McTeague; And, a Man's Woman Frank Norris,2013-11 A Social Manual for San Francisco and Oakland ,2015-07-21
Excerpt from A Social Manual for San Francisco and Oakland With Addresses of People of Society Membership of Clubs and Miscellaneous Matter for Social or Business Use The name Social Manual which the editor has given to this hook explains its purpose It is merely a hand book for ready reference It aims not to direct society but to aid it by furnishing the kind of information which society specially needs This is simply its excuse for being and this relieves it from whatever aspersions may be cast upon it for its alleged effort to segregate and define our local world of fashion The lines which it draws are not arbitrary No one is stigmatized by being omitted from its lists It cannot be regarded as the expression of individual opinion for a score or more representatives of the best society in San Francisco have given their advice and active assistance in its preparation The work is of a character that precludes the idea of infallibility The information given includes many particulars of a personal nature all of which have had to be elicited by director indirect inquiry It was impossible to see every person whose name is mentioned and facts filtered through many media gain more or less inaccuracy in transmission Human memories have the fallibility of their possessors Further than this society is subject to constant fluctuations Any social directory that is right to day must necessarily in some respects be wrong to morrow If therefore the book is judged by that which is in it and is accurate rather than by that which is casually incorrect or omitted he will gain a better idea of its true value and of the very considerable labor that has entered into its compilation and composition About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
