San Antonio Werner Stebner,1990 **Our House in the Clouds** Judy Blankenship,2013-04-04 While many baby boomers are downsizing to a simpler retirement lifestyle photographer and writer Judy Blankenship and her husband Michael Jenkins took a more challenging leap in deciding to build a house on the side of a mountain in southern Ecuador They now live half the year in Ca ar an indigenous community they came to know in the early nineties when Blankenship taught photography there They are the only extranjeros outsiders in this homely chilly town at 10 100 feet where every afternoon a spectacular mass of clouds rolls up from the river valley below and envelopes the town In this absorbing memoir Blankenship tells the interwoven stories of building their house in the clouds and strengthening their ties to the community Although she and Michael had spent considerable time in Ca ar before deciding to move there they still had much to learn about local customs as they navigated the process of building a house with traditional materials using a local architect and craftspeople Likewise fulfilling their obligations as neighbors in a community based on reciprocity presented its own challenges and rewards Blankenship writes vividly of the rituals of births baptisms marriages festival days and deaths that counterpoint her and Michael s solitary pursuits of reading writing listening to opera playing chess and cooking Their story will appeal to anyone contemplating a second life as well as those seeking a deeper understanding of daily life in the developing world

Queer Carnival Amy L. Stone,2022-04-12 As LGBTQ people gain more legal rights it s important to think of more complex ways of being included in society From the Mardi Gras celebrations in the Deep South to the Mummers Parade in Philadelphia to the Portland Rose Festival communities across the United States gather together to celebrate participate in parades encourage tourism cultivate local traditions and craft a sense of place I am interested in large public festivals like Fiesta San Antonio that are intended to include everyone in the city because these festivals are supposed to be a time when the city comes together as one to appreciate the diverse contributions of people within the city During festivals whose culture gets included and valued which events are allowed and how different communities are represented become socially significant and fraught questions Festival participation can be a rich site for LGBTQ participants to be valued for their cultural differences and find a sense of belonging in the city
