## **Samson Option:**

**The Samson Option** Seymour M. Hersh, 1991 Exposes one of the most well protected political military secrets of the Cold War *Bulletin of the Atomic Scientists*, 1992-03 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world *Strategic Review*, 1995 dedicated to the advancement and understanding of those principles and practices military and political which serve the vital security interests of the United States **Israel's Nuclear Option** Zaki Shalom, 2005-04-01 The discussions which pitted Israel's security concerns against the United States determined goal to stem nuclear proliferation produced a set of strategic understandings This book recounts the dialogue and related diplomatic activity that took place during the Kennedy and Johnson administrations and the Ben Gurion and Eshkol premierships **Surviving Amid Chaos** Louis René Beres, 2016-04-04 Now facing a genuinely unprecedented configuration of existential threats Israel's leaders must decide whether to continue their deliberate nuclear ambiguity policy the bomb in the basement as they consider such urgent and overlapping survival issues as regional nuclear proliferation Jihadist terror group intersections with enemy states rationality or irrationality of state and sub state adversaries assassination or targeted killing preemption and the probable effects of a Cold War II between Russia and the United States Israel must develop a strategic posture that will involve a suitably coherent and refined nuclear strategy This book critically examines Israel's rapidly evolving nuclear strategy in light of these issues and explains how it underscores the overarching complexity of strategic interactions in the Middle East The Samson Option Sharon Geyer, 2004 Samuel Rosen passed from this life into the next with no struggle no anxiety as the thin blade severed the artery in his throat His killer calmly stepped back out of the range of the spurting blood wiped off his knife with a corner of the duvet and whispered Allah Akbar God is great Far away in Bombay Ari Ben Chaim learns that four people in his life have been murdered by unknown assassins his adoptive parents a psychologist who treated him after he resigned from the Israeli Army even an old Englishwoman who had been his baby nurse many years before and Ari must find out why He returns to Israel in search of answers only to find more questions when he is kidnapped by a Muslim splinter group escapes and then is recruited by the Israeli intelligence service for a top secret mission into the heart of Iran's weapons program The Ezekiel Option Joel C. Rosenberg, 2010-09-29 Book 3 in the bestselling 5 book thriller series that has sold over 12 million copies If you only read one novel this year this is it The Ezekiel Option is brilliantly conceived Like an episode of 24 with a supernatural twist Rush Limbaugh 1 New York Times bestselling author The Ezekiel Option is an exciting action packed thriller based on one of the most important end times prophecies Tim LaHaye 1 New York Times bestselling author of the Left Behind series His novels seem to be ripped from the headlines next year's headlines Washington Times What if the end is closer than you think Saddam Hussein is gone Yasser Arafat is dead An American

president is trying to spread freedom and democracy throughout the Middle East But suddenly new evils loom on the horizon A dictator is rising in Russia Iran is feverishly building nuclear weapons A new Axis of Evil is emerging led by Moscow and Tehran And Jon Bennett and Erin McCoy two senior White House advisors find themselves facing the most chilling question of their lives Is the world rushing to the brink of an apocalypse prophesied more than 2 500 years ago **The Middle East and American National Security** Donald M. Snow,2021-07-30 As a new administration reshapes American security policy a leading scholar of U S foreign relations and national security reviews the most critical problems facing the Middle East and the United States policy and actions to address them **The Jewish Divide Over Israel** Paul Bogdanor,2017-07-05 Before 1967 Israel had the overwhelming support of world opinion So long as Israel s existence was in harmony with politically correct assumptions it was supported or at least accepted by the majority of progressive Jews especially in the wake of the Holocaust This is no longer the case The Jewish Divide Over Israel explains the role played by prominent Jews in turning Israel into an isolated pariah nation After their catastrophic defeat in 1967 Arabs overcame inferiority on the battlefield with superiority in the war of ideas Their propaganda stopped trumpeting their desire to eradicate Israel Instead in a calculated appeal to liberals and radicals they redefined their war of aggression against the Jews as a struggle for the liberation of Palestinian Arabs The tenacity of Arabs rejection of Israel and their relentless campaign in schools universities churches professional organizations and above all the news media to destroy Israel s moral image had the desired impact Many Jewish liberals became desperate to escape from the shadow of Israel s alleged misdeeds and found a way to do so by joining other members of the left in blaming Israeli sins for Arab violence Today Jewish liberals rationalize violence against the innocent as resistance to the oppressor excuse Arab extremism as the frustration of a wronged party and redefine eliminationist rhetoric and physical assaults on Jews as criticism of Israeli policy Israel s Jewish accusers have played a crucial and disproportionate role in the current upsurge of antisemitism precisely because they speak as Jews The essays in this book seek to understand and throw back the assault on Israel led by such Jewish liberals and radicals as Tony Judt Noam Chomsky George Steiner Daniel Boyarin Marc Ellis Israel Shahak and many others Its writers demonstrate that the foundation of the state of Israel far from being the primal sin alleged by its accusers was one of the few redeeming events in a century of blood and shame

