Media and American Courts S. L. Alexander, 2004-06-08 A unique reference work exploring the interaction of ever more pervasive media and the U.S. judicial system in the 20th century. At a time when two thirds of local news is crime or court related when Court TV broadcasts daily and when one lurid case can push all other news aside Media and American Courts: A Reference Handbook offers a much needed examination of how the press and the judicial system interact. Despite the benefits a better informed public judicial accountability has expanded coverage of the courts in fact weakened our democracy. Media and American Courts approaches this question by exploring the cases, the personalities and the controversies that have redefined the court press relationship in the past century as the media expanded from print and radio to courtroom cameras, cable and the World Wide Web. It also includes suggestions from legal and media experts for making court news more accurate, informative and useful. The Oxford Companion to American Literature James David Hart, 1948 *New York Times Saturday Book Review Supplement*, 1977 **New Strangers in Paradise** Gilbert H. Muller, 2014-07-11 New Strangers in Paradise offers the first in depth account of the ways in which contemporary American fiction has been shaped by the successive generations of immigrants to reach U.S. shores. Gilbert Muller reveals how the intersections of peoples, regions and competing cultural histories have remade the American cultural landscape in the aftermath of World War II. Muller focuses on the literature of Holocaust survivors, Chicanos, Latinos, African Caribbeans and Asian Americans. In the quest for a new identity each of these groups seeks the American dream and rewrites the story of what it means to be an American. New Strangers in Paradise explores the psychology of uprooted peoples and the relations of culture and power, addressing issues of race and ethnicity, multiculturalism and pluralism and national and international conflicts. Examining the groups of immigrants in the cultural and historical context both of America and of the lands from which they originated Muller argues that this fourth wave of immigration has led to a creative flowering in modern fiction. The book offers a fresh perspective on the writings of Vladimir Nabokov, Saul Bellow, William Styron, Maxine

Hong Kingston Amy Tan Oscar Hijuelos Jamaica Kincaid Bharati Mukherjee Rudolfo Anaya and many others **Mimi and Her World** Mimi Correll Cerniglia, 2010-12-07 Mimi Cerniglia's autobiography begins with the introduction of the two people who will become the parents of her two sisters and her. You will find out why furniture manufacturing in the Piedmont area of North Carolina was important in the author's life and the state of North Carolina Depression era modes of transportation and communication come alive from her excellent descriptions. Due to a family incident religion's decline and eventual rejection unfolds slowly. An annual family event helps the reader learn about the homestead of a southern family who had owned slaves. Terms used in local government reminds the reader that North Carolina was one of the original thirteen colonies and was settled from east to west. Public school education in her college town was so important the citizens paid extra tax for city schools. The end of World War II brought peace time production of everything. College and an education career as well as marriage led to the birth of a son and a move to Florida. More education in North Carolina and a return to Florida for the son's education was interspersed with a new marriage. Following traveling and house building in North Carolina came death and a move back to Florida to be near her successful son and twin grandsons. Her senior years of reading writing and golf stopped due to illness. Recovery from illness and pursuit of academic endeavors concludes the book. *The Oxford Companion to American Literature* James D. as in particular showing how these two artists invite readers to not only reconceive hegemonic notions of space and place but to practice alternative notions of being in place In these final readings Constructing Spain points to the newest developments in contemporary Spanish narrative and film a rise of new grammars of creation to challenge the ongoing capital driven creative destruction of globalized Spanish geography
