Antología San Ignacio de Loyola: Ejercicios Espirituales (con Notas) San Ignacio de Loyola, 2017-03-05 Ejercicios espirituales San Ignacio de Loyola

A Companion to Ignatius of Loyola, 2014-08-28 The Companion to Ignatius of Loyola aims at placing Loyola's life, his writings and spirituality in a broader context of important late medieval and early modern movements and processes that have been appreciated too little by historians who explored Ignatius more as the colossal icon of the so called Counterreformation than as a man influenced by the dramatic and revolutionary period in which he lived. One book will be never able to cover all aspects of such rich and controversial a figure as Ignatius of Loyola but the fifteen chapters of this volume indicate important directions of current scholarship that reassesses the previous scholarship and suggests new angles of studies on this pivotal figure of early modern period. An interview with editor Robert A. Maryks about this Companion is available on YouTube

The Spiritual Exercises of Saint Ignatius of Loyola Terence O'Reilly, 2020-10-20 In The Spiritual Exercises of Saint Ignatius Loyola: Contexts, Sources, Reception Terence O'Reilly examines the historical, theological and literary contexts in which the Exercises took shape. The collected essays have as their common theme the early history of the Spiritual Exercises and the interior life of Ignatius Loyola to which they give expression. The traditional interpretation of the Exercises was shaped by writings composed in the late sixteenth century reflecting the preoccupations of the Counter Reformation world in which they were composed. The Exercises however belong in their origins to an earlier period before the Council of Trent and the full recognition of this fact and of its implications has confronted modern scholars with fresh questions about the sources, evolution and reception of the work

Enciclopedia Akal de Emblemas Españoles Ilustrados Antonio Bernat Vistarini, John T. Cull, Edward John Vodoklys, 1999-05-27 La obra contiene extractados todos los libros de emblemas que se publicaron en España durante los siglos XVI y XVII. Se trata de un material de difícil acceso que de este modo se pone a disposición del lector ya sea investigador o mero aficionado a la riquísima cultura simbólica cifrada en el género de la literatura emblemática. El libro se presenta en primera instancia como índice alfabético de los motivos iconográficos principales presentes en cada emblema. Pero además se podrá acceder a los emblemas mediante búsquedas realizadas a partir de los índices complementarios de autores, lemas, fuentes y claves temáticas aparte de los motivos iconográficos secundarios. Completa el volumen un glosario terminológico y de personajes que ayuda a la comprensión de los significados. El desarrollo de los estudios de emblemática en el ámbito internacional existe una extensa Society for Emblem Studies ha hecho aconsejable introducir traducción al inglés de los campos de información más relevantes. Y las ventajas que proporcionan las nuevas tecnologías han sido aprovechadas con la incorporación de un CD ROM ejecutable por igual en los sistemas Macintosh y PC que agiliza la combinación de búsquedas complejas. Tanto el CD ROM como el libro reproducen los grabados de los 1.732 emblemas estudiados

A Pilgrim's Journey Saint Ignatius (of Loyola), 2001 Saint Ignatius of Loyola was a man who saw above and beyond his century a man of vision and calm hope who could step comfortably into our era and the Church of our time and show us how to draw closer to Christ Ignatius autobiography spans eighteen very important years of this saint's 65 year life from his wounding at Pamplona 1521 through his conversion his university studies and his journey to Rome in order to place his followers and himself at the disposal of the Pope These critical years reveal the incredible transformation and spiritual growth in the soul of a great saint and the events that helped to bring about that change in his life This classic work merits a long life Apart from providing a splendid translation of the saint's original text Father Tylenda has included an informative commentary which enables the modern reader to grasp various allusions in the text and to gain a better view of a saintly man baring his soul

Sanctuaries of Earth, Stone, and Light Gloria Fraser Giffords, 2022-08-23 Over nearly three centuries Jesuit Franciscan and Dominican missionaries built a network of churches throughout the new world of New Spain Since the early twentieth century scholars have studied the colonial architecture of southern New Spain but they have largely ignored the architecture of the north However as this book clearly demonstrates the colonial architecture of Northern New Spain an area that encompasses most of the southwestern United States and much of northern Mexico is strikingly beautiful and rich with meaning After more than two decades of research both in the field and in archives around the world Gloria Fraser Giffords has authored the definitive book on this architecture Giffords has a remarkable eye for detail and for images both grand and diminutive Because so many of the buildings she examines have been destroyed she sleuthed through historical records in several countries and she discovered that the architecture and material culture of northern New Spain reveal the influences of five continents As she examines objects as large as churches or as small as ornamental ceramic tile she illuminates the sometimes subtle sometimes striking influences of the religious social and artistic traditions of Europe from the beginning of the Christian era through the nineteenth century of the Muslim countries ringing the Mediterranean from the seventh through the fifteenth centuries and of Northern New Spain's indigenous peoples whose art influenced the
