**Iran Sanctions** Shirzad Azad,2022-05-17 This book explores how international sanctions on Iran reshaped the contours of East Asia s interactions with the Middle Eastern state Almost all East Asian political entities from the industrialized and developed nations of Japan and South Korea to the communist and developing countries of China and North Korea have become major international partners of Iran over the past several decades In addition East Asian states were by and large thought to be among leading foreign beneficiaries of Iran sanctions and the overall impacts of sanctions in transforming both the scope and size of their rather multifaceted connections to the Middle Eastern country have been consequential Despite its significance academic studies about this topic have remained sparse and scattered This book aims to partially fill that research lacuna by surveying all relevant information and data available in the archives of several languages including Chinese English Japanese Korean and Persian While the book strives to cover the entire sanctions period most of the analysis focuses on the past one and a half decades when Iran came under the severest sets of international sanctions It was during this particular time period that international quandary over the Iranian nuclear program led to a slew of far reaching penalties and stringent restrictions levied against Iranians by the United Nations and the United States These recent waves of international sanctions and limitations transformed many quintessential characteristics of East Asia s interactions with Iran Such sanctions induced critical developments and changes moreover are bound to play an instrumental role in the direction and volume of exchanges between East Asian states and Iran in the coming years and decades **Economic**

**Russia and the World in the Putin Era** Roger E. Kanet, Dina Moulioukova, 2021-09-27 This volume examines the role of Russia in the world under President Putin's rule When the Soviet Union disintegrated after the Cold War Russia seemingly embarked on the establishment of a democratic political system and seemed intent on joining the liberal international order However under President Putin's rule there have been dramatic shifts in Russian domestic and foreign policies in order to re-establish itself as a great power This book examines broad aspects of Russian political culture and threat perception such as Russia's reaction to NATO expansion its information warfare and energy policies and its policy towards the Global South especially the Middle East and Africa The objective of the analyses is to explain the factors that influence Russian foreign policy and to show how and why Russian relations with the European Union and the United States have deteriorated so rapidly in recent years The volume introduces an alternative approach to the standard realist perspective which often underlies existing analyses of Russian policy namely the work offers a theoretical perspective that focuses on the Russian sense of identity and on ontological security This book will be of much interest to students of Russian foreign policy security studies and International Relations

The Lost Peace Richard Sakwa,2023-01-01 The end of the Cold War was an opportunity our inability to seize it has led to today s renewed era of great power competition An eloquent and persuasive argument about how the world squandered the promise of the end of the Cold War Maria Lipman Foreign Affairs The year 1989 heralded a unique prospect for an enduring global peace as harsh ideological divisions and conflicts began to be resolved Now three decades on that peace has been lost With war in Ukraine and increasing tensions between China Russia and the West great power politics once again dominates the world stage But could it have been different Richard Sakwa shows how the years before the first mass invasion of Ukraine represented a hiatus in conflict rather than a lasting accord and how since then we have been in a Second Cold War Tracing the mistakes on both sides that led to the current crisis Sakwa considers the resurgence of China and Russia and the disruptions and ambitions of the liberal order that opened up catastrophic new lines of conflict This is a vital strongly argued account of how the world lost its chance at peace and instead saw the return of war in Europe global rivalries and nuclear brinksmanship

Fierke,2005-04-22 Diplomatic Interventions argues that war is

a social construction In so doing it unsettles the definition of intervention as a coercive interference by one state in the affairs of another to examine the range of communicative or diplomatic practices which through their presence modify the experience of war The tension between claims that war is pervasive and that war is a social construct is analysed in relation to a range of moral legal military economic cultural and therapeutic interventions The concluding chapter highlights how the book itself is a critical intervention that requires us look at again from a new angle at international practice
