Salvation Of Yasch Siemens:

The Salvation of Yasch Siemens Armin Wiebe, 1984 20th Anniversary Edition Shortlisted for both the Stephen Leacock Memorial Medal for Humour and the Books in Canada Best First Novel Award *The Salvation of Yasch Siemens* is an outrageous comic ride through a community as memorable as any in Canadian literature Armin Wiebe does for Gutenthal a composite village drawn from the Mennonite farming communities of Southern Manitoba what Stephen Leacock did for Mariposa and its inhabitants The results are similarly uproarious and touching side splittingly anarchic and wistful Wiebe's writing is utterly endearing genuinely funny Do not miss it Patrick Dunn Canadian Mennonite

Is Canada Postcolonial? Laura Moss, 2009-08-01 How can postcolonialism be applied to Canadian literature In all that has been written about postcolonialism surprisingly little has specifically addressed the position of Canada Canadian literature or Canadian culture Postcolonialism is a theory that has gained credence throughout the world it is be productive to ask if and how we as Canadians participate in postcolonial debates It is also vital to examine the ways in which Canada and Canadian culture fit into global discussions as our culture reflects how we interact with our neighbours allies and adversaries This collection wrestles with the problems of situating Canadian literature in the ongoing debates about culture identity and globalization and of applying the slippery term of postcolonialism to Canadian literature The topics range in focus from discussions of

specific literary works to general theoretical contemplations The twenty three articles in this collection grapple with the recurrent issues of postcolonialism including hybridity collaboration marginality power resistance and historical revisionism from the vantage point of those working within Canada as writers and critics While some seek to confirm the legitimacy of including Canadian literature in the discussions of postcolonialism others challenge this very notion **The New Quarterly** ,1990 **Mennonites in the Global Village** Leo Driedger,2000-01-01 An exploration of the impact of professionalism and individualism on Mennonite culture families and religion Driedger contends that Mennonites are in a unique position in the global electronic age having entered modern society relatively recently **Mennonites in Canada: 1939-1970 : a people transformed** Frank H. Epp,T. D. Reading Mennonite Writing Robert Zacharias, 2022-05-12 Mennonite literature has long been viewed as an expression of community identity However scholars in Mennonite literary studies have urged a reconsideration of the field's past and a reconceptualization of its future This is exactly what *Reading Mennonite Writing* does Drawing on the transnational turn in literary studies Robert Zacharias positions Mennonite literature in North America as a mode of circulation and reading rather than an expression of a distinct community He tests this reframing with a series of methodological experiments that open new avenues of critical engagement with the field's unique configuration of faith based intercultural difference These include cross sectional readings in nonnarrative literary history archival readings of transatlantic life writing Canadian rewritings of Mexican film's deployment of Mennonite theology as fantasy an examination of the fetishistic structure of ethnicity as a thing that has enabled Mennonite identity to function in a post identity age and finally a tentative reinvestment in ideals of Mennonite community via the surprising routes of queerness and speculative fiction In so doing Zacharias reads Mennonite writing in North America as a useful case study in the shifting position of minor literatures in the wake of the transnational turn Theoretically sophisticated this study of minor transnationalism will appeal to specialists in Mennonite literature and to scholars working in the broader field of transnational literary studies

Sanctioned Ignorance Paul Martin, 2013-11-15 There is no such thing as the ivory tower Rather there sit side by side numerous windowless towers of knowledge each seeming to have only a small entrance and no discernable exit Paul

Martin Multilingual multicultural and vast Canada enjoys a rich diversity of literatures So why does Canadian Literature as it has been taught fail to encompass a common geography history and government yet reveal the diverse experiences of its immigrants long term residents and original peoples Martin s research interviews with 95 professors in 27 universities maps the institutional chasms in communication and the nature of their persistence His own example of venturing out from his tower to dialogue with colleagues shows a way toward cultivating a conception of the literatures of Canada that is expansive and inclusive Canadianists professors of English French Postcolonial and Comparative Literatures and leaders in education will profit from Martin s frank investigations The Fiddlehead ,1985 Christianity and Ethnicity in Canada Paul Bramadat,David Seljak,2008-06-14 Over the past decade scholars and policy makers interested in Canadian multiculturalism have begun to take religion much more seriously Moreover Christian communities have become increasingly aware of the impact of ethnic diversity on church life However until very recently almost no systematic academic attention has been paid to the intersection between the ethnic and religious identities of individuals or communities This gap in both our academic literature and our public discourse represents an obstacle to understanding and integrating the large numbers of ethnic Christians most of whom either join existing Canadian churches or create ethnically specific congregations In Christianity and Ethnicity in Canada eleven scholars explore the complex relationships between religious and ethnic identity within the nine major Christian traditions in Canada The contributors discuss the ways in which changes in the ethnic composition of these traditions influence religious practice and identity as well as how the nine religious traditions influence communal and individual ethnic identities An introductory chapter by Paul Bramadat and David Seljak provides a thorough discussion of the theoretical historical and empirical issues involved in the study of Christianity and ethnicity in Canada This volume complements Religion and Ethnicity in Canada in which the authors address similar issues within the six major non Christian communities in Canada and within Canadian health care education and politics Walker in the Fog Jeffrey Gene Gundy,2005 The first book length treatment of the flowering of American Mennonite writing of the last two decades this book combines careful scholarship with Jeff Gundy s frank sometimes sardonic often funny deeply engaging commentary on Mennonite writing and culture Gundy explores important Mennonite authors Patrick Friesen William Stafford Julia Kasdorf Jean Janzen Keith Ratzlaff and many others as well as crucial issues and themes power and authority myths of origin and possibility heresy and community **The English Language in Canada** Charles Boberg,2010-08-26 The English Language in Canada examines the current status history and principal features of Canadian English focusing on the standard variety heard across the country today The discussion of the status of Canadian English considers the number and distribution of its speakers its relation to French and other Canadian languages and to American English its status as the expressive medium of English Canadian culture and its treatment in previous research The review of its history concentrates on the historical roots and patterns of English speaking settlement that established Canadian English and influenced its character in each region of

Canada The analysis of its principal features compares the vocabulary pronunciation and grammar of Canadian English to standard British and American English Subsequent chapters examine variation and change in the vocabulary and pronunciation of Canadian English while a final chapter briefly considers the future of Canadian English *Rewriting the Break Event* Robert Zacharias, 2013-10-26 Despite the fact that Russian Mennonites began arriving in Canada en masse in the 1870s Mennonite Canadian literature has been marked by a compulsive retelling of the mass migration of some 20 000 Russian Mennonites to Canada following the collapse of the Mennonite Commonwealth in the 1920s This privileging of a seminal dispersal within the community's broader history reveals the ways in which the 1920s narrative has come to function as an origin story or break event for the Russian Mennonites in Canada serving to affirm a communal identity across national and generational boundaries Drawing on recent work in diaspora studies *Rewriting the Break Event* offers a historicization of Mennonite literary studies in Canada followed by close readings of five novels that rewrite the Mennonite break event through specific strains of emphasis including a religious narrative ethnic narrative trauma narrative and meta narrative The result is thoughtful and engaging exploration of the shifting contours of Mennonite collective identity and an exciting new methodology that promises to resituate the discourse of migrant writing in Canada
