*Seed to Dust* Marc Hamer, 2021-05-04 For readers of *Late Migrations* and *H is for Hawk* A stunning meditation on gardening and the wisdom of plants that rare book that will appeal to nonfiction readers everywhere Candid tender thoughtful and absorbing Shelf Awareness STARRED Review With chapters that shimmer like lantern slides lit with luminous imagery *Seed to Dust* is an invitation to read this world as Mr Hamer does with a close eye to what changes and what does not The Wall Street Journal Marc Hamer has nurtured the same 12 acre garden in the Welsh countryside for over two decades The garden is vast and intricate It s rarely visited and only Hamer knows of its secrets But it s not his garden It belongs to his wealthy and elegant employer Miss Cashmere But the garden does not really belong to her either As Hamer writes Like a book a garden belongs to everyone who sees it In *Seed to Dust* Marc Hamer paints a beautiful portrait of the garden that belongs to everyone He describes a year in his life as a country gardener with each chapter named for the month he s in As he works he muses on the unusual folklores of his beloved plants He observes the creatures who scurry and hide from his blade or rake And he reflects on his own life living homeless as a young man his loving relationship with his wife and children and now feeling the effects of old age on body and mind As the seasons change Hamer also reflects on the changes he has observed in Miss Cashmere s life from afar the death of her husband and the departure of her children from the stately home where she now lives alone At the book s end Hamer s connection to Miss Cashmere changes shape and new insights into relationships and the beauty and brutality of nature emerge Just like all good books and gardens *Seed to Dust* is filled with equal parts life and death beauty and decay and every reader will find something different to admire
