Old Maps and Their Makers Considered from the Historical & Decorative Standpoints Louis Arthur Holman, 1925 *Look Out* Edward McPherson, 2025-10-21 A charming idiosyncratic meditation on the human urge to see further and more in this cultural history of the aerial view McPherson makes an elliptical and enchanting case for reinserting wherever possible the ground level human perspective Redolent with insights into the ethical quandary of history making as well as the author's own sense of awe at the full sweep of the human story this is a wonder Publishers Weekly starred review As if Borges and Didion took a tour with Sebald through the beauty and terror of our present and past Look Out is a profound and prismatic investigation of taking the long view Look Out is an exploration of long distance mapping aerial photography and top down and far ranging perspectives from pre Civil War America to our vexed modern times of drone warfare hyper surveillance at home and abroad and quarantine and protest Blending history reporting personal

experience and accounts of activists programmers spies astronauts artists inventors and dreamers Edward McPherson reveals that to see is to control and the stakes are high for everyone The aerial view a position known in Greek as the catascope or the looker down is a fundamentally privileged perspective inaccessible to those left on the ground To the earthbound in sights from such rarified heights convey power and authority McPherson casts light on our fetishization of distance as a path to truth and considers the awe and apocalypse of taking the long view

urban exploration The City Under the Skin is a wholly original novel about the indelible scars we both live with and inflict on others **The Nation** ,1891 *Chatterbox* ,1916 **Looking for de Soto** Joyce Rockwood Hudson,2012-02-01 In 1984 Joyce Rockwood Hudson accompanied her husband anthropologist Charles Hudson on a 4 000 mile trek across the Southeast His objective was to retrace and verify the route taken by Hernando de Soto four and a half centuries earlier The effort would bring into question and ultimately supplant much of what was earlier thought to be the course of the Spanish explorer s journey This is the journal Joyce Hudson kept during that trip A kind of scholar s version of Blue Highways the book is a warmly humane and almost daily account of the people the Hudsons met the places they saw and the things they did as they searched for De Soto s trail beneath railroad tracks and two lane blacktops along riverbanks and mountain ridges Thus it is largely a travel story about rural and small town life in eleven states from Florida to Texas Descriptions of the region s everchanging terrain vegetation and climate fill the book colored at times by Joyce Hudson s troubled musings about Americans increasing disconnectedness from the land and irreverence for the past Conveying the rewards and frustrations of lives spent in painstaking scholarly inquiry Looking for De Soto also offers a firsthand glimpse into the daily work of anthropologists and archaeologists the exchanges of ideas the ventures through swamps and down deeply rutted farm roads the endless porings over maps charts and notes As if writing a detective story the author suspensefully paces the narrative with the accrual of geographical artifactual and documentary evidence punctuating it with false leads and other setbacks as mile after mile of the trail is redrawn The story even has its villains pothunters and private collectors the builders of canals and dams that alter the courses of rivers and inundate ancient village sites and the owners of corporate farms who have leveled and eradicated ceremonial mounds with their massive agricultural machinery Finally a sense of the headlong cultural collision between Europeans and Native Americans pervades the book De Soto and his six hundred conquistadores were the first Europeans to explore the interior of the southeastern United States and the only ones to witness its aboriginal society at its zenith Hudson s evocation of this encounter so central to the history of the New World may well send readers on their own excursions into the past Looking for De Soto is a fascinating journey through today s South illuminated by a richly informed perspective on its earlier days **Touched by Shadows** Vaughn A. Jackson,2021-12-10 Jackson does not mince words and he does not pull punches What claws from these shadows is both an unflinching confrontation with a violent world and a much needed meditation on what it means to be fearless Hailey Piper author of The Worm and His Kings An experiment gone wrong overloads thirteen year old Oumou s psychokinetic abilities and strands her in the tiny town of Archwood North Carolina Free from the dismal research lab that has been her home as long as she can remember she is taken in by a kind family and finds in their daughter Amanda something she s never had a friend For the first time she feels happy However she quickly realizes that things are not as perfect as they seem The local reverend and his followers begin to single her out and violently conspire against her Memories she d long forgotten come back to haunt her A shadowy figure with no eyes stalks

the darkness and wants to claim her for its own dark designs As these forces work to break Oumou down her only points of solace are her new friend and a bitter reporter with a strange ability of his own They ll have to fight together to stave off the encroaching darkness both of and out of this world A creepy fun thrill ride perfect for the lovers of supernatural scares V P Morris author of *Shadowcast* An exhilarating ride Vaughn A Jackson knows how to keep readers on the edge of their seats Samantha Kolesnik author of *True Crime* Marked in Flesh Anne Bishop,2016 The dynamic between humans and Others has changed Some like wolf shifter Simon Wolfgard and blood prophet Meg Corbyn see the closer companionship as beneficial both personally and practically But not everyone is convinced A group of radical humans is seeking to usurp land through a series of violent attacks on the Others They don t realize that there are older more dangerous forces than shifters and vampires protecting the land and those forces are willing to do whatever is necessary to protect what is theirs *The Moscow Diaries* Richard Bryant,2008-03-01 Post Soviet Russia The Wild Wild East Richard Bryant offers a glimpse at real life behind what remains of the rusting Iron Curtain At a time when relations between the United States and Russia are once again tense Richard s work is a telling portrait of life in modern Moscow From train journeys across four timezones to airport security inspections you ll never look at Russia the same way again **The Twin** Gerband Bakker,2009-07-10 When his twin brother is killed in a car accident Helmer is obliged to give up university to take over his brother s role on the small family farm resigning himself to spending the rest of his days with his head under a cow The novel begins thirty years later with Helmer moving his invalid father upstairs out of the way so that he can redecorate the downstairs finally making it his own Then Riet the woman who had once been engaged to marry Helmer s twin appears and asks if her troubled eighteen year old son could come live on the farm for a while Ostensibly a novel about the countryside The Twin ultimately poses difficult questions about solitude and the possibility of taking life into one s own hands It chronicles a way of life that has resisted modernity a world culturally apart yet laden with familiar longing
