Interpretation in the Dead Sea Scrolls and Related Literature in Honor of Moshe J. Bernstein Binyamin Y. Goldstein, Michael Segal, George J. Brooke, 2017-10-23 The eighteen studies in this volume in honor of Moshe Bernstein on the occasion of his 70th birthday mostly engage with Jewish scriptural interpretation the principal theme of Bernstein's own research career as expressed in his collected essays *Reading and Re-Reading Scripture at Qumran* Brill 2013 The essays develop a variety of aspects of scriptural interpretation Although many of them are chiefly concerned with the Dead Sea Scrolls the significant contribution of the volume as a whole is the way that even those studies are associated with others that consider the broader context of Jewish scriptural interpretation in late antiquity As a result a wider frame of reference for scriptural interpretation impinges upon how scripture was read and re-read in the scrolls from Qumran **A Companion to Biblical**

Interpretation in Early Judaism Matthias Henze, 2012-01-09 Presents eighteen commissioned articles on biblical exegesis in early Judaism covering the period after the Hebrew Bible was written and before the beginning of rabbinic Judaism from publisher description **The Watchers in Jewish and Christian Traditions** Angela Kim Harkins, Kelley Coblenz

Rewritten Gospel Jonathan M. Potter, 2024-12-30 How early Christian gospels were written is an old question that continues to engage scholars Moving beyond the traditional approach of reading Luke as a gentile gospel composed primarily using Greco Roman methods of history and biography writing this book argues that Luke's use of the earlier Gospel of Mark should be understood in the context of contemporaneous early Jewish writings known as Rewritten Scripture Texts like the Book of Jubilees and Josephus's Antiquities interpret Scripture by rewriting it in such a way that ambiguities and contradictions are diminished while also adapting it to contemporary beliefs and practices A similar strategy of interpretation through rewriting best explains Luke's reworking of Mark Even if Mark is not yet Scripture Luke's manner of rewriting Mark suggests that Luke views the earliest gospel as an authoritative narrative about Jesus that merits interpretive clarification and expansion rather than rejection or critique This approach offers solutions to various problems in the composition of Luke such as the combination of expansion and omission verbatim repetition and free paraphrase and it also places Luke's compositional process within a plausible ancient literary context

Greek Religion and Culture, the Bible, and the Ancient Near East Jan N. Bremmer, 2008 This book greatly enhances our knowledge of the interrelationship of Greek religion culture and the Ancient Near East by offering important analyses of Greek myths divinities and terms like a magica TM and paradise but also of the Greek contribution to the Christian notion of atonement

The Fall of the Angels Christoph Auffarth, Loren T. Stuckenbruck, 2004 Fall of the Angels focuses on a biblical tradition whose significance has been recognised elaborated and explored in literature and art outside the Bible Its extensive influence on religion and culture during the last two millenia is reflected in the wide variety of interpretations of this tradition among communities as they came to terms with religious identity in the face of opposition

Scriptural Interpretation at the Interface between

Education and Religion Florian Wilk, 2018-09-24 Scriptural Interpretation at the Interface between Education and Religion examines prominent texts from Jewish Christian and Islamic communities with a view to determining to what extent education Bildung represents the precondition the central feature and or the aim of the interpretation of Holy Scripture in antiquity In particular consideration is given to the exegetical techniques the hermeneutical convictions and the contexts of intercultural exchange which determine the process of interpretation The volume contains a methodological reflection as well as investigations of scriptural interpretation in Jewish texts from the 2nd and 1st centuries B C E in New Testament writings and in witnesses from late ancient Christianity and in the Qur'an Finally it contains a critical appraisal of the scholarly oeuvre of Hans Conzelmann This work thus fosters scholarly understanding of the function of scriptural interpretation at the interface between education and religion

The Days of Creation Andrew J. Brown, 2019-05-21 The Days of Creation examines the history of Christian interpretation of the seven day framework of Genesis 1 1 2 3 in the Hebrew Bible Old Testament from the post apostolic era to the debates surrounding Essays and Reviews 1860 Included in the survey are patristic medieval Renaissance Reformation eighteenth century Enlightenment and finally early to mid nineteenth century interpretations of the days of creation The author shows that readings of Genesis 1 1 2 3 in the modern era have much deeper roots than is sometimes realized The day age scheme has roots in Augustine's figurative creation days the world week historical scheme Renaissance Platonism and Newtonian science while the literal alternative of the gap theory combines ancient literal interpretation with chaos concepts derived from Greco Roman myths and interpreted through a geological lens Early treatments of this text are poorly understood because of their very different philosophical and theological contexts Hasty appropriation of ancient precedents as support for modern interpretations often overlooks or oversimplifies this difference Changing ideas and exploration in the early Modern era undermined the dominance of this text so that by the time of Goodwin's essay in Essays and Reviews Genesis 1 1 2 3 was already well on the way to its present intellectual marginalization This study enables an insight into the mighty career of a biblical text of seminal importance and fills a significant niche in reception historical research

The Despoliation of Egypt Joel S. Allen, 2008-06-30 This work examines the role played by the biblical motif of the despoliation of Egypt in the understanding Gentiles had of Jews and how Jews defended themselves their heroes and their God in the face of anti Jewish slander It also examines the manner in which Christians learned from their rabbinic counterparts how to defend Moses and his God against the gnostic challenge Beginning with Philo and based on haggadic additions the embarrassment of the episode was healed through allegory and became a critically important biblical justification for the Christian appropriation of the Egyptian treasures of their Greco Roman cultural heritage This work describes how Christians borrowed exegetical traditions from rabbis not only to defend their sacred texts against gnostic attacks but to justify their interest in and appropriation of non Christian philosophy in their theological understandings

The Figure of Adam in Romans 5 and 1 Corinthians 15 Felipe De Jesus

Legarreta-Castillo,2014 It is widely recognized that in some of his letters Paul develops a Christology based on a comparison between Adam and Christ and that this Christology has antecedents in Jewish interpretation of Genesis 1 4 Felipe Legarreta gives careful attention to patterns of exegesis in Second Temple Judaism and identifies for the first time a number of motifs by which Jews drew ethical implications from the story of Adam and his expulsion from Eden He then demonstrates that throughout the Christological passages in Romans and 1 Corinthians Paul is taking part in a wider Jewish exegetical and ethical discussion regarding life in the new creation
