International Migrants in Japan Yoshitaka Ishikawa,2015 Japan faces multiple challenges in an era of population decline Problems such as aging and a decreasing working age population are expected to increase in severity so tackling these challenges and examining the contributions that immigrants can make to society are vital for Japan s future What contributions do foreign residents make to Japan especially in the labor market How do national and local government policies effect the settlement and permanent residence of foreign nationals Are issues such as social mobility and quality of life of foreigners the fertility of foreign women and long term trends in naturalization important What support does Japan offer to immigrants As a new country of immigration the need to examine such questions is growing This book takes a geographical perspective in examining the necessity of immigration and how foreign residents are helping to alleviate the problem of population decline in contemporary Japan Over the last thirty years Japan has become a country of immigration again While the literature on migration to Japan is growing reliable data on the issue is still scarce Yoshitaka

Ishikawa's edited volume is a major contribution to filling this void. Overall, the papers compiled in the book are a good introduction to the complex and multifaceted realities of newcomer migrants and shed light on some understudied quantitative and qualitative aspects of migration to Japan. *Pacific Affairs* Vol 89 No 4 December 2016 Series Japanese Society Subject Sociology Japanese Studies Asian Studies Migration Studies Labor Studies *The SAGE Handbook of Social Anthropology* Richard Fardon, Oliva Harris, Trevor H J Marchand, Cris Shore, Veronica Strang, Richard Wilson, Mark Nuttall, 2012-07-25

In two volumes, the SAGE Handbook of Social Anthropology provides the definitive overview of contemporary research in the discipline. It explains the what, where, and how of current and anticipated work in Social Anthropology. With 80 authors contributing more than 60 chapters, this is the most comprehensive and up-to-date statement of research in Social Anthropology available and the essential point of departure for future projects. The Handbook is divided into four sections: Part I Interfaces examines Social Anthropology's disciplinary connections from Art and Literature to Politics and Economics from Linguistics to Biomedicine from History to Media Studies; Part II Places examines place, region, culture, and history from regional area studies to a globalized world; Part III Methods examines issues of method from archives to war zones from development projects to art objects and from ethics to comparison; Part IV Futures anticipates anthropologies to come in the Brain Sciences, in post-Development, in the Body and Health, and in new Technologies and Materialities. Edited by the leading figures in social anthropology, the Handbook includes a substantive introduction by Richard Fardon, a think piece by Jean and John Comaroff, and a concluding last word on futures by Marilyn Strathern. The authors, each at the leading edge of the discipline, contribute in-depth chapters on both the foundational ideas and the latest research. Comprehensive and detailed, this magisterial Handbook overviews the last 25 years of the social anthropological imagination. It will speak to scholars in Social Anthropology and its many related disciplines.
