

SANDINO'S COMMUNISM

SPIRITUAL POLITICS
FOR THE
TWENTY-FIRST CENTURY

Donald C. Hodges
Foreword by Napoleón Chow

Sandinism Communism Spiritual Politics For The Twenty First Century

Benjamin R. Beede

Sandinism Communism Spiritual Politics For The Twenty First Century:

Sandinism's Communism Donald C. Hodges, 2013-12-06 Drawing on previously unknown or unassimilated sources Donald C Hodges here presents an entirely new interpretation of the politics and philosophy of Augusto C Sandino the intellectual progenitor of Nicaragua's Sandinista revolution The first part of the book investigates the political sources of Sandino's thought in the works of Babeuf Buonarroti Blanqui Proudhon Bakunin Most Malatesta Kropotkin Ricardo Flores Magón and Lenin a mixed legacy of pre Marxist and non Marxist authoritarian and libertarian communists The second half of the study scrutinizes the philosophy of nature and history that Sandino made his own Hodges delves deeply into this philosophy as the supreme and final expression of Sandino's communism and traces its sources in the Gnostic and millenarian occult undergrounds This results in a rich study of the ways in which Sandino's revolutionary communism and communist spirituality intersect a spiritual politics that Hodges presents as more realistic than the communism of Karl Marx While accepting the current wisdom that Sandino was a Nicaraguan liberal and social reformer Hodges also makes a persuasive case that Sandino was first and foremost a communist although neither of the Marxist nor anarchist variety He argues that Sandino's eclectic communist spirituality was more of an asset than a liability for understanding the human condition and that his spiritual politics promises to be more relevant than Marxism Leninism for the twenty first century Indeed Hodges believes that Sandino's holistic communism embraces both deep ecology and feminist spirituality a finding that is sure to generate lively and productive debate

Sandinism's Communism Donald C. Hodges, 2014-02-01 Drawing on previously unknown or unassimilated sources Donald C Hodges here presents an entirely new interpretation of the politics and philosophy of Augusto C Sandino the intellectual progenitor of Nicaragua's Sandinista revolution The first part of the book investigates the political sources of Sandino's thought in the works of Babeuf Buonarroti Blanqui Proudhon Bakunin Most Malatesta Kropotkin Ricardo Flores Magón and Lenin a mixed legacy of pre Marxist and non Marxist authoritarian and libertarian communists The second half of the study scrutinizes the philosophy of nature and history that Sandino made his own Hodges delves deeply into this philosophy as the supreme and final expression of Sandino's communism and traces its sources in the Gnostic and millenarian occult undergrounds This results in a rich study of the ways in which Sandino's revolutionary communism and communist spirituality intersect a spiritual politics that Hodges presents as more realistic than the communism of Karl Marx While accepting the current wisdom that Sandino was a Nicaraguan liberal and social reformer Hodges also makes a persuasive case that Sandino was first and foremost a communist although neither of the Marxist nor anarchist variety He argues that Sandino's eclectic communist spirituality was more of an asset than a liability for understanding the human condition and that his spiritual politics promises to be more relevant than Marxism Leninism for the twenty first century Indeed Hodges believes that Sandino's holistic communism embraces both deep ecology and feminist spirituality a finding that is sure to generate lively and productive debate

Famous Assassinations in World History

Michael Newton,2014-04-17 Representing a unique reference tool for readers interested in history criminology or terrorism this book provides the most complete and up to date coverage of assassinations of key figures throughout history and around the world Effecting the death of a political figure a leader of a nation or a public figure usually captures people s attention But how often is assassination effective to achieve the larger objective beyond the death of the targeted individual Famous Assassinations in World History An Encyclopedia offers more than 200 entries on assassinations of all kinds that will allow readers to grasp the often complex motivating factors behind each event and better understand historical and contemporary social unrest Each entry identifies the assassination target and summarizes that person s significance discusses the person s assassination including the factors that led up to it and its political and cultural contexts and explains the powerful effects of the assassination in world history The encyclopedia also includes various sidebars that spotlight relevant individuals groups and movements and present intriguing factoids such as the final disposition of notorious assassins weapons and various films and novels that were inspired by famous assassinations In addition 23 primary source documents provide accounts of assassinations throughout world history

Modern Latin American Revolutions Eric Selbin,2018-02-07 In contrast to previous studies that have centered on the institutionalization of revolution in Latin America and the Caribbean Modern Latin American Revolutions Second Edition introduces the concept of consolidation of the revolutionary process the efforts of revolutionary leaders to transform society and the acceptance by a significant majority of the population of the core of the social revolutionary project As a result the spotlight is on people not structures and transformation not simply revolutionary transition The second edition of this acclaimed book has been revised to include new information on the cases of Bolivia Cuba Nicaragua and Grenada assessing the extent to which each revolution was both institutionalized and consolidated This edition also boasts expanded coverage on Ch ueva's visionary leadership and an all new section that addresses the future of revolution in Latin America and the Caribbean Dr Selbin argues that there is a strong link between organizational leadership and the institutionalization process on the one hand and visionary leadership and the consolidation process on the other Particular attention is given to the ongoing revolutionary process in Nicaragua with an emphasis on the implications and ramifications of the 1990 electoral process A final chapter includes brief analyses of the still unfolding revolutionary processes in El Salvador and Peru

