Augustine, Steven N. Zwicker, 2024-10-22 **The Oxford Handbook of Restoration Literature** begins by asking if there was a distinctive literature of the Restoration For a long time the answer seemed obvious heroic drama libertine comedy scandalous lyrics and the short but brilliant career of John Wilmot earl of Rochester Could there be an age when the coincidence of literary culture and political rule were any more obvious But as this Handbook will remind us some of the most wonderful literature of this Restoration came from writers who had lived across the decades of turbulence and into an age when the Stuart kings returned when the Church and House of Lords were restored a world made safe for bishops and for the memory of divine right rule Of course these returns and restorations did not meet with uniform celebration John Milton wrote his great epic poems not in quiet submission but in a kind of resistance to the dominant culture of the 1660s and Andrew Marvell produced his most brilliant satiric verse by holding up a looking glass to court corruption and Anglican intolerance So we begin with the most obvious conclusion Restoration literature does and does not fit to the categories that so long defined the late Stuart age This book explores and contests challenges and reimagines the experience

embodied by the writing of the late Stuart world and invites readers new to this world and those who have often read its literatures to the pleasures but as well to the challenges and discomforts of its texts *Celebrating Evesham* Stan Brotherton, 2024-08-15 A celebration of Evesham's rich heritage and identity its special events achievements people industry and landmarks

Midnight in Washington Adam Schiff, 2022-08-16 1 NEW YORK TIMES BESTSELLER The vital inside account of American democracy in its darkest hour from the rise of autocracy unleashed by Trump to the January 6 insurrection and a warning that those forces remain as potent as ever from the congressman who led the first impeachment of Donald J Trump Engaging and informative a manual for how to probe and question power how to hold leaders accountable in a time of diminishing responsibility The Washington Post With a new afterword by the author In the years leading up to the election of Donald Trump Congressman Adam Schiff had already been sounding the alarm over the resurgence of autocracy around the world and the threat this posed to the United States But as he led the probe into Donald Trump's Russia and Ukraine related abuses of presidential power Schiff came to the terrible conclusion that the principal threat to American democracy now came from within In *Midnight in Washington* Schiff argues that the Trump presidency has so weakened our institutions and compromised the Republican Party that the peril will last for years requiring unprecedented vigilance against the growing and dangerous appeal of authoritarianism The congressman chronicles step by step just how our democracy was put at such risk and traces his own path to meeting the crisis from serious prosecutor to congressman with an expertise in national security and a reputation for bipartisanship to liberal lightning rod scourge of the right and archenemy of a president Schiff takes us inside his team of impeachment managers and their desperate defense of the Constitution amid the rise of a distinctly American brand of autocracy Deepening our understanding of prominent public moments Schiff reveals the private struggles the internal conflicts and the triumphs of courage that came with defending the republic against a lawless president but also the slow surrender of people that he had worked with and admired to the dangerous immorality of a president engaged in an historic betrayal of his office Schiff's fight for democracy is one of the great dramas of our time told by the man who became the president's principal antagonist It is a story that began with Trump but does not end with him taking us through the disastrous culmination of the presidency and Schiff's account of January 6 2021 and how the antidemocratic forces Trump unleashed continue to define his party making the future of democracy in America more uncertain than ever

Buddhist approach to responsible consumption and sustainable development Thich Duc Thien, Thich Nhat Tu, 2019-04-16 EDITORS INTRODUCTION BACKGROUND This is a great academic solace to see the Volume on Buddhist Approach to Responsible Consumption and Sustainable Development which covers Sub Theme Five of UNDV 2019 Academic Conference REVIEW OF CONTENTS The World of Today is suffering from the crisis of consumerism The first paper on a Buddhist Perspective on Overconsumption and Its Negative Effects towards Society and Environment deals with it specifically in the reference of consumption beyond requirements which is generally termed as overconsumption

Such human tendency leads to negative impact on the entire force of nature and the environment How the Buddhist principles guide us to live a better life where there is least effect on the environment and society is well explained in this paper The second paper in this volume entitled Attaining a Sustainable Society through the Teachings of the Khandhaka of the Theravada Vinaya Pitaka is a vivid example of the benefits which one can derive from our ancient Pali literature While studying the Theravada Vinaya Pitaka the author explores the specific words of the Buddha in the Khandhaka which hint at the possibility of sustainability and development going together without harming other societal components Though the Vinaya being a Pitaka for monastics it still is highly useful for the laity as well The paper Buddhist Ethics in the Establishments of Green Tourism is a unique academic contribution Here the writer states that the Buddha's life and principles make us learn a lot as how green methods must be applied in our day to day life The damage being caused by the genre called DEVELOPMENT needs to be controlled and for this the words of Master exhibit his proximity to protect nature humanity and the world order Running on Empty Fil Anderson, 2009-06-10 Learn to live with God instead of for God In this candid and achingly authentic book Fil Anderson shares the healing insights that restored his spiritual compass and guided him back to God the God who specializes in filling empty souls Fil Anderson had accomplished more for God than most of his contemporaries but his worn out body housed an empty soul His frenetic pace of ministry had earned him just one thing greater pressure to do even more He had fallen for the soul killing lie that doing more for God would give his life meaning Then the godly admonition of a spiritual director set this burned out believer on a life saving spiritual path Sometimes the only way to get a new life is by running your old one completely into the ground This powerful story of a reawakened soul can be the story of every person who has pursued spiritual productivity over intimacy with God and come up empty It's the story of reclaiming your soul and finding a home in the center of God's relentless love It's the journey from self importance to God importance To the harried and the unharried I pray that this book will minister to your heart in the profound way that it has blessed mine Brennan Manning **Soldiers**, 1975 **Good-Bye, Lover** Rachel Britz, 2015-10-02 All she ever desired was to play her fiddle But her love of music may cost her everything In 1880 seventeen year old Honora Nora Gallagher captivates Ireland's attention when news of her father's untimely and tragic death spreads across the countryside According to her father's will Nora must now find and marry a suitor within a year if she is to inherit her family's estate Kings Castle or be forced to hand it over to a distant and unfamiliar cousin Distraught Nora must now choose between following her dream of studying music in Dublin or saving her beloved home through a rushed marriage The combination of her father's mysterious death missing family money and an abrupt end to the castle's Fair Day program leads Nora to question the motives of people she once trusted Nora quickly realizes there is only one solution to such a tangled mess sacrifice Nora is forced to choose will she remain loyal to her father and the servants who are counting on her or will she follow her heart and chase her dream Exoneree Uriah Courtney, Glenda Faye Mathes, 2017-12-06 What if America's

judicial system designed to protect the innocent convicts the wrong man and sends him to prison Uriah Courtney was incarcerated over eight years for a crime he did not commit But God set him free spiritually and physically to a new life inside his heart and outside razor wire Exoneree relates how badly the judicial system can go wrong but how intensely a dedicated few seek justice It depicts God s protection amid the horrors of incarceration Although it shows dark depravity it shines with divine transformation A sensitive man who loved the outdoors and his family Uriah viewed life imprisonment as a death sentence Yet God worked through this trauma to bring him new life Uriah s transparent narrative transcends most jailhouse conversion accounts as he confesses how becoming a Christian helped him cope in some ways but didn t solve every problem Even after his release and exoneration through God s providence and the efforts of the California Innocence Project Uriah faced unexpected challenges In his warm and personable voice Uriah describes how focusing on Christ helps him to continue overcoming the bitterness and anger often associated with trauma And that s a story everyone needs to read
