Radical Beginnings Richard Hofstadter And The 1930s:

Radical Beginnings Susan Stout Baker, 1985-11-19 This in depth study draws on never before published early personal correspondence and interviews to trace Richard Hofstadter's early career from his family's background in Poland and Germany through his childhood high school and training years at the University of Buffalo and Columbia University The political and educational influences of these years are introduced as well as their effect on his writings Hofstadter's development as a historian and the important influences which formed the basis for his orientation toward history and which served to integrate all his work into one coherent whole are also assessed **Richard Hofstadter** David S.

Brown, 2008-09-15 Richard Hofstadter 1916-70 was America's most distinguished historian of the twentieth century The author of several groundbreaking books including *The American Political Tradition* he was a vigorous champion of the liberal politics that emerged from the New Deal During his nearly thirty year career Hofstadter fought public campaigns against liberalism's most dynamic opponents from McCarthy in the 1950s to Barry Goldwater and the Sun Belt conservatives in the 1960s His opposition to the extreme politics of postwar America articulated in his books essays and public lectures marked him as one of the nation's most important and prolific public intellectuals In this masterful biography David Brown explores Hofstadter's life within the context of the rise and fall of American liberalism A fierce advocate of academic freedom racial justice and political pluralism Hofstadter charted in his works the changing nature of American society from a provincial Protestant foundation to one based on the values of an urban and multiethnic nation According to Brown Hofstadter presciently saw in rural America's hostility to this cosmopolitanism signs of an anti intellectualism that he believed was dangerously endemic in a mass democracy By the end of a life cut short by leukemia Hofstadter had won two Pulitzer Prizes and his books had attracted international attention Yet the Vietnam years as Brown shows culminated in a conservative reaction to his work that is still with us Whether one agrees with Hofstadter's critics or with the noted historian John Higham who insisted that Hofstadter was the finest and also the most humane intelligence of our generation the importance of this seminal thinker cannot be denied As this fascinating biography ultimately shows Hofstadter's observations on the struggle between conservative and liberal America are relevant to our own times and his legacy challenges us to this day

Popularizing the Past Nick Witham, 2023-07-26 *Popularizing the Past* tells the stories of five postwar historians who changed the way ordinary Americans thought about their nation's history What's the matter with history For decades critics of the discipline have argued that the historical profession is dominated by scholars unable or perhaps even unwilling to write for the public In *Popularizing the Past* Nick Witham challenges this interpretation by telling the stories of five historians Richard Hofstadter Daniel Boorstin John Hope Franklin Howard Zinn and Gerda Lerner who in the decades after World War II published widely read books of national history Witham compellingly argues that we should understand historians' efforts to engage with the reading public as a vital part of their postwar identity and mission He shows how the

lives and writings of these five authors were fundamentally shaped by their desire to write histories that captivated both scholars and the elusive general reader He also reveals how these authors efforts could not have succeeded without a publishing industry and a reading public hungry to engage with the cutting edge ideas then emerging from American universities As Witham s book makes clear before we can properly understand the heated controversies about American history so prominent in today s political culture we must first understand the postwar effort to popularize the past

Transformations of Populism in Europe and the Americas John Abromeit, York Norman, Gary Marotta, Bridget Maria Chesterton, 2015-11-19 The recent resurgence of populist movements and parties has led to a revival of scholarly interest in populism This volume brings together well established and new scholars to reassess the subject and combine historical and theoretical perspectives to shed new light on the history of the subject as well as enriching contemporary discussions In three parts the contributors explore the history of populism in different regions theories of populism and recent populist movements Taken together the contributions included in this book represent the most comprehensive and wide ranging study of the topic to date Questions addressed include What are the essential characteristics of populism Is it important to distinguish between left and right wing populism How can the transformation of populist movements be explained This is the most thorough and up to date comparative historical study of populism available As such it will be of great value to anyone researching or studying the topic

Social Darwinism in American Thought Richard Hofstadter, 2016-06-28 *Social Darwinism in American Thought* portrays the overall influence of Darwin on American social theory and the notable battle waged among thinkers over the implications of evolutionary theory for social thought and political action Theorists such as Herbert Spencer and William Graham Sumner adopted the idea of the struggle for existence as justification for the evils as well as the benefits of laissez faire modern industrial society Others such as William James and John Dewey argued that human planning was needed to direct social development and improve upon the natural order Hofstadter s classic study of the ramifications of Darwinism is a major analysis of the social philosophies that animated intellectual movements of the Gilded Age and the Progressive Era

