Samtliche Fabeln:

Sämtliche Fabeln Jean de La Fontaine, 2021-04-26 Wer kennt sie nicht aus seiner Schulzeit die sprechenden Tiere der Fabeln La Fontaines Anders als die antiken Fabeln sind die Texte des Franzosen prägnant, am besten und leicht lesbar La Fontaine verzichtet auf den belehrenden Duktus der antiken Vorbilder Nicht mit erhobenem Zeigefinger sondern durch Witz und Ironie führt er die Leser zum richtigen moralischen Urteil Das macht Fabeln wie Der Rabe und der Fuchs Die Grille und die Ameise oder Stadtratte und Landratte auch noch am diesjährigen 400 Geburtstag des Autors zum unterhaltsamen und zeitlosen Lesegenuss für Groß und Klein

Resisting Pluralization and Globalization in German Culture, 1490-1540 Peter Hess, 2020-10-26 A critical reading of both literary and non literary German texts published between 1490 and 1540 exposes a populist backlash against perceived social and political disruptions the dramatic expansion of spatial and epistemological horizons and the growth of global trade networks These texts opposed the twin phenomena of pluralization and secularization which promoted a Humanist tolerance for ambiguity boosted globalization and spatial expansion around 1500 and promoted new ways of imagining the world Part I considers threats to the political order and the protestations against them above all a vigorous defense of the common good Part II traces the intellectual and epistemological upheaval triggered by the spatial discoveries and the new methods of visual and verbal representation of space Part III examines the nationalistic backlash triggered by the rising global trade and related abusive trading practices and by perceived undue foreign influences It is the basic premise of this book that the texts examined here protested the observed disruptions of the status quo and sought to reestablish a stable imperial order in the face of political and social upheaval and of the felt cultural decline of the German nation **Gotthold Ephraim Lessings**

The title of this volume indicates more than a referential relationship Representing Religious Pluralization entails not just the various ways in which the historical processes of pluralization were reflected in texts and other cultural artefacts but also crucially the cultural work that spawned these processes Reflecting driving shaping and subverting religious systems representation becomes a divisive force in Reformation Europe as religious pluralization erupts in a contest over how to conceive to symbolize and to perform religious belief The essays in this book offer a broad range of perspectives on the pluralizing effects of cultural representation as well as on the various attempts at containing them **Schoenes**
