Nariz De Serpiente:

Nariz de serpiente Carmelo Salmerón, Rafael Salmerón López, 2012 **Nariz de serpiente** , **Nariz de Serpiente** Salmerón Carmelo, 1999 Monkey Island as its name would suggest is inhabited by monkeys and nothing but monkeys They all lead a very peaceful life until the arrival one day of a little elephant who is sailing around the world on a tree trunk In need of a rest the elephant lies down on the beach and all the monkeys believe that he is a whale who is drying himself in the sun Having never seen such a creature as this however they soon become alarmed and Clever Little Monkey decides that it is really a dangerous animal This prompts the monkeys to give the elephant a very bad reception They throw stones at him believing his trunk to be an enormous snake Nosy Little Monkey sees that the elephant is very scared and tries to help him when he is hungry But on doing so he falls into the water and the other monkeys fear for his life when they see a shark approaching Much to their surprise however the elephant stretches out his trunk to save the little monkey from the jaws of the shark Thus the elephant becomes a hero and the monkeys who had never seen such an animal before realise the mistake they had made and ask him who he is Of course they should have done this at the beginning and not judged the elephant on his physical appearance alone The moral of the story is that all that really matters about people is their true personality which is to be found in their inner self **El Fin Del Mundo Maya Y la Ex-República de YucatÁN** Rafael Yates Sosa, 2012-03 Actualmente hay varias de estas calaveras exhibi ndose en las vitrinas de distintos museos del mundo y ya han sido descubiertas por lo menos ocho de las trece Est n en distintas manos y cada una de ellas ha sido bautizada con un nombre propio seg n la especialista en la materia Ellie Crystal El misterio de las calaveras es enriquecido tambi n por una leyenda que se remontar a a los mayas **Nariz de serpiente. Carpeta Plan Lector Leer es Vivir** , 2009 CARPETA QUE INCLUYE ESTE LIBRO Y FICHAS DE ANIMACI N LECTORA *Los cuentos de así fue* Rudyard Kipling, 2002-04-08 En Los cuentos de as fue la poderosa imaginaci n de Kipling atrapa al lector y lo sit a ante un mundo m gico fascinante a la vez que equilibrado Pensando en sus j venes lectores Kipling propone formas actitudes y conductas adecuadas para desenvolverse en la vida Y para que los j venes puedan integrarse en ese engranaje deben aprender d ela astucia del marinero o de la que muestran el erizo y la tortuga frente al jaguar pintado deben tambi n apreder de la curiosidad del hijo del elefante y como l dejarse aconsejar por alguien m s experimentado Y dever n huir de la pereza as como de la mala educaci n y tambi n del orgullo desmedido Los cuentos de as fue son algo m s que un juego o un entretenimiento gamiliar Poseen un estilo que los hace universales y que los singulariza dentro de la literatura de su autor Se trata de unos textos muy apropiados para leer voz alta A la lectura sea en voz alta o no debe aadirse el comentario que acompa a a cada dibujo En estas ilustraciones obra del escritor Kipling introduce elementos y detalles que interesan vivamente a la imaginaci n infantil sus comentarios son las respuestas a las inquietudes que los ni os sus propios hijos y los que escuchaban estos cuentos le planteaban **Zoografías** Mariano García, 2021-10-11 La convivencia de las personas con los animales se reduce hoy a las mascotas Hasta no hace

mucho era corriente comprar pollos y gallinas vivos o criarlos la leche se obtenía recién ordeada de la vaca y el murmullo de la ciudad iba ritmado por el sonido de los cascos de los caballos La idea misma del zoológico convencional y del circo con tigres leones y elefantes tan cotidiana para los niños de otras pocas son hoy algo exótico y mal visto El animal ya no convive con nosotros porque después de haber usado y abusado de él de todas las maneras imaginables ahora intentamos restaurarlo a un paraíso terrenal del que idealmente el ser humano debería estar ausente Pero lo que está progresivamente ausente es el animal especies desaparecidas o en vías de extinción Desde los inicios prehistóricos el animal habitaba la imaginación del hombre y le ayudaba a reflexionar sobre sí mismo sobre su lugar en el mundo y en el universo en ese cielo estrellado donde habitan osas perros y cangrejos Lo animal habita en la lengua y en el refranero popular Por eso la literatura exhibe una estrecha relación con los animales imaginando un universo en el que hablan e incluso actúan como humanos Las metamorfosis y mutaciones animal humano sirvieron para acentuar la pertenencia humana a una gran familia de seres vivos Desde Homero pasando por Ovidio y Apuleyo hasta llegar a Lautréamont o Marosa di Giorgio las mutaciones indagan de manera perturbadora sobre la identidad sobre lo abierto según la fórmula de Agamben o lo cerrado en nosotros y quizá nadie lo expuso en poca moderna de forma tan radical como Franz Kafka con su inolvidable Gregorio Samsa Así como se ha hablado mucho de la mirada animal de ciertas miradas como las que refiere Pierre Loti en la historia de sus gatas también la mirada del hombre sobre lo animal resulta significativa Para la iglesia lo animal sirvió como oposición privativa de lo espiritual el paradigma judaico de semejanza con Dios prohíbe que nos comparemos con los animales La tradición metafísica por su parte trató al animal como una figura de la lengua Zoógrafas nos muestra que en toda poca hubo gente sensible a los asuntos animales un tipo de sensibilidad más rara antes y no tan extravagante hoy La paradoja de Plutarco por ello sigue resultando atractiva el animal nos entrena en la desanimalización en ser menos bestias al hacernos ejercitar la piedad El buen trato al animal tiene una función pedagógica desarrollar los gremios de la dulzura y la moderación nos dice Filón de Alejandría En su estado normal el hombre es la pesadilla del animal como dijo Schopenhauer o su enfermedad mortal en palabras de Kojève Quiénes no comparten esta visión de las cosas argumentan que vegetarianismo y racismo históricamente siempre fueron de la mano que la preocupación y el sufrimiento por lo animal es típico de los depresivos o los melancólicos que respetar al animal va en desmedro del ser humano Se puede salir del pensamiento cartesiano del esto o aquello de las oposiciones privativas de cierta lógica occidental y la literatura es una respuesta en este sentido

Cuentos exactamente así Rudyard Kipling, 2022-07-16 Estas fábulas fueron escritas por Rudyard Kipling para ser contadas a su pequeña hija Josephine en su lecho de enferma La niña murió a los siete años En la introducción original del libro su autor ordena narrarlas siempre exactamente así para que ella no despierte Al traducir esta obra estamos desobedeciendo su mandato Quizás el íntimo y oculto deseo de Kipling haya sido que desconsideremos su consigna y que logremos despertar a su hija Despertar niños en definitiva es una de las funciones de la literatura Esta edición contiene los grabados del autor
