Samuel Beckett Photographs:

Samuel Beckett John Minihan,1996 The most remarkable thing about this collection of photographs of Samuel Beckett is that it exists at all for Beckett was notoriously elusive throughout his life When he was awarded the Nobel Prize for Literature journalists were unable to locate him for interviews and photographs he did not even go to Stockholm to accept the prize Collected here is a series of photographs by the Irish photographer John Minihan that presents a view of Beckett that has long been missing Minihan s photographs take a rare and intimate look into the life of this intensely private person Beckett is seen at work directing several of his plays and relaxing in the cafes he loved he is seen alone and with friends Writing with wit and affection Aidan Higgins says in his introduction Despite his frigid bearing and frosty mien there was something warm and endearing about him Few if any ever called him Samuel it was always Sam One was privileged to know Sam Beckett for his likes will not come again such generosity of spirit was rarer than radium This book will introduce Beckett anew and will add the reader to those who are privileged to know him **In Close-up** ,1987 **Images of Beckett** James Knowlson,2003-09-11 Essays by Beckett s biographer and friend and hitherto unknown photographs by one of the leading theatre photographers in the field Photographs of Francis Bacon, Samuel Beckett, William S. Burroughs John Minihan,1990 **Samuel Beckett and the Philosophical Image** Anthony Uhlmann,2006-12-14 A revolutionary reading of Beckett s aesthetic and philosophical interests Beckett in Popular Culture P.J. Murphy,Nick Pawliuk,2015-12-11 What do Bono Seinfeld and Apple have in common Nothing However it s the nothing of Samuel Beckett which is something Bold and provocative Beckett s works and even his image are a potent force in modern society Shoes marketing baby names all fall under his spell This collection of new essays one exception finds him incorporated into virtually all aspects of popular culture television popular fiction movies tattoos even sports in a manner that seems to defy classifying Is it image making or image taking Why is our culture so obsessed with an obscure Irish writer most people have not read Each essay provides a unique appraisal of Beckett s branding Samuel Beckett's Poetry James Brophy,William Davies,2022-12-22 The first book length study of Samuel Beckett s complete poetry combining new work from major literature critics and new critical perspectives

Beckett's Imagined Interpreters and the Failures of Modernism Nick Wolterman,2022-07-20 Samuel Beckett s work is littered with ironic self reflexive comments on presumed audience expectations that it should ultimately make explicable sense An ample store of letters and anecdotes suggests Beckett s own preoccupation with and resistance to similar interpretive mindsets Yet until now such concerns have remained the stuff of scholarly footnotes and asides Beckett s Imagined Interpreters and the Failures of Modernism addresses these issues head on and investigates how Beckett s ideas about who he writes for affect what he writes What it finds speaks to current understandings not only of Beckett s techniques and ambitions but also of modernism s experiments as fundamentally compromised challenges to enshrined ways of understanding and organizing the social world Beckett s uniquely anxious audience targeting brings out similarly self

doubting strategies in the work of other experimental twentieth century writers and artists in whom he is interested his corpus proves emblematic of a modernism that understands its inability to achieve transformative social effects all at once but that nevertheless judiciously complicates too neat distinctions drawn within ongoing culture wars For its re evaluations of four key points of orientation for understanding Beckett s artistic ambitions his arch critical pronouncements his postwar confections of value and valuelessness his often ambiguous self commentary and his sardonic metatheatrical play as well as for its running dialogue with wider debates around modernism as a social phenomenon this book is of interest to students and researchers interested in Beckett modernism and the relations between modern and contemporary artistic and social developments
