Look At Leninism:

A Look at Leninism Ron Taber, 1988 Lenin and Leninism: Lenin as the Organizer and Leader of the Russian Communist Party Joseph Stalin, 2024-05-09 In April 1920 Stalin wrote a commemorative article titled Lenin as the Organizer and Leader of the Russian Communist Party often grouped under Lenin and Leninism Delivered on Lenin's 50th birthday at a Moscow Party Committee meeting it was published soon afterward In it Stalin praised Lenin's personal role in building and guiding the Bolshevik Party attributing to him almost all strategic and organizational achievements of the Revolution The piece takes on a reverential tone common in Soviet cult of personality later and sought to remind readers of Lenin's indispensable contribution This article appeared in 1920 in Moscow likely in party newspapers or bulletins It has two sections the organizer and the leader though the subtitle used by the Collected Works suggests it was one article Stalin recounts Lenin's early underground work the foundation of Bolshevik newspapers victory in factional struggles and leadership during the Civil War The core content is laudatory biography for example Stalin writes of Lenin's strategy in the October Revolution his unifying tactics for Soviets and his influence on policy Alternative titles are usually not used in English except Lenin as Organizer some later editions simply list it under Lenin and Leninism The style is hagiographic rather than analytical reflecting its purpose as a eulogy Its historical importance is mainly in how it set a tone for Stalin's own image making Published during Lenin's lifetime it helped inaugurate the narrative that Stalin was Lenin's right hand man and successor thus bolstering Stalin's standing In Soviet history it has been widely cited as evidence of Stalin's loyalty and ideological continuity with Lenin After Stalin's death the article was included in Stalin's Works Vol 4 1917-1920 as noted by the official editors Today it is viewed as a propagandistic piece reflecting early Soviet efforts to mythologize Lenin nevertheless its depictions of events such as Lenin's role in party congresses have sometimes served historians as a source albeit a very partisan one This modern Critical Reader's Edition includes an illuminating afterword tracing Stalin's intellectual relationships with revolutionary philosophers and politicians including Hegel Feuerbach Engels and Ricardo containing unique research into his intellectual development and economic metaphysical theories religious impulses masquerading as materialism a comprehensive timeline of his life and works a glossary of Lenin Stalinist terminology and a detailed index of his work works Combined with the scholarly amplifying material this professional translation is an indispensable exploration of Stalin's world changing philosophy which he manifested into one of the most terrifying authoritarian regimes ever created **Lenin, Hegel, and Western Marxism** Kevin Anderson, 1995 This first full length treatment of Lenin's studies of Hegel presents Lenin as a major figure in Hegelian Marxism providing a more nuanced portrait of his work than that of either official Marxist Leninism or most Western accounts With impressive argumentation and wide ranging scholarship Anderson presents us with a Lenin that no one seriously interested in current debates over the relevance of Marxist theory to socialist practice can afford to miss Bertell Ollman author of *Dialectical Investigations* An

Lenin: A Political Life Robert Service, 2016-07-27 The final volume of Robert Service's major trilogy on Lenin's political life takes the account from the Brest Litovsk Treaty of 1918 to the Bolshevik leader's death in 1924 Attention is paid to the military political and economic conditions as they changed to the internal pressures of the party's politics to ideological imperatives and to one man's reaction to events and situations he had only imperfectly anticipated The volume incorporates not only the post 1985 documentary revelations but also the results of the author's searches in the Moscow archives since 1991

Lenin Robert Service, 2011-02-21 Lenin is a colossal figure whose influence on twentieth century history cannot be underestimated Robert Service has written a calmly authoritative biography on this seemingly unknowable figure Making use of recently opened archives he has been able to piece together the private as well as the public life giving the first complete picture of Lenin This biography simultaneously provides an account of one of the greatest turning points in modern history Through the prism of Lenin's career Service examines events such as the October Revolution and the ideas of Marxism Leninism the one party state economic modernisation dictatorship and the politics of inter war Europe In discovering the origins of the USSR he casts light on the nature of the state and society which Lenin left behind and which have not entirely disappeared after the collapse of the Soviet regime in 1991 Immensely scholarly but also vivid and readable This is a splendid book much the best that I have ever read about Lenin I was overwhelmed by the power and vividness of this portrait Dominic Lieven Sunday Telegraph He has managed skilfully to depict the surreal life of an obsessive brilliant and stubborn individual Guardian Lenin's life was politics but Service has succeeded in keeping Lenin the man in focus throughout This book deserves a place among the best studies of one of the most fascinating figures in modern history Harold Shukman The Times

Factory of Strategy Antonio Negri, 2014-02-04 *Factory of Strategy* is the last of Antonio Negri's major political works to be translated into English Rigorous and accessible it is both a systematic inquiry into the development of Lenin's thought and an encapsulation of a critical shift in Negri's theoretical trajectory Lenin is the only prominent politician of the modern era to seriously question the withering away and extinction of the state and like Marx he recognized the link between capitalism and modern sovereignty and the need to destroy capitalism and reconfigure the state Negri refrains from portraying Lenin as a ferocious dictator enforcing the proletariat's reappropriation of wealth nor does he depict him as a mere military tool of a vanguard opposed to the Ancien Régime Negri instead champions Leninism's ability to adapt to different working class configurations in Russia China Latin America and elsewhere He argues that Lenin developed a new political figuration in and beyond modernity and an effective organization capable of absorbing different historical conditions He ultimately urges readers to recognize the universal application of Leninism today and its potential to institutionally not anarchically dismantle centralized power
