What, You Want Me to Fly? Norma Jean Mason, 2019-05-17 The book is neither a tale of instruction nor a recommendation regarding flying It can only be described as an amazing journey taken by an ordinary women As she had an obvious fear of heights the book reveals how she was tricked by her flying loving husband into learning how to fly airplanes Never in her wildest dreams could she imagine sitting in the left seat of a small airplane experiencing extreme terror as the plane leaves the ground for the first time Share the cockpit with her on a solo flight when she encountered powerful winds gusting near forty five knots that exceeded anything she had encountered with her instructor aboard Today in 2018 we can celebrate with her as she is as comfortable behind the wheel of an automobile as she is in the cockpit of an airplane
