This study starts from the assumption that we do not and that this arises from an unwillingness to face up to the central philosophical issues implicit in his work By associating Samuel Beckett with the philosophy of Heidegger Sartre and more experimentally Hegel this study attempts to illuminate Beckett with the help of these philosophers on the assumption that his work offers objective correlatives of their central insights      Samuel Beckett: Waiting for Godot Ruby Cohn, 1987

Each of the contributors is an eminent Beckett specialist who has published widely in the field. The volume contains an introduction, twelve essays and a guide for further reading.

Critique of Beckett Criticism Peter John Murphy, 1994 A survey of Beckett criticism in English, French and German. Samuel Beckett 1906-1989 is an important figure in 20th century literary history; his plays such as *Waiting for Godot* and *Endgame* have acquired a world-wide reputation and his novels have proved important touchstones for the critical debates in contemporary literary theory. Born in Dublin, Beckett spent most of his writing life in France and wrote equally well in French and English; his German was also fluent, allowing him to direct his own plays in German theatres. Any attempt to deal with Beckett must therefore consider the critical response his works have provoked in all three languages. *A Critique of Beckett Criticism* is the first attempt in book form to give a comprehensive survey of the history and scope of Beckett criticism in French, English and German. Three parallel chapters examine the three major strands of Beckett criticism, retracing its development using a historical perspective and pointing out different trends, currents and fashions in opinion. Directions for further research are also suggested.

P. J. MURPHY is a lecturer in contemporary British literature at the University College of the Cariboo, British Columbia. WERNER HUBER is a professor of English literature at Chemnitz University of Technology. ROLF BREUER is professor of English literature at the University of Paderborn. KONRAD SCHOELL is professor of French literature at the Pädagogische Hochschule Erfurt.

*Critical Essays on Samuel Beckett* Lance St. John Butler, 1993 This is an anthology of Beckett criticism from the earliest reviews to the advanced work that was being done at the time of his death and is designed to give scholars and students of Beckett's work access to material that they would otherwise have difficulty finding.

Samuel Beckett Harold Bloom, 2011 Irish dramatist and novelist Samuel Beckett received the 1969 Nobel Prize in Literature for his highly acclaimed body of work, including the play *Waiting for Godot*, his best-known work and a staple of the modern stage. Half a century after it was first published, the play is considered the forerunner of the plays of Ionesco, Pinter, Stoppard and others. Harold Bloom introduces this volume of new critical essays about Beckett and his works, which is complete with a chronology of the author's life, a bibliography of his works and an index.

**Routledge Library Editions: Beckett** Various, 2022-07-30 This collection of five previously out-of-print titles examines Samuel Beckett's works and their impact on the theatre and on people who came into creative contact with his ideas. His plays are assessed as are his works for film and television. A titan of original thinking, these books by leading Beckett scholars analyse how his creative vision was expressed and how it revolutionised not just the world of theatre but also of the wider world of the arts.

**Samuel Beckett and the Encounter of Philosophy and Literature** Anthony Uhlmann, 2013 This title presents a collection of critical essays investigating the complex encounter between Beckett's works

and the discourse of philosophy      **Three Dialogues Revisited** Marius Buning, 2003      **Drama as Rhetoric/rhetoric as Drama** Stanley Vincent Longman, 1997 Inasmuch as drama seeks to keep an audience engaged it takes on rhetorical qualities likewise rhetorical endeavour may employ dramatic appeal Centuries ago Aristotle's companion pieces *The Rhetoric* and *The Poetic* generated crosscurrents of critical thought about rhetoric and dramatic theory Recently such critic theorists as Kenneth Burke Ernest Bormann Elder Olson Paul de Man and others have stirred up these currents afresh The contributors to this volume take new approaches to enduring issues
