Set against the backdrop of colonial exploitation in the early 20th century, the book engages with themes of colonialism, race, and humanity reflecting contemporary attitudes while challenging readers to navigate moral complexities within the historical context. Wallace, a prolific British writer and journalist, was deeply influenced by his travels and experiences in Africa which inform his nuanced portrayal of its diverse peoples. Wallace's engaging storytelling and rich depictions compel us to reconsider Western perspectives on African societies making it an essential read for anyone eager to understand the layered relationships between colonizers and the colonized.

Sanders of the river Lewis Wallace, 2023-06-23 Mr. Commissioner Sanders had graduated to West Central Africa by such easy stages that he did not realise when his acquaintance with the back lands began. Long before he was called upon by the British Government to keep a watchful eye upon some quarter of a million cannibal folk who ten years before had regarded white men as we regard the unicorn he had met the Basuto, the Zulu, the Fingo, the Pondo, Matabele, Mashona, Barotse, Hottentot, and Bechuana. Then curiosity and interest took him westward and northward and he met the Angola folk, then northward to the Congo, westward to the Masai, and finally by way of the Pigmy people he came to his own land. Now there is a subtle difference between all these races, a difference that only such men as Sanders know. It is not necessarily a variety of colour though some are brown and some yellow and some a very few jet black. The difference is in character. By Sanders' code you trusted all natives up to the same point as you trust children, with a few notable exceptions. The Zulu were men, the Basuto were men, yet childlike in their grave faith. The black men who wore the fez were subtle but trustworthy, but the brown men of the Gold Coast who talked English wore European clothing and called one another Mr. Sanders' pet abomination.