Desolation and Enlightenment Ira Katznelson, 2003 In this major intellectual history Ira Katznelson examines the works of Hannah Arendt Robert Dahl Richard Hofstadter Harold Lasswell Charles Lindblom Karl Polanyi and David Truman detailing their engagement with the larger project of reclaiming the West s moral bearing

Marxist Historiographies Q. Edward Wang, Georg G. Iggers, 2015-07-16 *Marxist Historiographies* is the first book to examine the ebb and flow of Marxist historiography from a global and cross cultural perspective Since the eighteenth century few schools of historical thought have exerted a more lasting impact than Marxism and this impact extends far beyond the Western world within which it is most commonly analysed Edited by two highly respected authors in the field this book deals with the effect of Marxism on historical writings not only in parts of Europe where it originated but also in countries and regions in Africa Asia North and South America and the Middle East Rather than presenting the chapters

geographically it is structured with respect to how Marxist influence was shown in the works of historians in a particular area. This title takes a dual approach to the subject: some chapters are national in scope, addressing the Marxist impact on historical practices within a country, whereas others deal with the varied expressions of Marxist historiography throughout a wider region. Taking a truly global perspective on this topic, Marxist Historiographies demonstrates clearly the breadth and depth of Marxism's influence in historical writing throughout the world and is essential reading for all students of historiography.

The Cause Eric Alterman, 2013-05-28 A major history of American liberalism and the key personalities behind the movement. Why is it that nearly every liberal initiative since the end of the New Deal, whether busing, urban development, affirmative action, welfare, gun control, or *Roe v Wade*, has fallen victim to its grand aspirations, often exacerbating the very problem it seeks to solve? In this groundbreaking work, the first full treatment of modern liberalism in the United States, bestselling journalist and historian Eric Alterman, together with Kevin Mattson, present a comprehensive history of this proud yet frequently maligned tradition. In *The Cause*, we meet the politicians, preachers, intellectuals, artists, and activists from Eleanor Roosevelt to Barack Obama, Adlai Stevenson to Hubert Humphrey, and Billie Holiday to Bruce Springsteen, who have battled for the heart and soul of the nation.

Historians in Public Ian Tyrrell, 2005-12 From lagging book sales and shrinking job prospects to concerns over the discipline's narrowness, myriad factors have been cited by historians as evidence that their profession is in decline in America. Ian Tyrrell's *Historians in Public* shows that this perceived threat to history is recurrent, exaggerated, and often misunderstood. In fact, history has adapted to and influenced the American public more than people realize. Tyrrell's elegant history of the practice of American history traces debates beginning shortly after the profession's emergence in American academia about history's role in school curricula. He also examines the use of historians in and by the government and whether historians should utilize mass media such as film and radio to influence the general public. As *Historians in Public* shows, the utility of history is a distinctive theme throughout the history of the discipline, as is the attempt to be responsive to public issues among pressure groups. A superb examination of the practice of American history since the turn of the century, *Historians in Public* uncovers the often tangled ways history makers make history, both as artisans and as actors.

Engagement with the Past William Palmer, 2021-10-21 Arthur M. Schlesinger Jr., John Hope Franklin, Daniel Boorstin, C. Vann Woodward, Edmund S. Morgan, Barbara Tuckman, Eric Hobsbawm, Hugh Trevor Roper, Lawrence Stone, aside from carrying the distinction as some of the most successful and well-respected historians of the twentieth century, these scholars found their lives and careers evolving amid some of the world's pivotal historical moments. Dubbed the World War II Generation, the twenty-two English and American historians chronicled by William Palmer grew up in the aftermath of World War I, went to college in the 1930s as the threats of the Great Depression, Hitler, and Communism loomed over them, saw their careers interrupted by World War II, and faced the prospect of nuclear annihilation. They gained from their experiences the perspective and insight necessary to

