Post,2023-11-09 The Taft Court offers the definitive history of the Supreme Court from 1921 to 1930 when William Howard Taft was Chief Justice Using untapped archival material Robert C Post engagingly recounts the ambivalent effort to create a modern American administrative state out of the institutional innovations of World War I He shows how the Court sought to establish authoritative forms of constitutional interpretation despite the culture wars that enveloped prohibition and pervasive labor unrest He explores in great detail how constitutional law responds to altered circumstances The work provides comprehensive portraits of seminal figures such as Oliver Wendell Holmes Jr and Louis Dembitz Brandeis It describes William Howard Taft s many judicial reforms and his profound alteration of the role of Chief Justice A critical and timely contribution The Taft Court sheds light on jurisprudential debates that are just as relevant today as they were a century ago **A History of Transportation in Canada, Volume 2** G.P. de T. Railway Age ,1924 A Thousand Blunders Frank Leonard,2011-11-01 During the first two decades of this century the

Grand Trunk Pacific Railway played an important part in the development of the north central corridor of British Columbia. The GTP which ran from Winnipeg via the Yellowhead Pass and Edmonton to Prince Rupert on the northwest coast was built to supplant the Canadian Pacific line to Vancouver. The B C line was the most expensive and least remunerative of its sections and contributed ultimately to the company's collapse in 1919. In *A Thousand Blunders* Frank Leonard looks at why the Road of a Thousand Wonders failed to live up to the expectations forecast by company president Charles M. Hays and other senior managers. Not only was the railway built through a sparsely settled region which generated little immediate traffic but its economic difficulties were also compounded by the numerous mistakes made by managers at all levels for example their failure to respond adequately to labour shortages caused serious delays and prevented the company from proving Prince Rupert as an effective alternative harbour before World War I broke out. For this book Frank Leonard had access to a wealth of original documents among them the GTP legal department files providing him with insights into the decisions that formed the basis for policies in townsites and on Indian reserves. *A Thousand Blunders* is a provocative account of one of the greatest failures in Canadian entrepreneurial history. Richly detailed and thoroughly documented it makes an important contribution to the fields of railway and business history as well as to the study of the history of northern British Columbia.
