Die Walking Obadiah M., 2021-10-05 An unforgettable first person account of surviving the Rwandan genocide and its aftermath Featuring a foreword by Globe and Mail Africa Bureau Chief Geoffrey York In 1994 Obadiah was the thirteen year old son of a Hutu pastor living comfortably in Rwanda and dreaming of becoming a pilot when violence and bloodshed began to engulf the country His family soon fled their home pursued by soldiers and stalked by death and hunger As the genocide led into a horrific war Obadiah was forced to survive unrelenting terror and the darkest despair as a refugee both in neighbouring Zaire and eventually in the American refugee detention system Obadiah was sustained through these horrors by his faith and the philosophy of ubuntu finding one s self through connection with others In the spirit of Night by Elie Wiesel *Die Walking* is one boy s horrific story of shared humanity in a chaotic world *Let Our Eyes Linger* Hayes Davis, 2016-03-28 *Let Our Eyes Linger* delves deeply into the author s life as son grandson father husband artist and schoolteacher while illuminating currents of racial identity and the plight of other black men These include Jim the runaway slave from Mark Twain s *Adventures of Huckleberry Finn* who speaks here in his own in poems that deepen one of the most complicated and controversial characters in American Literature Reginald Dwayne Betts calls *Let Our Eyes Linger* a testament to how the stories we tell ourselves to get through the day can become the poetry that speaks to more than our own existence Joshua Wiener praises poems that dramatize the contingencies of family of its direct influence on the kinds of language we speak that draw honestly the flight of eros from the domestic scene as well as the endurance of love devotion Toi Derricote writes that Davis poems invite comparisons with Robert Hayden and Gwendolyn Brooks poems of 20th century family life *Human Rights Standards* Makau Mutua, 2016-01-14 How are human rights norms made who makes them and why In *Human Rights Standards* Makau Mutua traces the history of the human rights project and critically explores how the norms of the human rights movement have been created Examining key texts and documents published since the inception of the human rights movement at the end of World War II he crafts a bracing critique of these works from the hitherto underutilized perspective of the Global South Attention is focused on the deficits of the international order and how that

order which is defined by multiple asymmetries defines human rights in a manner that exhibits normative gaps and cultural biases Mutua identifies areas of further norm development and concludes that norm creating processes must be inclusive and participatory to garner legitimacy across various cleavages and divides The result is the first truly comprehensive critical look at the making of human rights norms and standards and as such will be an invaluable resource for students scholars activists and policymakers interested in this important topic This book is freely available in an open access edition thanks to Knowledge Unlatched an initiative that provides libraries and institutions with a centralized platform to support OA collections and from leading publishing houses and OA initiatives Learn more at the Knowledge Unlatched website at <https://www.knowledgeunlatched.org> and access the book online at the SUNY Open Access Repository at <http://hdl.handle.net/20.500.12648/7133>