wrtie definitive histories on topics ranging from slavery to revolution Engagement with the Past offers biographies of these individuals in the context of their generation s intellectual achievement Based upon extensive personal interviews and careful reading of their work Engagement with the Past is a fascinating behind the scenes look at a generation of historians and how they helped record and shape modern history *Intellectual Craftsmen* Steven Weiland, Weiland highlights the master trends in the American experience by the master reporters of those trends Intellectual Craftsmen covers the best writers in the social sciences from 1935 to 1991 Included are essays on John Dollard in social psychology C Wright Mills s version of historical sociology David Riesman and the element of social criticism Margaret Mead and the search for an anthropological method C. Wright Mills C. Wright Mills,2000-05-31 One of the leading public intellectuals of twentieth century America and a pioneering and brilliant social scientist C Wright Mills left a legacy of interdisciplinary and hard hitting work including two books that changed the way many people viewed their lives and the structure of power in the United States White Collar 1951 and The Power Elite 1956 Mills persistently challenged the status quo within his profession as in The Sociological Imagination 1959 and within his country until his untimely death in 1962 This collection of letters and writings edited by his daughters allows readers to see behind Mills s public persona for the first time Mills s letters to prominent figures including Saul Alinsky Daniel Bell Lewis Coser Carlos Fuentes Hans Gerth Irving Howe Dwight MacDonald Robert K Merton Ralph Miliband William Miller David Riesman and Harvey Swados are joined by his letters to family members letter essays to an imaginary friend in Russia personal narratives by his daughters and annotations drawing on published and unpublished material including the FBI file on Mills Alexis de Tocqueville and American Intellectuals Matthew J. Mancini,2006 Comprehensive in its chronology the works it discusses and the commentators it critically examines Alexis de Tocqueville and American Intellectuals tells the surprising story of Tocqueville s reception in American thought and culture from the time of his 1831 visit to the United States to the turn of the twenty first century **Playing with History** Molly Rosner,2021-05-14 Since the advent of the American toy industry children s cultural products have attempted to teach and sell ideas of American identity By examining cultural products geared towards teaching children American history Playing With History highlights the changes and constancies in depictions of the American story and ideals of citizenship over the last one hundred years This book examines political and ideological messages sold to children throughout the twentieth century tracing the messages conveyed by racist toy banks early governmental interventions meant to protect the toy industry influences and pressures surrounding Cold War stories of the western frontier the fractures visible in the American story at a mid century history themed amusement park The study culminates in a look at the successes and limitations of the American Girl Company empire *The Masterless* Wilfred M. McClay,2000-11-09 In this provocative book Wilfred McClay considers the long standing tension between individualism and social cohesion in conceptions of American culture Exploring ideas of unity and diversity as they have evolved since the Civil War he illuminates the historical background to our ongoing search for

social connectedness and sources of authority in a society increasingly dominated by the premises of individualism McClay borrows D H Lawrence s term masterless men extending its meaning to women as well and argues that it is expressive of both the promise and the peril inherent in the modern American social order Drawing upon a wide range of disciplines including literature sociology political science philosophy psychology and feminist theory McClay identifies a competition between visions of dispersion on the one hand and coalescence on the other as modes of social organization In addition he employs intellectual biography to illuminate the intersection of these ideas with the personal experiences of the thinkers articulating them and shows how these shifting visions are manifestations of a more general ambivalence about the process of national integration and centralization that has characterized modern American economic political and cultural life

American Studies Jack Salzman,1990-05-25 This volume supplements the acclaimed three volume set published in 1986 and consists of an annotated listing of American Studies monographs published between 1984 and 1988 There are more than 6 000 descriptive entries in a wide range of categories anthropology and folklore art and architecture history literature music political science popular culture psychology religion science and technology and sociology *Science, Jews, and Secular Culture* David A. Hollinger,1998-12-20 This remarkable group of essays describes the culture wars that consolidated a new secular ethos in mid twentieth century American academia and generated the fresh energies needed for a wide range of scientific and cultural enterprises Focusing on the decades from the 1930s through the 1960s David Hollinger discusses the scientists social scientists philosophers and historians who fought the Christian biases that had kept Jews from fully participating in American intellectual life Today social critics take for granted the comparatively open outlook developed by these men and men they were mostly and charge that their cosmopolitanism was not sufficiently multicultural Yet Hollinger shows that the liberal cosmopolitans of the mid century generation defined themselves against the realities of their own time McCarthyism Nazi and Communist doctrines a legacy of anti Semitic quotas and both Protestant and Catholic versions of the notion of a Christian America The victory of liberal cosmopolitans was so sweeping by the 1960s that it has become easy to forget the strength of the enemies they fought Most books addressing the emergence of Jewish intellectuals celebrate an illustrious cohort of literary figures based in New York City But the pieces collected here explore the long postponed acceptance of Jewish immigrants in a variety of settings especially the social science and humanities faculties of major universities scattered across the country Hollinger acknowledges the limited rather parochial sense of mankind that informed some mid century thinking but he also inspires in the reader an appreciation for the integrationist aspirations of a society truly striving toward equality His cast of characters includes Vannevar Bush James B Conant Richard Hofstadter Robert K Merton Lionel Trilling and J Robert Oppenheimer *Liberty and Justice for All?* Kathleen G. Donohue,2012 A wide ranging exploration of the culture of American politics in the early decades of the Cold War **Enduring Liberalism** Robert Booth Fowler,2021-10-29 Has the United States become more pluribus than unum In terms of the nation s political

