The Overland Monthly, 1917

Andrea Dworkin Jeremy Robinson, 1994

Dixie Lullaby Mark Kemp, 2007-11-01 Rock his aunts uncles and grandparents held outdated racist views that were typical of the time his parents however believed blacks should be extended the same treatment as whites but also counseled their children to respect their elder relatives I loved the land that surrounded me but hated the history that haunted that land Kemp writes When rock music specifically southern rock entered his life he began to see a new way to identify himself beyond the legacy of racism and stereotypes of southern small mindedness that had marked his early childhood Well into adulthood Kemp struggled with the self loathing familiar to many white southerners But the seeds of forgiveness were planted in adolescence when he first

heard Duane Allman and Ronnie Van Zant pour their feelings into their songs In the tradition of music historians such as Nick Tosches and Peter Guralnick Kemp masterfully blends into his narrative the stories of southern rock bands from heavy hitters such as the Allman Brothers Band Lynyrd Skynyrd and R E M to influential but less known groups such as Drive By Truckers as well as the personal experiences of their fans In dozens of interviews he charts the course of southern rock roll Before civil rights the popular music of the South was a small often racially integrated world but after Martin Luther King Jr s assassination black musicians struck out on their own Their white counterparts were left to their own devices and thus southern rock was born a mix of popular southern styles that arose when predominantly white rockers combined rural folk country and rockabilly with the blues and jazz of African American culture This down home flannel wearing ass kicking brand of rock took the nation by storm in the 1970s The music gave southern kids who emulated these musicians a newfound voice Kemp and his peers now had something they could be proud of southern rock united them and gave them a new identity that went beyond outside perceptions of the South as one big racist backwater Kemp offers a lyrical thought provoking searingly intimate and utterly original journey through the South of the 1960s 70s 80s and 90s viewed through the prism of rock roll With brilliant insight he reveals the curative and unifying impact of rock on southerners who came of age under its influence in the chaotic years following desegregation Dixie Lullaby fairly resonates with redemption

People Get Ready Robert W. McChesney, John Nichols, 2016-03-08 Humanity is on the verge of its darkest hour or its greatest moment The consequences of the technological revolution are about to hit hard unemployment will spike as new technologies replace labor in the manufacturing service and professional sectors of an economy that is already struggling The end of work as we know it will hit at the worst moment imaginable as capitalism fosters permanent stagnation when the labor market is in decrepit shape

with declining wages expanding poverty and scorching inequality Only the dramatic democratization of our economy can address the existential challenges we now face Yet the US political process is so dominated by billionaires and corporate special interests by corruption and monopoly that it stymies not just democracy but progress The great challenge of these times is to ensure that the tremendous benefits of technological progress are employed to serve the whole of humanity rather than to enrich the wealthy few Robert W McChesney and John Nichols argue that the United States needs a new economy in which revolutionary technologies are applied to effectively address environmental and social problems and used to rejuvenate and extend democratic institutions Based on intense reporting rich historical analysis and deep understanding of the technological and social changes that are unfolding they propose a bold strategy for democratizing our digital destiny before it s too late and unleashing the real power of the Internet and of humanity *Steel Times* ,1923 *Drag Me Out Like a Lady* Jentri Anders,2022-09-13 She was arrested in the Berkeley Free Speech Movement She was at the Be In when Timothy Leary told us to drop out She was in the battle of People s Park when James Rector was killed She was tear gassed on campus at UC Berkeley She was at Altamont when a Hell s Angel murdered a concertgoer Now she has written her autobiography describing her unusual trajectory through an unusual era In the spirit of Howard Zinn Jentri Anders presents her life as an activist and anthropologist A Southerner with deep roots in Georgia and Arkansas she went to high school in Groveland Florida one of the most notorious locations in black history Expelled from both a Georgia Bible college and Florida State University for political reasons she moved to California participated in the antiwar movement there then was sexually and politically harrassed out of UC Berkeley She dropped out of mainstream culture to become a back to the land hippie in what is now called the Emerald Triangle in Humboldt County California then dropped back in wrote the definitive ethnography of back to the land hippies and was featured in the Academy Award nominated documentary film *Berkeley in the Sixties* A fascinating writer Anders is also a scholar *Drag Me Out Like a Lady* is thoroughly researched indexed referenced and documented including historical material from her personal files Cultural historians anthropologists activists feminists literate hippies as well as people who just like weird stories will all love this book *The Americanization of Narcissism* Elizabeth Lunbeck,2014-03-10 American social critics in the 1970s seized on narcissism as the sickness of the age But they missed the psychoanalytic breakthrough that championed it as the wellspring of ambition creativity and empathy Elizabeth Lunbeck s history opens a new view on the central questions faced by the self struggling amid the crosscurrents of modernity
