## **Sanctions Against South Africa The Peaceful Alternative To Violent Change:**

**Sanctions Against South Africa** United Nations, 1988 Includes a selective bibliography 1981 1986 Effective Sanctions on South Africa George W. Shepherd, 1991-03-30 This work as its title suggests is a testament to the fact that economic sanctions are effective instruments of change in South Africa George W Shepherd Jr and the other contributing writers provide us with a glimpse inside South Africa as well as a reflection of the emerging humanitarian global system Shepherd and the others demonstrate both theoretically and empirically important lessons in the use and effectiveness of international and nongovernmental economic sanctions in influencing the internal affairs of other nations in order to limit human rights violations After an introductory chapter on effective sanctions and the economic impact in South Africa contributed chapters demonstrate that the international legal basis for racial equality in the world is not spent Others point to the role of nongovernmental organizations in pressuring corporations and banks the possibility of influencing ruling elites the shift in U S policy to include sanctions in its anti apartheid stance and the replacement of Western military support of apartheid by growing international economic prohibition of new investments and limitations of trade Most significantly this book shows how the economy and politics of South Africa have been moved toward negotiations by both external and internal anti apartheid pressures This important new book concludes with a thorough bibliography and helpful indices that document the actions taken against South Africa

**African International Relations** Mark W. DeLancey, 2019-03-13 African International Relations is a thoroughly revised and updated bibliography that contains annotated entries for international books and journal articles in the field of African international relations

U.S. Relations with South Africa: An Annotated Bibliography Y G-M Lulat, 1990-12-31 A comprehensive two volume annotated bibliography of books and monographs journal articles government documents documents of nongovernmental organizations and substantive magazine and newspaper articles published since the late nineteenth century Annotated entries contain a short abstract a table of contents and information on reviews Each volume contains an author and subject index and a periodical is included in Volume Two Topics covered include US Foreign Policy Southern Africa in US South African Relations Nuclear Technology and Other Sectors of Trade and Economic Relations Education Scientific and Cultural Exchanges African Americans and South Africa Divestment Disinvestment and Sanctions Divestment Disinvestment and Sanctions Comparative Studies This two volume work is part of a larger project that included publication of a nearly 700 page book titled United States Relations with South Africa A Critical Overview from the Colonial Period to the Present which is a critical overview of relations between the United States and South Africa going nearly as far back as the very beginning of their inception as permanent European colonial intrusions and it not only gives attention to the importance of contributions from nonofficial actors in shaping official relations but also considers the impact of the geopolitical location of South Africa within southern Africa where the presence of other nations particularly Angola Mozambique Namibia and Zimbabwe looms large

Academy. Library,1997      **Africa and U.S. National Interests** Frances K. Scott,1997      **Special Bibliography Series**  
,1957      **Bibliography on Land-locked States, Economic Development and International Law** Martin Ira  
Glassner,2019-07-23 Now fully revised and expanded this is the only available bibliography on the subject of land lockedness  
and its effects on economic development Reflecting its expanded title this new edition includes not only updated information  
on the plight of land locked countries but also their current levels of economic development and their role in international  
law such as the International Law of the Sea Kyoto Protocol on Greenhouse Gas Emissions and international pipeline  
agreements The volume lists thousands of primary and secondary source materials for research including books monographs  
journals governmental reports NGO publications and unpublished materials The book is truly international in scope with  
listings in 29 languages      **Bibliography on Land-Locked States** Martin Ira Glassner,2023-12-28 Since the publication of  
the third edition of this bibliography 13 land locked territories have joined the United Nations and the ranks of independent  
States nine former Soviet socialist republics Slovakia and Macedonia and Ethiopia land locked throughout its long history  
except for the period 1952 1992 and Andorra land locked always but recognized as a sovereign State only in 1993 Thus by  
any reckoning there are now more than one third more land locked States in the world than there were only three years ago  
Some are already experiencing problems with transit across their more fortunate coastal neighbours and even other land  
locked neighbours and with their uses of the sea and it is likely that such problems will multiply and intensify before they are  
resolved This fourth edition contains a number of new features all intended to make it more useful as well as more complete  
and up to date than its predecessors The format has been improved in several ways there are more cross references and the  
subject index and table of contents have been expanded      **Bibliography on Land-Locked States** Martin  
Glassner,1991-06-26 Text no 1 The problems of access to the sea to the resources of the sea by land locked states  
particularly those in Africa Asia South America have become more serious in recent years the need for a comprehensive  
accurate up to date bibliography on the subject has never been greater This is the only one existent Besides being expanded  
updated this third edition has the following new features a new section of resolutions of Intergovernmental organizations  
other than the United States a list of abbreviations that appear in the entries a third index a more detailed subject index  
entries in Chinese Nepali making a total of 19 languages a variety of more readable typefaces It should be valuable to  
students scholars in geography international relations transportation economic development international law diplomatic  
history etc to diplomats officials of governments intergovernmental organizations consultants other practitioners Text no 2  
This third revised expanded edition of a bibliography first published in 1979 lists materials in nineteen languages New  
features of the third revised enlarged edition are a new section of resolutions of inter governmental organizations other than  
the United Nations a list of abbreviations that appear in the entries a third index The new author index now includes editors  
of collections corporate authors such as consulting firms This bibliography is of great value to anyone interested in public
