

SANDINISTAS SPEAK

Speeches, writings,
and interviews with
leaders of Nicaragua's
revolution

by Tomás Borge, Carlos Fonseca,
Daniel Ortega, Humberto Ortega,
and Jaime Wheelock

Sandinistas Speak

Jonathan Buchsbaum

Sandinistas Speak:

Sandinistas Speak Tomás Borge, 1982 Translations of speeches documents and interviews of the central leadership of the FSLN

Cinema and the Sandinistas Jonathan Buchsbaum, 2010-01-01 Following the Sandinista Revolution in 1979 young bohemian artists rushed to the newly formed Nicaraguan national film institute INCINE to contribute to the recovery of national identity through the creation of a national film project Over the next eleven years the filmmakers of INCINE produced over seventy films documentary fiction and hybrids that collectively reveal a unique vision of the Revolution drawn not from official FSLN directives but from the filmmakers own cinematic interpretations of the Revolution as they were living it This book examines the INCINE film project and assesses its achievements in recovering a Nicaraguan national identity through the creation of a national cinema Using a wealth of firsthand documentation the films themselves interviews with numerous INCINE personnel and INCINE archival records Jonathan Buchsbaum follows the evolution of INCINE s project and situates it within the larger historical project of militant revolutionary filmmaking in Latin America His research also raises crucial questions about the viability of national cinemas in the face of accelerating globalization and technological changes which reverberate far beyond Nicaragua s experiment in revolutionary filmmaking

Not Condemned To Repetition Robert Pastor, 2018-02-13 Through the fall of Anastasio Somoza the rise of the Sandinistas and the contra war the United States and Nicaragua seemed destined to repeat the mistakes made by the U S and Cuba forty years before The 1990 election in Nicaragua broke the pattern Robert Pastor was a major US policymaker in the critical period leading up to and following the Sandinista Revolution of 1979 A decade later after writing the first edition of this book he organized the International Mission led by Jimmy Carter that mediated the first free election in Nicaragua s history From his unique vantage point and utilizing a wealth of original material from classified government documents and from personal interviews with U S and Nicaraguan leaders Pastor shows how Nicaragua and the United States were prisoners of a tragic history and how they finally escaped This revised and updated edition covers the events of the democratic transition and it extracts the lessons to be learned from the past

Revolution, Revival, and Religious Conflict in Sandinista Nicaragua Calvin L. Smith, 2007-03-31 This interdisciplinary study breaks new ground by exploring relations between Protestants mainly Pentecostals and the Sandinistas in revolutionary Nicaragua which to date have received scant attention It challenges the view that most Protestants supported the Sandinistas in fact the majority vigorously opposed them and establishes why many believed Nicaragua was heading towards communism or totalitarianism Meanwhile the Sandinistas expressed irritation with Pentecostalism s otherworldliness and support for Israel Pentecostals were harassed even brutally repressed in the northern highlands leading many to join the Contras That a minority of Protestants supported the Sandinistas caused further problems Pentecostals and Sandinistas were ideological rivals offering an alternative vision to the poor revolution or revival As Pentecostalism exploded a collision between the two was inevitable

Sandinista Matilde Zimmermann, 2001-01-12 The

life and ideas of Carlos Fonseca Amador founder of the Sandinista National Liberation Front FSLN *Guerrillas and Revolution in Latin America* Timothy P. Wickham-Crowley, 2018-06-26 In this comparative survey of guerrilla movements in Latin America Timothy Wickham Crowley explores the origins and outcomes of rural insurgencies in nearly a dozen cases since 1956 Focusing on the personal backgrounds of the guerrillas themselves and on national social conditions the author explains why guerrillas emerged strongly in certain countries but not others He considers for example under what circumstances guerrillas acquire military strength and why they do or do not secure substantial support from the peasantry in rural areas *Conflict In Nicaragua* Jiri Valenta, 2019-04-09 The issue of Nicaragua arouses political passions those that we see expressed almost daily in the newspapers of Europe Latin America and the United States Few issues are more divisive within the politics of certain countries and the evolution of the Nicaraguan drama threatens to drive a wedge between countries that are friends allies and par

