 Matovina,Gary Riebe-Estrella,2018-08-06 Horizons of the Sacred explores the distinctive worldview underlying the faith and
 lived religion of Catholics of Mexican descent living in the United States Religious practices including devotion to Our Lady
 of Guadalupe celebration of the Day of the Dead the healing tradition of curanderismo and Good Friday devotions such as the
 Way of the Cross Via Crucis reflect the increasing influence of Mexican traditions in U S Catholicism especially since
 Mexicans and Mexican Americans are a growing group in most Roman Catholic congregations In their introduction Timothy
 Matovina and Gary Riebe Estrella analyze the ways Mexican rituals and beliefs pose significant challenges and opportunities
 for Catholicism in the United States Original essays by theologians historians and ethnographers provide a rich
 interdisciplinary dialogue on how religious traditions function for Mexican American Catholics revealing the symbolic world
 at the heart of their spirituality The authors speak to the diverse meanings behind these ceremonies explaining that Mexican
 American and other Latino Catholics use them to express not only religious devotion but also ethnic identity and patriotism
 solidarity and in some cases their condition as exiles The result is a multilayered vision of Mexican American religion which
 touches as well on issues of racism and discrimination poverty and the role of women *The Photographic Historical*

 Poe,2015-07-17 This book introduces readers to a little known place and time in world history early modern Russia from its
 beginnings as Muscovy in the fourteenth century through the reign of Peter I 1689 1725 by portraying the lives of
 representative individuals from the major levels of the society of that era The portraits written by professional historians are
 imaginative reconstructions or composites of individual lives rather than biographies The portraits are arranged into socio
 political categories and include members of ruling families government servitors clerks military personnel church prelates
 monks provincial landowners townspeople and artisans Siberian explorers and traders free peasants serfs slaves and holy
 fools Using these portraits the book brings old Russian society to life in an interesting way **Painting Texas History to**
1900 Sam DeShong Ratcliffe,2014-11-06 Certificate of Commendation American Association for State and Local History
 1994 T R Fehrenbach Book Award Texas Historical Commission 1992 San Antonio Conservation Society Citation 1993
 Dramatic historical events have frequently provided subject matter for artists particularly in pre twentieth century Texas
 where works portraying historical often legendary events and individuals predominated Until now however these paintings of
 Texas history have never received the kind of study given to historical fictional and film versions of the same events Painting

Texas History to 1900 fills this gap with an interdisciplinary approach that explores these paintings both as works of art and as historical documents. The author examines the works of more than forty artists including Henry McArdle, Theodore Gentilz, Robert Onderdonk, William Huddle, Frederic Remington, Friedrich Richard Petri, Arthur T. Lee, Seth Eastman, Sarah Hardinge, Frank Reaugh, W. G. M. Samuel, Carl G. von Iwonski, and Julius Stockfleth. He places each work within its historical and cultural context to show why such subject matter was chosen, why it was depicted in a particular way, and why such a depiction gained popular acceptance. For example, paintings of heroic events of the Texas Revolution were especially popular in the years following the Civil War when, in Ratcliffe's view, Texans needed such images to assuage the loss of the war and the humiliation of Reconstruction. Though the paintings cut across traditional art history categories from the pictographs of early historic Indians to European inspired oil paintings, they are bound together by their artists' intent for them to function as historically evocative documents. With their visual narratives of events that characterized all of America's westward expansion—Indian encounters, military battles, farming, ranching, surveying, and the closing of the frontier—these works add an important chapter to the story of the American West.

The Pageant of America, a Pictorial History of the United States, 1928 *Undaunted* Charles H. Russell, 2005-10-20

Elise Waerenskjold is known to fans of Texas women writers as the lady with the pen from the title of a book of her writings. A forward-looking journalist, she sent letters and articles back to Norway that encouraged others to follow her footsteps to Texas, where a small colony of Norwegian settlers were making a new life alongside but distinct from other European immigrants. *Undaunted* is the first full biography of Waerenskjold during her Texas years, a life story that shows much about Texas, especially in the Norwegian colonies from 1847 until near the end of the century. Moreover, it tells the story of a strong and independent thinker who championed women's rights, was pro Union and against slavery, though her husband was in the Confederate army and was subsequently murdered in Reconstruction-era violence, and left an intriguing body of writing about life on the edges of Texas settlement. Charles Russell's vivid account of Waerenskjold describes not only her influence among her countrymen but also her own life, which was a saga of considerable drama itself. It offers a clear and entertaining window onto immigrant life in Texas and the issues that shaped women's lives and elicited their talents in an earlier century.
