**Palestinian Dilemma** Khalil Nakhleh,1979      **Mental Health and Palestinian Citizens in Israel** Itzhak

Levav,Muhammad M. Haj-Yahia,Ora Nakash,2019-10-01 Minorities face particular social strains and these are often manifested in their overall mental health In Israel just under a quarter of the citizens are Arab Palestinians yet very little has been published exploring the spectrum of mental health issues prevalent in this population The work collected here draws on the first hand experience of experts working with Israeli Palestinians to highlight the problems faced by service users their families and their communities Palestinians in Israel face unique social gender and family related conditions that also need reliable research and assessment Mental Health and Palestinian Citizens in Israel offers research and observation on three central topics socio cultural determinants of mental health mental health needs and mental health service utilization From suicidal behaviors and addiction to generational trauma and the particular concerns of children and the elderly this broad and careful collection of research opens new dialogues on treatment prevention and methods for providing the best possible care to those in need      *Higher Education and the Palestinian Arab Minority in Israel* Khalid Arar,Kussai

Haj-Yehia,2016-04-08 Higher Education and the Palestinian Minority in Israel examines perceptions concerning the characteristics of higher education acquisition in the indigenous Palestinian Arab minority in Israel Arar and Haj Yehia show that Palestinian Arabs in Israel clearly understand the benefit of an academic degree as a lever for social status and integration within the state of Israel The authors discuss difficulties met by Palestinian high school graduates when they attempt to enter Israel s higher education institutes and the alternative phenomenon of studying abroad The cultural difference between Palestinian traditional communities and Western Israeli campuses exposes Arab students to a mix of ethnicities and nationalities which proves to be a difficult transformative experience The book analyzes patterns of higher education acquisition among the indigenous Palestinian minority describing the disciplines they choose the challenges they encounter particularly for Palestinian women students and explore the implications for the Palestinian minority and Israeli society      *Arabs And Jews In Israel* Sammy Smooha,2019-04-02 On December 9 1987 the Palestinians on the West Bank and Gaza Strip launched the most serious challenge in this century to non Arab rule in the area West of the Jordan river A genuine grassroots movement against protracted occupation and for self determination the Intifadeh has already inflicted many losses and scored many gains By the first anniversary of the uprising the toll for the revolting Palestinians was at least 280 dead 4 000 wounded 5 500 detainees and some deportations and house demolitions The substantial suffering and privations also entailed numerous beatings curfews arrests searches cuts in basic services closings of schools and losses of income The Israelis have had 10 killed 1 150 wounded a minimum of a 1 5% drop in the Gross National Product the stress of a people s army fighting civilians of an occupied nation increased international isolation and censure and the straining of relations with the Diaspora      *Debating Islam in the Jewish State* Alisa Rubin Peled,2012-02-01 Using declassified

documents from Israeli archives Alisa Rubin Peled explores the development implementation and reform of the state's Islamic policy from 1948 to 2000 She addresses how Muslim communal institutions developed and whether Israel formulated a distinct Islamic policy toward sharia courts waqf charitable endowments holy places and religious education Her analysis reveals the contradictions and nuances of a policy driven by a wide range of motives and implemented by a diverse group of government authorities illustrating how Israeli policies produced a co-opted religious establishment lacking popular support and paved the way for a daring challenge by a grassroots Islamist Movement since the 1980s As part of a wider debate on early Israeli history she challenges the idea that Israeli policy was part of a greater monolithic policy toward the Arab minority

**Education, Empowerment, and Control** Majid Al-Haj, 2012-02-01 Education Empowerment and Control is about the education of the Palestinian Arab minority in Israel from the establishment of the state of Israel to the present Using a comparative approach the study throughout juxtaposes Arab and Hebrew educational systems in terms of administration resources curricula contents and returns Developments in education are analyzed in conjunction with wide demographic economic and sociopolitical changes Al Haj explores the expectations of the Palestinian community on the one hand and dominant groups on the other showing that whereas Palestinians have seen education as a source of empowerment government groups have seen it as a mechanism of social control The book also sheds light on the wider issue of education and social change among developing minorities in the postcolonial era Al Haj examines modernization underdevelopment and control in order to delineate the role education plays among a national minority that is marginalized at the group level and denied access to the national opportunity structure