US-Sandinista Diplomatic Relations David Ryan, 2016-07-27 It is riveting Ryan provides us with one of the best accounts of the Reagan era foreign policy available dealing with a portion of history that took place in Central America in the Eighties For future historians of the Cold War Ryan s book will be a necessary point of reference Bernardo Sepulveda Amor US Sandinista Diplomatic Relations examines the reasons why agreement was not reached between the United States and Nicaragua between 1979 and 1990 The traditional US hegemonic approach to the region was applied to the Sandinista revolutionary government which the Reagan administration wanted out of power Washington s responses to the various attempts at finding a diplomatic solution were to block agreement where possible but concurrently demonstrate support for diplomacy to encourage Congressional support for the ongoing low intensity conflict

The Many Faces of Sandinista Democracy Katherine Hoyt, 1997 Taking power in Nicaragua in 1979 as a revolutionary party the Sandinista National Liberation Front FSLN was willing to put its fate in the hands of the Nicaraguan people twice in 1984 and 1990 The party wrote a democratic constitution and then remarkably accepted the decision of the majority by relinquishing power upon its defeat in the 1990 election The Many Faces of Sandinista Democracy explores the conflicts involving different visions of political and economic democracy as well as new radical thought on participatory democracy The latter addresses the problems popular organizations encountered as they moved from subservience to the FSLN in the 1980s to the liberating but disorientating electoral defeat of 1990 Up until the moment of defeat the Sandinistas saw themselves as the true vanguard of the Nicaraguan people able to submit themselves to free elections because they felt they truly represented the general will of the people Dr Hoyt brings to an international audience for the first time a study of the ideas of several Nicaraguan thinkers She examines the conflicts surrounding the development of ideas within the FSLN as well as the strengths and weaknesses of its rare combination of democratic and vanguard principles

The Surprising Life and Times of a Dominican Sister Judith Ann Brady, 2019-01-19 Over the years I have met many amazing women While they were mostly my teachers or professors some were in positions of authority I admired their selfless concern for the

community and their ability to make sane decisions They modeled for me what I hoped for myself to live my life motivated by love and dedicated to serving others They were different ages but they shared a common trait joyful charity Yes they clarified issues but more importantly they had a vibrant spirituality rooted in love of God They cared about me so consistently that when they shared advice I knew that it came from a place of deep wisdom Knowing them made me a better woman and inspired me in the various roles to which obedience called me teacher administrator campus minister and professor

Weekly Compilation of Presidential Documents, 1986 **Nicaragua Must Survive** Eline van Ommen, 2023-12-12

Nicaragua Must Survive tells the story of the Sandinistas innovative diplomatic campaign which captured the imaginations of people around the globe and transformed Nicaraguan history at the tail end of the Cold War The Sandinistas diplomacy went far beyond elite politics as thousands of musicians politicians teachers activists priests feminists and journalists flocked to the country to experience the revolution firsthand Drawing on extensive archival research and interviews Eline van Ommen reveals the role that Western Europe played in Nicaragua's revolutionary diplomacy Blending grassroots organizing and formal foreign policy pragmatic guerrillas creative diplomats and ambitious activists from Europe and the Americas were able to create an international environment in which the Sandinista Revolution could survive despite the odds Nicaragua Must Survive argues that this diplomacy was remarkably effective propelling Nicaragua into the global limelight and allowing the revolutionaries to successfully challenge the United States role in Central America **Violence and the Latin**