**Nations Divided: Part of the addictive Jack Emery political thriller series** Steve P. Vincent,2017-12-29 Step into the intense world of the Jack Emery series by USA Today Bestselling author Steve P Vincent Nations Divided is a gripping political conspiracy thriller filled with suspense espionage and high stakes action Most people want peace A few will do anything to stop it The US President has achieved the impossible negotiating peace between Israelis and Palestinians But in a conflict this heated nothing is ever as simple as it seems and desperate people do terrible things As the countdown to peace reaches zero Jack Emery learns of a deadly plot to detonate nuclear weapons in America and the Middle East leaving millions dead and the peace agreement in tatters With only days to expose the plot Jack finds himself in a race against time to stop

the terrorists Facing betrayal violence and relentless enemies Jack must navigate a treacherous landscape to save millions of lives and ensure peace Readers who appreciate Andrew Warren The Thomas Caine series Lee Child The Jack Reacher series Rob Sinclair The Enemy series or Joel C Rosenberg The Marcus Ryker series will love one of the best thriller series available today New to the series Download the first story Fireplay for free Also in the series Book 0 5 Fireplay FREE Book 1 The Foundation Book 2 State of Emergency Book 3 Nations Divided Book 4 One Minute to Midnight *See No Evil* Jim DeBrosse,2018-03-29 After more than fifty years of new evidence and new theories the Warren Commission s claim that Lee Harvey Oswald acted alone and without clear motive in assassinating John F Kennedy has become a wheezing jalopy running on missing and broken parts and fueled with lies And yet the U S media continue to support its findings as the only factual explanation for the murder of JFK Why does the media marginalize and even ridicule more plausible conspiracy theories when the majority of American people long ago wrote off the Warren Report as a cover up *See No Evil* analyzes the built in biases of the U S corporate media exposes its complicity in the whitewashing and advocates for the broadest possible investigation into the key players who may have been responsible for the Crime of the Twentieth Century including the CIA Organized Crime and Israel This book is meant for readers who seek the truth no matter where it leads **Out of Bounds** Matthew Abraham,2014-01-02 Academic freedom is a key element of the academic enterprise in the U S However it does not seem to exist when scholars seek to advocate on behalf of Palestinian self determination This unique work examines how the knowledge power nexus is shaping the discourse around the Israel Palestine conflict and restricting academic freedom Beginning with a discussion of American Zionism the work proceeds to explain why scholars working on the question of Palestine are often denied standard academic freedom This is supported by prominent cases such as Norman G Finkelstein s denial of tenure the Middle East Studies Department at Columbia University and Mearsheimer and Walt s book The Israel Lobby The work of Edward Said and Noam Chomsky are also discussed and the book concludes with recommendations for protecting intellectual freedom to those seeking to critically pursue the question of Palestine This scholarly study will appeal to a broad audience of faculty students and readers who seek to understand the importance of academic freedom and the thorny debates surrounding the Israel Palestine conflict **Jerusalem Betrayed** Michael D. Evans,1997-03-16 From one of America s leading experts on Israel and the Middle East this riveting book is the true story of what is happening in the cabinet rooms and war rooms across the world Jerusalem s final betrayal brokered in the name of the Middle East **The Sword and the Star** Daymon Andrews,2008-02 The Sword and the Star is a political thrill ride ripped from tomorrow s headlines The European Union President has severed all ties with the United States and has dissolved NATO Iran s nuclear facilities have been destroyed by Israel What should be the prelude to war leads to a peace treaty in the Middle East brokered by the European Union or so it appears In The Sword and the Star author Daymon Andrews takes the reader on a twisting roller coaster ride of political intrigue as Alex Stanton Special Assistant to the President uncovers a potential threat

