Skeletons on the Zahara Dean King, 2025-05-01. A National Bestseller, the true story of shipwrecked American sailors in Africa who were captured by slavers and forced to trek through the Sahara. This true life saga reads like a cross between *Master and Commander* and *Lawrence of Arabia*. People of the western Sahara is a baking hot and desolate place, home only to nomads and their camels, and to locusts, snails, and thorny scrub. Its barren and ever-changing coastline has baffled sailors for centuries. In August 1815, the US brig *Commerce* was dashed against Cape Bojador and lost. Although through bravery and quick thinking, the ship's captain James Riley managed to lead all of his crew to safety, what followed was an extraordinary

and desperate battle for survival in the face of human hostility starvation dehydration death and despair Captured robbed and enslaved the sailors were dragged and driven through the desert by their new owners who neither spoke their language nor cared for their plight Reduced to drinking urine flayed by the sun crippled by walking miles across burning stones and sand and losing over half of their body weights the sailors struggled to hold onto both their humanity and their sanity To reach safety they would have to overcome not only the desert but also the greed and anger of those who would keep them in captivity From the cold waters of the Atlantic to the searing Saharan sands from the heart of the desert to the heart of man *Skeletons on the Zahara* is a spectacular odyssey through the extremes and a gripping account of courage brotherhood and survival A little bit H Rider Haggard a little bit Jon Krakauer a little bit Nathaniel Philbrick and a whole lot of gruesome fun