American Revolutionaries Michael Radu, This volume departs both from approaches to revolution in Latin America that emphasize interests and those that emphasize socioeconomic and political injustice Rather it deals with real life flesh and bone revolutionary cadres their thoughts backgrounds mentalities and behavior Going beyond clichés about Soviet encroachment in Latin America and injustice breeds revolution the contributors address the issue of the relationship between leaders and followers in a revolutionary context seeing revolutionary leaders as the key to articulating and defining the agenda of the revolution In contrast to most theorizing revolutionary leaders almost invariably come from the privileged even aristocratic classes The findings raise the issue of how well these leaders actually represent the peoples for which they claim to speak They also prompt questions about the democratic nature of guerrilla organizations If the leaders are so far removed by social background and education personal experience and ideological articulation from their followers how realistic is it to see the Left as a purveyor of progress Perhaps it is more correct say the contributors to see their claims as manipulative tactics directed to resolving a struggle for power among competing elites The selection of topics ranges from the historical development of revolutionary struggles since Che Guevara Halperin and Ratliff to the more specific application and motivation behind them Ybarra Rojas and Tismaneanu Chapters deal with the attempt to define a typology of revolutionary leaders Radu and their Western supporters Hollander Some authors Payne Horowitz combine these approaches Many issues examined in this volume are new including an analysis of the gap between the internationalist outlook of the leaders and the

parochial views of their followers The violent organizations of the Left in Latin America are shown to be largely the functional result of upper and middle class leaders who combine an appeal to the lumpenproletariat at home with support of alienated Westerners to pursue their own elitist agenda

Modern Latin American Revolutions Eric Selbin, 2018-02-07 In contrast to previous studies that have centered on the institutionalization of revolution in Latin America and the Caribbean **Modern Latin American Revolutions** Second Edition introduces the concept of consolidation of the revolutionary process the efforts of revolutionary leaders to transform society and the acceptance by a significant majority of the population of the core of the social revolutionary project As a result the spotlight is on people not structures and transformation not simply revolutionary transition The second edition of this acclaimed book has been revised to include new information on the cases of Bolivia Cuba Nicaragua and Grenada assessing the extent to which each revolution was both institutionalized and consolidated This edition also boasts expanded coverage on Che Guevara's visionary leadership and an all new section that addresses the future of revolution in Latin America and the Caribbean Dr Selbin argues that there is a strong link between organizational leadership and the institutionalization process on the one hand and visionary leadership and the consolidation process on the other Particular attention is given to the ongoing revolutionary process in Nicaragua with an emphasis on the implications and ramifications of the 1990 electoral process A final chapter includes brief analyses of the still unfolding revolutionary processes in El Salvador and Peru

Program of Economic Reactivation for the Benefit of the People, 1980 Ministry of Planning of the Government of National Reconstruction of Nicaragua, 2017-05-12 The Program of Economic Reactivation for the Benefit of the People 1980 sets forth the revolutionary plans of the Sandinista National Liberation Front FSLN to rebuild Nicaragua and redress the gross inequality of income inherited from the Somoza regime that it overthrew With an introduction by Annuar Murrar who fought with the FSLN the Program gives a precise economic picture of the condition of the economy and the program of reforms and reactivation designed to reactivate the economy of Nicaragua for the benefit of the people

The Political Life of Children Robert Coles, 2007-12-01 A groundbreaking study of the impact of current events on the lives and minds of children from the Pulitzer Prize winning child psychiatrist Most parents teach their children the lessons and skills they need to function in the world while trying to shield them from the harsher realities of life But long before children are considered ready to face the complications of the real world they are learning truths and perspectives most adults imagine are beyond them Child psychiatrist and author of *The Spiritual Life of Children* Robert Coles traveled the globe for more than a decade from Northern Ireland to Nicaragua South Africa to Southeast Asia across the United States and beyond conducting in depth interviews with children about their cultures ideologies national pride and political knowledge He learned that the greater challenges traumas conflicts and issues of the world around them find their way into children's impressionable minds and play a crucial role in their development Robert Coles' unique and groundbreaking research sheds much needed light on the psychology of childhood revolutionizing both professional and personal

