Anthology of Contemporary American Poetry, 1989 **The Anthology of American Poetry** Hilary Russell, 1992-10

The Longman Anthology of Poetry Lynne McMahon, Averill Curdy, 2006 This major new poetry anthology blends the best selections from the poetic tradition with a wide range of contemporary works thematic casebooks and engaging essays that contextualize poetry century by century Featuring a breathtaking scope of poetry from the English speaking world this diverse collection brings unparalleled historical and cultural background to the study of poetry including discussions of the poetic conventions of the time and the poetic fingerprints of particular poets Introductions by respected scholars provide historical context and thematic casebooks provide insight into key literary movements to demonstrate to students how to write effectively about poetry The Age of Auden Aidan Wasley, 2010-12-28 How W H Auden s emigration to the United States changed the course of postwar American poetry W H Auden s emigration from England to the United States in 1939 marked more than a turning point in his own life and work it changed the course of American poetry itself The Age of Auden takes for the first time the full measure of Auden s influence on American poetry Combining a broad survey of Auden s midcentury U S cultural presence with an account of his dramatic impact on a wide range of younger American poets from Allen Ginsberg to Sylvia Plath the book offers a new history of postwar American poetry For Auden facing private crisis and global catastrophe moving to the United States became in the famous words of his first American poem a new way of happening But his redefinition of his work had a significance that was felt far beyond the pages of his own books Aidan Wasley shows how Auden s signal role in the work and lives of an entire younger generation of American poets challenges conventional literary histories that place Auden outside the American poetic tradition In making his case Wasley pays special attention to three of Auden s most distinguished American inheritors presenting major new readings of James Merrill John Ashbery and Adrienne Rich The result is a persuasive and compelling demonstration of a novel claim In order to understand modern American poetry we need to understand Auden s central place within it **The Columbia Granger's Guide to Poetry Anthologies** William A. Katz, Linda Sternberg Katz, Esther Crain, 1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology **A Study Guide for Sharon Olds's "I Go Back to May 1937"** Gale, Cengage Learning, 2016 A Study Guide for Sharon Olds s I Go Back to May 1937 excerpted from Gale s acclaimed Poetry for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for Students for all of your research needs **Poetry And Contemporary Culture** A.M. Roberts, 2019-08-07 The cultural value of poetry is critically examined in this book from anthologies and academia to film and the internet Attention is also given to the role of political

ideologies and local national and ethnic identities in the formation of poetic values With chapters by distinguished critics from both sides of the Atlantic the book ranges widely over contemporary poetry in America and the British Isles and explores transatlantic connections Informed by current theoretical debates around ideas of value the chapters focus these through clear discussion of texts in various media including the work of a wide variety of poets and movements The book carries forward the debate on the value of contemporary poetry amongst critics scholars and practitioners while offering rich material for students and teachers of contemporary poetry and culture Contributors Jonathan Allison Vicki Bertram Paul Breslin Cairns Craig Robert Crawford Lillas Fraser Alan Golding Romana Huk Marjorie Perloff Andrew Michael Roberts Features Focuses on the relationship between poetry and cultural practices Informed by current theoretical debates about value Wide range of British and American poetry discussed by leading critics from both sides of the Atlantic *Poetic Culture* Christopher Beach,1999 In *Poetic Culture* Christopher Beach questions the cultural significance of poetry both as a canonical system and as a contemporary practice By analyzing issues such as poetry's loss of audience the anthology wars of the 1950s and early 1960s the academic and institutional orientation of current poetry the poetry slam scene and the efforts to use television as a medium for presenting poetry to a wider audience Beach presents a sociocultural framework that is fundamental to an understanding of the poetic medium While calling for new critical methods that allow us to examine poetry beyond the limits of the accepted contemporary canon and beyond the terms in which canonical poetry is generally discussed and evaluated Beach also makes a compelling case for poetry and its continued vitality both as an aesthetic form and as a site for the creation of community and value **The Columbia Granger's Dictionary of Poetry Quotations** Edith P.