beliefs Robert Booth Fowler answers both yes and no While his study affirms significant diversity among an elite cadre of public intellectuals it vigorously denies it in a general public that collectively adheres to the same set of liberal core values Enduring Liberalism pursues two objectives One it explores the political thought of public intellectuals and the general public since the 1960s Two it assesses contemporary and classic interpretations of American political thought in light of the study's findings Fowler interprets the writings of public intellectuals like Robert Bellah Jean Bethke Elshtain Michael Walzer William Bennett Seymour Martin Lipset William Galston and others as well as survey data of American political attitudes to spotlight this oft ignored divide between citizens and high profile commentators whose contentious debates are mistakenly assumed to reflect countrywide rifts Fowler's argument is straightforward but the interpretation is controversial He recounts how the consensus liberal view in post World War II American political thought collapsed among public intellectuals during the tumult of the 1960s and remains so to this day His book examines the resultant diversity among contemporary public intellectuals focusing on three predominant themes concern for community worry about the environment and interest in civil society In marked contrast to these disputatious commentators Fowler finds the realm of popular opinion to be characterized by much greater consensus Indeed there seems to be a trend toward an even more general embrace of the liberal values that characterize our attitudes toward the individual individual liberty political equality economic opportunity and consent of the governed Liberal values above all the celebration of the individual and individual rights have revolutionized the so called private realms of life like family and religious communities to an extent unimagined in the 1950s From these conclusions Fowler demonstrates that most interpretations of American political thinking have exaggerated the extent of conflict and diversity in our nation's often raucous policy disputes But he also cautions us not to overstate the public's widely shared liberal values and by doing so miss opportunities to facilitate problem solving or to recognize the ways in which our reform efforts may be constrained

Beyond the Frontier David S. Brown, 2009-05 Brown analyzes 20th century politics depicted by midwest historians among them Charles Beard William Appleman Williams and Christopher Lasch in contrast to east coast colleagues

As recognized, adventure as skillfully as experience about lesson, amusement, as capably as concord can be gotten by just checking out a books **Radical Beginnings Richard Hofstadter And The 1930s** furthermore it is not directly done, you could say you will even more something like this life, a propos the world.

We allow you this proper as with ease as simple quirk to acquire those all. We find the money for Radical Beginnings Richard Hofstadter And The 1930s and numerous ebook collections from fictions to scientific research in any way. in the course of them is this Radical Beginnings Richard Hofstadter And The 1930s that can be your partner.

Radical Beginnings Richard Hofstadter And The 1930s Introduction

In today's digital age, the availability of *Radical Beginnings* Richard Hofstadter And The 1930s books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of *Radical Beginnings* Richard Hofstadter And The 1930s books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of *Radical Beginnings* Richard Hofstadter And The 1930s books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing *Radical Beginnings* Richard Hofstadter And The 1930s versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, *Radical Beginnings* Richard Hofstadter And The 1930s books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing *Radical Beginnings* Richard Hofstadter And The 1930s books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for *Radical Beginnings* Richard Hofstadter And The 1930s books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works

and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Radical Beginnings Richard Hofstadter And The 1930s books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Radical Beginnings Richard Hofstadter And The 1930s books and manuals for download and embark on your journey of knowledge?

FAQs About Radical Beginnings Richard Hofstadter And The 1930s Books

1. Where can I buy Radical Beginnings Richard Hofstadter And The 1930s books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
