Longae Saloniae II:

Assaph ,2005 **Croatia at the Crossroads: A consideration of archaeological and historical connectivity** David Davison,Vincent Gaffney,Preston Miracle,2017-01-26 Papers focus on Croatia s particular interconnectedness in terms of social and cultural relationships with the wider region as the starting point for exploring issues across a broad chronological range from human origins to modernity *Arms and Armour of the Imperial Roman Soldier* Raffaele D'Amato,Graham Sumner,2009-09-17 A survey of the various forms of armour worn by the Roman soldier from 112 BC to 192 AD featuring a wealth of illustrations and plates From the Latin warriors on the Palatine Hill in the age of Romulus to the last defenders of Constantinople in 1453 AD the weaponry of the Roman Army was constantly evolving Through glory and defeat the Roman warrior adapted to the changing face of warfare Due to the immense size of the Roman Empire which reached from the British Isles to the Arabian Gulf the equipment of the Roman soldier varied greatly from region to region Through the use of materials such as leather linen and felt the army was able to adjust its equipment to these varied climates *Arms and Armour of the Imperial Roman Soldier* sheds new light on the many different types of armour used by the Roman soldier and combines written and artistic sources with the analysis of old and new archaeological finds With a huge wealth of plates and illustrations which include ancient paintings mosaics sculptures and coin depictions this book gives the reader an unparalleled visual record of this fascinating period of military history This book the first of three volumes examines the period from Marius to Commodus Volume II will cover the period from Commodus to Justinian and Volume III will look at the period from Romulus to Marius An impressive achievement a testament to an enormous scholarly effort and it is a significant contribution to the understanding of the Roman army Bryn Mawr Classical Review Without doubt this is the definitive study of clothing armour and weaponry worn by Roman soldiers during the golden age of their conquests D Amato has brought together a remarkable collection of archaeological photographs gathered over decades to illustrate every aspect of this military evolution A treasure trove of facts and illustrations that is essential reading for any Roman military enthusiast Tim Newark Military Illustrated Magazine **Roman Pottery and Glass Manufactures: Production and Trade in the Adriatic Region and Beyond** Goranka Lipovac Vrkljan,Ana Konestra,Anamarija Eterović Borzić,2022-09-22 32 papers consider issues of pottery production in the wider Adriatic area during Roman times in particular relation to landscape and communication features ceramic building materials as well as general studies on ceramic production pottery and glass finds *A Companion to the Archaeology of the Roman Empire, 2 Volume Set* Barbara Burrell,2024-03-13 A one of a kind exploration of archaeological evidence from the Roman Empire between 44 BCE and 337 CE In *A Companion to the Archaeology of the Roman Empire* distinguished scholar and archaeologist Professor Barbara Burrell delivers an illuminating and wide ranging discussion of peoples institutions and their material remains across the Roman Empire Divided into two parts the book begins by focusing on the unifying factors institutions and processes that affected the entire empire This ends with a chapter

by Professor Greg Woolf Ronald J Mellor Professor of Ancient History at UCLA which summarizes and enlarges upon the themes and contributions of the volume Meanwhile the second part brings out local patterns and peculiarities within the archaeological remains of the City of Rome as well as almost every province of its empire Each chapter is written by a noted scholar whose career has focused on the subject Chronological coverage for each chapter is formally 44 BCE to 337 CE but since material remains are not always so closely datable most chapters center on the first three centuries of the Common Era plus or minus 50 years In addition the book is amply illustrated and includes new and little known finds from oft ignored provinces Readers will also find A thorough introduction to the peoples and operations of the Roman Empire including not just how the center affected the periphery Romanization but how peripheral provinces operated on their own and among their neighbors Comprehensive explorations of local patterns within individual provinces Contributions from a diverse panel of leading scholars in the field A unique form of organization that brings out systems across the empire such as transport across sea rivers and roads monetary systems pottery and foodways the military construction and technology Perfect for graduate and advanced undergraduate students of archaeology and the history of the Roman Empire A Companion to the Archaeology of the Roman Empire will also earn a place in the libraries of professional archaeologists in other fields including Mayanists medievalists and Far Eastern scholars seeking comparanda and bibliography on other imperial structures

The Body of the Combatant in the Ancient Mediterranean Hannah-Marie Chidwick, 2024-07-25 This volume explores a broad range of perceptions receptions and constructions of the soldierly body in the ancient world putting the notion of embodiment at the forefront of its engagement with ancient warfare The 10 chapters presented here respond directly to the question of how war was embodied in antiquity by drawing on detailed case studies to examine the sensory and bodily experience of combat across wide ranging time periods and geographies from classical Greece and Rome to Roman Britain and Persia Together they illustrate how the body in war is a vital universal element that unites these vastly different contexts Although the centrality of the human body in war making was recognized in antiquity a body centric approach to combat has yet to be widely adopted in modern Classical Studies This collection brings together new research in ancient history classical literature material culture bioarchaeology and art history within a theoretical framework drawn from recent developments in War Studies that places the body front and centre The new perspectives it offers on brutality in battle the physical expression of warrior identity and post combat remembrance and recovery challenge readers to re assess and expand their existing ideas as part of a broader ongoing call to arms to revolutionize the study of ancient warfare in the 21st century

Croatian Cultural Renaissance G. Doug Davis,2024-05-15 Croatia is a magnificent land full of surprises Visitors are amazed to discover a country with spectacular natural wonders a great culinary tradition excellent wine architecture a beautiful language and a vibrant national culture While it is a small country when measured in square miles market size or military power it has a rich culture that has profoundly impacted the world The contributors to Croatian Cultural Renaissance From the Margins to the Crossroad of Europe were the protagonists who survived the communist period and then lived through the fraught period of the Croatian War of Independence in the 1990s they worked to understand build and preserve their cultural identity and freedom as Croatian people They are diplomats government officials artists and academics who are recognized within Croatia for their intellectual prowess and for their vital and noteworthy contributions to their country While the chapters explore different areas of Croatia s national culture they are united in showing how the national identity and ethos have deep roots and provide insight in what it means to be Croatian today

On the Edge of a Roman Port Elena Korka,Joseph L. Rife,2023-01-09 Between 2007 and 2014 a Greek American team investigated an impressive array of Early Roman to Early Byzantine buildings and burials on the Koutsongila Ridge at Kenchreai the eastern port of ancient Corinth This volume presents the project s final results revealing abundant evidence not only for the history of activity in a transitional urban suburban landscape but also for the society economy and religion of local residents Important structural and mortuary discoveries abound including a district of lavish houses with exquisite mosaic pavement and an Early Christian Octagon The large artifactual assemblage encompasses a variety of objects from

pottery and lamps to glass coins and jewelry Bones and teeth from over 200 individuals illustrate differences in health over time while thousands of bones and shells from a variety of animals attest to diet and subsistence This study paints a picture of a Corinthian community small but prosperous and well connected actively participating in an urban elite culture expressed through decorative art and monumental architecture Dalmatia J.
