story The second half follows Viktor in America Here he becomes a leading pastor within Evangelicalism which is seriously divided theologically At one end of the divide are Pentecostals who believe supernatural spiritual gifts are active today and speaking in tongues is required evidence of Spirit baptism At the other end are Cessationists who believe supernatural gifts of the Spirit ceased after the New Testament was completed Pentecostal Pastor Viktor Gorgachuk becomes close friends with Cessationist Pastor Bill Ballard They deplore the division within Evangelicalism Both are committed to scripture as the ultimate authority for faith and practice They agree to study each other's doctrine to determine what scripture says Each agrees to follow scripture if the result of his search demands it The interaction between two sincere preachers searching for truth is compelling It's a story that thousands of evangelicals and others searching for spiritual reality can relate to Join the Truth Seekers if you dare

The Kingdom of God Has No Borders Melani McAlister, 2018 In *The Kingdom of God Has No Borders* Melani McAlister offers a sweeping narrative of the last fifty years of evangelical history outside of the United States weaving a fascinating tale that upends much of what we know or think we know about American evangelicals

To Bring the Good News to All Nations Lauren Frances Turek, 2020-05-15 When American evangelicals flocked to Latin America Africa Asia and Eastern Europe in the late twentieth century to fulfill their Biblical mandate for global evangelism their experiences abroad led them to engage more deeply in foreign policy activism at home Lauren Frances Turek tracks these trends and illuminates the complex and significant ways in which religion shaped America's role in the late Cold War world In *To Bring the Good News to All Nations* she examines the growth and influence of Christian foreign policy lobbying groups in the United States beginning in the 1970s assesses the effectiveness of Christian efforts to attain foreign aid for favored regimes and considers how those same groups promoted the imposition of economic and diplomatic sanctions on those nations that stifled evangelism Using archival materials from both religious and government sources *To Bring the Good News to All Nations* links the development of evangelical foreign policy lobbying to the overseas missionary agenda Turek's case studies Guatemala South Africa and the Soviet Union reveal the extent of

Christian influence on American foreign policy from the late 1970s through the 1990s Evangelical policy work also reshaped the lives of Christians overseas and contributed to a reorientation of U S human rights policy Efforts to promote global evangelism and support foreign brethren led activists to push Congress to grant aid to favored yet repressive regimes in countries such as Guatemala while imposing economic and diplomatic sanctions on nations that persecuted Christians such as the Soviet Union This advocacy shifted the definitions and priorities of U S human rights policies with lasting repercussions that can be traced into the twenty first century

Lazin, 2019-08-07 This study provides the first in depth examination of the role and influence of American Christians in the advocacy efforts for Soviet Jewry during the 1970s and 1980s It explores how American Catholics and Protestants engaged with American Jews to campaign for the emigration of Soviet Jews and to end the cultural and religious discrimination against them The book presents a case study of the National Interreligious Task Force on Soviet Jewry from its inception to its closure in order to better understand the complexities of the politics of interreligious affairs during this period At the heart of the story is Sister Ann Gillen of the Society of the Holy Child Jesus who directed the Chicago based task force under the auspices of the American Jewish Committee The author provides a comprehensive look at task force activities programs and relationships notes its ties to the civil rights movement and offers in depth analysis of its participation and role in the global arena American political religious and ethnic leaders play prominent roles in this story along with the national media and countless religious and community groups across the United States The relationship between American Jews and Israel is a factor of fundamental significance as well and plays a critical role in the development of the Task Force This close up analysis of the task force is based on extensive archival research and interviews with key players in its history

Sword of the Spirit, Shield of Faith Andrew Preston, 2012-02-28 A first major work of history on a crucial but under examined topic Sword of the Spirit Shield of Faith explores the role of religion in American foreign policy From the first colonists to the presidents of the 21st Century Andrew Preston s unparalleled study show us how religion has always shaped America s relationships with other nations and what to expect in the future During the presidency of George W Bush many Americans and others around the world viewed the entrance of religion into foreign policy discourse especially with regard to the wars in Iraq and Afghanistan as a new development But despite the official division between church and state the presence of religion in American foreign policy has been a constant since before the Founding Fathers Yet aside from leaders known to be personally religious such as Bush Jimmy Carter and Woodrow Wilson few realize how central faith has always been to American governance and diplomacy and indeed to the idea of America itself In Sword of the Spirit Shield of Faith Andrew Preston starts at the beginning and with revelatory findings shows us how and why

Protestantism and Politics in Eastern Europe and Russia Sabrina P. Ramet,1992 Coming at a time of enormous transformations in the one time Communist bloc this volume provides a much needed perspective on the significance of church state relations in the renaissance of civil society in the region The essays collected here accentuate the peculiarly political character of Protestantism within Communist systems With few identifiable leaders a multiplicity of denominations and a tendency away from hierarchical structures the Protestant churches presents a remarkably diverse pattern of church state relations Consequently the longtime coexistence of Protestantism and Communism in Eastern Europe and the former Soviet Union affords numerous examples of political accommodation and theological adaption that both reflect and foreshadow the dramatic changes of the 1990s Based on

extensive field research including interviews with notable figures in the Protestant churches in the region the essays in this volume address broad topics such as the church's involvement in environmentalism pacifism and other dissident movements as well as issues particular to Russia Poland Czechoslovakia East Germany 1949 1989 Hungary Yugoslavia 1945 1991 Bulgaria and Romania The final volume in the three volume work Christianity Under Stress Protestantism and Politics in Eastern Europe and Russia will prove invaluable to anyone hoping to understand not only the workings of religion under Communism but the historical and contemporary interactions of church and state in general Contributors Paul Bock Lawrence Klippenstein Paul Mojzes Earl A Pope Joseph Pungur Sabrina Petra Ramet Walter Sawatsky N Gerald Shenk Gerd Stricker Sape A Zylstra *Religious Persecution as a Violation of Human Rights* United States. Pipkin, 2013-08-30 Many Pentecostal groups have forgotten their legacy of war resistance and doctrinal history opposing killing To rectify this loss we have catalogued Holiness and Pentecostal denominational statements on war and peace Numerous Holiness groups and virtually all early Pentecostal groups had some form of pacifist statement against war This antiwar collection gives us an almost uniform picture of the early Pentecostal movement as largely pacifist in orientation The commonality of these statements across both Holiness and Pentecostal movements is evidence they are a continuous group and not two separate movements While their early doctrines opposed killing many named in this book are now widely considered to be stalwarts of the Religious Right or at least staunch supporters of Christian participation in war Our hope is that this book will frame the official position of early Pentecostals on war and peace and encourage Pentecostals today to