to the peace Faith and politics collide as Alex races to find proof before a nuclear holocaust is unleashed **Showdown with Nuclear Iran** Michael D. Evans, 2009-07-20 Is the world ready for nuclear Jihad Showdown with Nuclear Iran is a gripping and detailed expos of Iran's relentless pursuit of atomic weapons and its apocalyptic goal of wiping Israel off the face of the earth Michael D Evans who has been working in the Middle East for the last three decades cuts through the official lies and deceptions of the Iranian government and reveals in terrifying detail how close the radical Islamic republic is to fulfilling its nuclear ambitions how Iran's president believes he has a divine mission to destroy Israel and cripple the United States in a nuclear holocaust and what America must do to avert this global disaster With the Middle East poised at the brink Showdown with Nuclear Iran provides much needed perspective on the current crisis and the dire threat that a nuclear Iran poses to the existence of Israel and global stability The most detailed account of the Iranian regime's determination policy and plan to acquire military nuclear capabilities Mike Evans delves into the roots of the Iranian revolution and explores Iranian history to better understand a major challenge to the western world he compellingly analyzes policy options for confronting this threat Lt Gen Moshe Ya Alon red former Chief of Staff Israeli Defense Force

**Communication, Legitimation and Morality in Modern Politics** Uriel Abulof, Markus Kornprobst, 2017-11-28 Why This question drives scientific inquiry not least in the social sciences why war revolution racism and inequality Asking and debating about why however is not the prerogative of scholars social actors endowed with thought reflection and speech do it too While we all dance to the beat of genes emotions identities and habituated norms we occasionally stop to ask why The social sciences have been long preoccupied with the ostensibly objective why while sidelining the social intersubjective why This book focuses on the latter analysing the social actors search for justification in their public political sphere Justifications broadly understood are answers to why questions given and debated by social actors The chapters focus on public justifications While the contributors do not submit that private encounters addressing why questions do not matter they choose to put public encounters addressing these questions under scrutiny Given the ongoing telecommunications revolution and new political practices associated with it these public encounters become increasingly pertinent in our evolving political orders This book originally published as a special issue in Contemporary Politics **Military Industry and Regional**

**Defense Policy** Timothy D. Hoyt, 2017-07-05 Military Industry and Regional Defense Policy re examines military industrialization in the developing world focusing on policy making in producer states and the impact of security perceptions on such policy making Timothy D Hoyt reassesses the role of regional state sub systems in international relations and recent historical studies of international technology and arms transfers Looking at Israel Iraq and India the three most powerful regional powers in the Cold War era he presents an expert analysis of the three sided phenomena of the regional hegemony the regional competitor and the small over achiever This new book breaks away from existing literature on military industries in the developing world which has focused on their economic and development costs and benefits These past studies have

used primitive methodologies that focus on the production of complete weapons systems a misleading gauge in a world of growing international defense cooperation They have also ignored empirical evidence of the impact of local military industrial production on Cold War regional conflict and of the defence planning and concerns that drove development of indigenous military industries in key regional powers This new text delivers an incisive new perspective *Strategic Culture and Weapons of Mass Destruction* K. Kartchner, J. Johnson, 2009-01-05 This book describes strategic culture and its value as a methodological approach to the study of International Relations In particular the book uses strategic culture to illuminate a number of case studies on countries that have made decisions regarding the acquisition proliferation or use of weapons of mass destruction **Parameters** ,2007 **The Paranoid Style in American Diplomacy** Brandon Wolfe-Hunnicut, 2021-06-01 A new history of Middle East oil and the deep roots of American violence in Iraq Iraq has been the site of some of the United States longest and most sustained military campaigns since the Vietnam War Yet the origins of US involvement in the country remain deeply obscured cloaked behind platitudes about advancing democracy or vague notions of American national interests With this book Brandon Wolfe Hunnicutt exposes the origins and deep history of US intervention in Iraq The Paranoid Style in American Diplomacy weaves together histories of Arab nationalists US diplomats and Western oil execs to tell the parallel stories of the Iraq Petroleum Company and the resilience of Iraqi society Drawing on new evidence the private records of the IPC interviews with key figures in Arab oil politics and recently declassified US government documents Wolfe Hunnicutt covers the arc of the twentieth century from the pre WWI origins of the IPC consortium and decline of British Empire to the beginnings of covert US action in the region and ultimately the nationalization of the Iraqi oil industry and perils of postcolonial politics American policy makers of the Cold War era inherited the imperial anxieties of their British forebears and inflated concerns about access to and potential scarcity of oil giving rise to a paranoid style in US foreign policy Wolfe Hunnicutt deconstructs these policy practices to reveal how they fueled decades of American interventions in the region and shines a light on those places that America s covert empire builders might prefer we not look