Tessler,2019-07-19 This book describes and compares the circumstances and lived experiences of religious minorities in Tunisia Morocco and Israel in the 1970s countries where the identity and mission of the state are strongly and explicitly tied to the religion of the majority The politics and identity of Jews in Tunisia and Morocco and Arabs in Israel are therefore shaped to a substantial degree by their status as religious minorities in non secular states This collection based on in depth fieldwork carried out during an important moment in the history of each community and of the region considers the nature and implications of each group s response to its circumstances It focuses on both the community and individual levels of analysis and draws in part on original public opinion surveys It also compares the three communities in order to offer generalizable insights about ways the identity political culture and institutional character of a minority group are shaped by the broader political environment in which it resides The project will appeal to scholars and students in the fields of Middle Eastern and North African studies Judaic studies Islamic Studies minority group politics and international relations and the Arab Israeli conflict     In Search of Leadership Emile Sahliyah,2010-12-01 For much of the past decade all diplomatic initiatives designed to advance the Arab Israeli peace process have had in common a concern for the future of the West Bank This region along with the Gaza Strip has often been discussed but rarely studied Palestinians living under occupation were often seen as passive and leaderless This view is no longer tenable The uprising or intifadah that began in the West Bank and Gaza in late 1987 and continued into 1988 represents a new phase of the Palestinian resistance to occupation and search for self determination Palestinians in these areas especially the youth are politically mobilized and highly nationalistic The uprising needs to be seen in perspective It is the product of profound political social and economic changes that have taken place over the past twenty years Emile Sayliyah analyzes in detail and with great personal knowledge the internal politics of the West Bank Palestinians and their international implications Traditionally West Bank politics had been the domain of elite prominent families used by the Ottomans the British and the Jordanians to control local politics Recent social changes such as the growing trend toward higher education exposure to the mass media and labor mobility have coincided with recent political changes the consolidation of the communist movement the radicalization of the student population and the resurgence of Islam to challenge the political order and give more power to the mass supported local politicians In Search of Leadership offers the first comprehensive look at the social and political bases of the factions and groups in the West Bank and suggests how they will affect Palestinian politics in the years ahead     From Slumber to Awakening Mishael Caspi,Jerome David Weltsch,1998 From Slumber to Awakening argues that when investigating the cultural and historical predicament of segments of any society a close examination of the literal expression of the people is necessary to understand their human condition better To accomplish this the individual psyches of authors and poets must be delved into and in this case was accessed through personal interviews This study approaches the unique social position of the Arab Israelis through an exploration of culture and history The examination of the literature itself begins with Israeli literature from the broad

perspectives of both the prose and poetry forms and then moving into the literature and literati themselves one by one exploring the lives of the writers while superimposing their human experiences with the expressions and stories of their creative works This examination along with the interviews defines the Arab Israeli minority as a group while also comparing them to Jewish Israeli writers who are close to the Arab Israeli situation

Historical Dictionary of Palestine Ilan Pappé,Johnny Mansour,2022-03-15 The goal of this book is to treat Palestine not as a state but as a country which in 1948 was divided to Israel The West Bank and the Gaza Strip Palestinians live in all these areas and are also dwellers or refugee camps and exilic communities around the world In our eyes they and the country as a whole are part of the history of Palestine and therefore are all included here It is a book that regards Palestine in the period from 1800 until today as a geographical term which is still valid and relevant Therefore it covers different geo political units and states that were established over the year in the country of Palestine the late Ottoman provinces the British Mandate the State Israel the West Bank and the Gaza Strip Half of Palestine population live in exile in refugee camp and diasporic communities They also have a place of honor in this book As the story of Zionism and Israel is intertwined with that of the Palestinians several Zionist Israeli persons places and events are also included in this book