understanding of humans formative years Robert Coles is to the stories that children have to tell what Homer was to the tale of the Trojan War The New York Times Book Review National Integration and Contested Autonomy Luciano Baracco,2011 The indigenous and Afro descendant peoples along Nicaragua s Caribbean Coast once colonized by the British have long sought to establish their autonomy vis a vis the dominant Spanish influenced regions of the Pacific coast The book provides a wide overview of the autonomy process by looking at the historical background of autonomy claims to land language rights and land demarcation and communal forestry projects This book seeks to satisfy the globally emerging interest in the idea of autonomy and bi zonality as an effective mechanism of conflict resolution and protection of minority rights Earthquakes in Human History Jelle Zeilinga de Boer,Donald Theodore Sanders,2021-08-10 On November 1 1755 All Saints Day a massive earthquake struck Europe s Iberian Peninsula and destroyed the city of Lisbon Churches collapsed upon thousands of worshippers celebrating the holy day Earthquakes in Human History tells the story of that calamity and other epic earthquakes The authors Jelle Zeilinga de Boer and Donald Theodore Sanders recapture the power of their previous book Volcanoes in Human History They vividly explain the geological processes responsible for earthquakes and they describe how these events have had long lasting aftereffects on human societies and cultures Their accounts are enlivened with quotations from contemporary literature and from later reports In the chaos following the Lisbon quake government and church leaders vied for control The Marqu s de Pombal rose to power and became a virtual dictator As a result the Roman Catholic Jesuit Order lost much of its influence in Portugal Voltaire wrote his satirical work Candide to refute the philosophy of optimism the belief that God had created a perfect world And the 1755 earthquake sparked the search for a scientific understanding of natural disasters Ranging from an examination of temblors mentioned in the Bible to a richly detailed account of the 1906 catastrophe in San Francisco to Japan s Great Kanto Earthquake of 1923 to the Peruvian earthquake in 1970 the Western Hemisphere s greatest natural disaster this book is an unequalled testament to a natural phenomenon that can be not only terrifying but also threatening to humankind s fragile existence always at risk because of destructive powers beyond our control **Friendly Tyrants** Adam Garfinkle,Daniel Pipes,1991-10-31 What do the South Vietnamese government the Shah and Ferdinand Marcos have in common All were allied to the United States all defied democratic and liberal norms and all three fell in a blaze creating problems for the United States These three cases and another eighteen more are the subject of Friendly Tyrants the first study ever to survey the contentious persistent problem of U S government relations with pro American authoritarian rulers No Other Way Out Jeff Goodwin,2001-06-04 No Other Way Out provides a powerful explanation for the emergence of popular revolutionary movements and the occurrence of actual revolutions during the Cold War era This sweeping study ranges from Southeast Asia in the 1940s and 1950s to Central America in the 1970s and 1980s and Eastern Europe in 1989 Following in the state centered tradition of Theda Skocpol s States and Social Revolutions and Jack Goldstone s Revolutions and Rebellion in the Early Modern World Goodwin

demonstrates how the actions of specific types of authoritarian regimes unwittingly channeled popular resistance into radical and often violent directions Revolution became the only way out to use Trotsky's formulation for the opponents of these intransigent regimes By comparing the historical trajectories of more than a dozen countries Goodwin also shows how revolutionaries were sometimes able to create and not simply exploit opportunities for seizing state power

This is likewise one of the factors by obtaining the soft documents of this **Sandinistas Speak** by online. You might not require more period to spend to go to the ebook inauguration as capably as search for them. In some cases, you likewise complete not discover the declaration Sandinistas Speak that you are looking for. It will completely squander the time.

However below, past you visit this web page, it will be for that reason utterly simple to acquire as well as download lead Sandinistas Speak

It will not believe many period as we explain before. You can pull off it though undertaking something else at house and even in your workplace. correspondingly easy! So, are you question? Just exercise just what we manage to pay for under as competently as evaluation **Sandinistas Speak** what you subsequent to to read!
