Three Approaches to Biblical Metaphor Mordechai Z. Cohen, 2021-10-01 This volume explores how the poetic technique of biblical metaphor was analyzed within the Jewish exegetical tradition that developed in Muslim Spain during the Golden Age of Hebrew poetry and was then transplanted to a Christian milieu Abraham Ibn Ezra and Maimonides applied concepts from Arabic poetics hermeneutics and logic to define metaphor and interpret it within their philological literary readings of Scripture David Kimhi integrated their methodologies with the midrashic creativity and sensitivity to nuance typical of his native Provence to create a new literary interpretive system that highlights the expressiveness of metaphor This study is important for readers interested in metaphor the Bible as literature the history of biblical interpretation and the inter relation between Arabic and Hebrew learning

Halakha and the Challenge of Israeli Sovereignty Asaf Yedidya, 2019-05-24 *Halakha and the Challenge of Israeli Sovereignty* examines the issues surrounding national political and religious sovereignty from the vantage point of halakha and its evolution The work analyzes the efforts of the interpretative communities who

adhered to halakha the rabbinical authorities as well as other groups who endeavored to help or to change it the Jewish jurists in Eretz Israel who sought to integrate sections of halakha into the Jewish collective and the religious academics who wanted more meaningful recognition of halakha in non halakhic values The assessment extends from the beginning of the Jewish national movement in the last two decades of the 19th century to the first two decades of the State of Israel when weighty problems arose that required a halakhic response to the challenge of sovereignty In this the volume sheds light on the pliable nature of the concept of halakha particularly in conjunction with its application to the notion of sovereignty

Jewish Law Annual (Vol 6) Bertrand Jackson, 2016-12-05 First Published in 1987 This is Volume six of the annual published under the auspices of the Institute of Jewish Law of the Boston University School of Law The symposium on the Philosophy of Jewish Law which forms the main content of both this and the next issue represents a major contribution to an area of investigation which has attracted increasing interest in recent years *The Geonim of Babylonia and the Shaping of Medieval Jewish Culture* Robert Brody, Yerahmi'el Brody, 1998-01-01 The Geonic period from about the late sixth to mid eleventh centuries is of crucial importance in the history of Judaism The Geonim for whom this era is named were the heads of the ancient talmudic academies of Babylonia They gained ascendancy over the older Palestinian center of Judaism and were recognized as the leading religious and spiritual authorities by most of the world's Jewish population The Geonim and their circles enshrined the Babylonian Talmud as the central canonical work of rabbinic literature and the leading guide to religious practice and it was a predominantly Babylonian version of Judaism that was transplanted to newer centers of Judaism in North Africa and Europe Robert Brody's book the first survey in English of the Geonic period in almost a century focuses on the cultural milieu of the Geonim and on their intellectual and literary creativity Brody describes the cultural spheres in which the Geonim were active and the historical and cultural settings within which they functioned He emphasizes the challenges presented by other Jewish institutions and individuals ranging from those within the Babylonian Jewish setting specially the political leadership represented by the Exilarch to the competing Palestinian Jewish center and to sectarian movements and freethinkers who rejected rabbinic authority altogether He also describes the variety of ways in which the development of Geonic tradition was affected by the surrounding non Jewish cultures both Muslim and Christian This book is a fresh and thorough examination of the period in question a masterpiece of scholarship and erudition Neil Danzig Jewish Theological Seminary *Jewish Manuscripts, Prayers and Scholars* Stefan C. Reif, 2024-12-30 The introduction offers some thoughts on each of the four areas covered by the essays and draws some broad conclusions Studies of the history of manuscripts and of their acquisition demonstrate their impact on research into Jewish studies and on modern Judaism's understanding of itself What emerges from liturgical studies here included is how important it is not only to analyze texts but also to identify overall historical geographical and cultural developments Prayer may have been used as an educational tool and in turn influenced educational ideas and agendas The liturgical themes that occur and recur over the centuries and

especially in the talmudic and medieval periods reflect the ideological and theological notions that lie behind prayer texts and the variant forms that they take Some common prayers are seen to include concepts of time views of creation attitudes to non Jews and definitions of Jewish peoplehood The appreciations of some leading modern scholars of Jewish studies set them in their educational historical and religious contexts and indicate what they had in common as experts in scientific Jewish studies as well as what remained individual about their lives research publications and achievements **Jewish Law**