National Integration and Contested Autonomy Luciano Baracco,2011 The indigenous and Afro descendant peoples along Nicaragua s Caribbean Coast once colonized by the British have long sought to establish their autonomy vis a vis the dominant Spanish influenced regions of the Pacific coast The book provides a wide overview of the autonomy process by looking at the historical background of autonomy claims to land and language rights and land demarcation and communal forestry projects

The Small Wars of the United States, 1899-2009 Benjamin R. Beede,2012-08-06 The Small Wars of the United States 1899 2009 is the complete bibliography of works on US military intervention and irregular warfare around the world as well as efforts to quell insurgencies on behalf of American allies The

text covers conflicts from 1898 to present with detailed annotations of selected sources In this second edition Benjamin R Beede revises his seminal work bringing it completely up to date including entries on the current conflicts in Iraq and Afghanistan An invaluable research tool The Small Wars of the United States 1899 2009 is a critical resource for students and scholars studying US military history

Encyclopedia of Activism and Social Justice Gary L. Anderson, Kathryn G. Herr, 2007-04-13 This is an important historical period in which to develop communication models aimed at creating opportunities for citizens to find a voice for new experiences and social concerns Such basic social problems as inequality poverty and discrimination pose a constant challenge to policies that serve the health and income needs of children families people with disabilities and the elderly Important changes both in individual values and civic life are occurring in the United States and in many other nations Recent trends such as the globalization of commerce and consumer values the speed and personalization of communication technologies and an economic realignment of industrial and information based economies are often regarded as negative Yet there are many signs from the WTO experience in Seattle to the rise of global activism aimed at making biotechnology accountable that new forms of citizenship politics and public engagement are emerging The Encyclopedia of Activism and Social Justice presents a comprehensive overview of the field with topics of varying dimensions breadth and length This three volume Encyclopedia is designed for readers to understand the topics concepts and ideas that motivate and shape the fields of activism civil engagement and social justice and includes biographies of the major thinkers and leaders who have influenced and continue to influence the study of activism Key Features Offers multidisciplinary perspectives with contributions from the fields of education communication studies political science leadership studies social work social welfare environmental studies health care social psychology and sociology Provides an easily recognizable approach to topics ideas persons and concepts based on alphabetical and biographical listings in civil engagement social justice and activism Addresses both small scale social justice concepts and more large scale issues Includes biography pieces indicating the concepts ideas or legacies of individuals and groups who have influenced current practice and thinking such as John Stuart Mill Rachel Carson Mother Jones Martin Luther King Jr Karl Marx Mohandas Gandhi Nelson and Winnie Mandela Dorothy Day and Thomas Merton

Anti-americanism in Latin America and the Caribbean Alan McPherson, 2006-03-01 Whether rising up from fiery leaders such as Venezuela's Hugo Chavez and Cuba's Fidel Castro or from angry masses of Brazilian workers and Mexican peasants anti U S sentiment in Latin America and the Caribbean today is arguably stronger than ever It is also a threat to U S leadership in the hemisphere and the world Where has this resentment come from Has it arisen naturally from imperialism and globalization from economic and social frustrations Has it served opportunistic politicians Does Latin America have its own style of anti Americanism What about national variations How does cultural anti Americanism affect politics and vice versa What roles have religion literature or cartoons played in whipping up sentiment against el yanqui Finally how has the United States reacted to all this This book brings leaders in the field of U S Latin

American relations together with the most promising young scholars to shed historical light on the present implications of hostility to the United States in Latin America and the Caribbean In essays that carry the reader from Revolutionary Mexico to Peronist Argentina from Panama in the nineteenth century to the West Indies mid century independence movement and from Colombian drug runners to liberation theologians the authors unearth little known campaigns of resistance and probe deeper into episodes we thought we knew well They argue that for well over a century identifying the United States as the enemy has rung true to Latin Americans and has translated into compelling political strategies Combining history with political and cultural analysis this collection breaks the mold of traditional diplomatic history by seeing anti Americanism through the eyes of those who expressed it It makes clear that anti Americanism far from being a post 9 11 buzzword is rather a real force that casts a long shadow over U S Latin American relations *The Millennial New World* Frank Graziano,1999 This is a study of millennialism the idea that something climactic will happen in the year 2000 in Latin America from the pre Columbian period up to the present **Transnational Perspectives on Latin America** Luis Roniger,2022 Latin America is a region made up of multiple states with a diversity of races ethnicities and cultures In *Transnational Perspectives on Latin America* Luis Roniger argues that a regional perspective is significant for understanding this part of the Western hemisphere He claims that geopolitical sociological and cultural trends molded a contiguity of influences shaping a transnational arena of connected histories cross border interactions and shared visions complementing the process of separate nation state formation *FDR's Good Neighbor Policy* Fredrick B. Pike,2010-07-22 A study of how and why US Latin American relations changed in the 1930s Brilliant A charming and perceptive work Foreign Affairs During the 1930s the United States began to look more favorably on its southern neighbors Latin America offered expanded markets to an economy crippled by the Great Depression while threats of war abroad nurtured in many Americans isolationist tendencies and a desire for improved hemispheric relations One of these Americans was Franklin Delano Roosevelt the primary author of America's Good Neighbor Policy In this thought provoking book Bolton Prize winner Fredrick Pike takes a wide ranging look at FDR's motives for pursuing the Good Neighbor Policy how he implemented it and how its themes played out up to the mid 1990s Pike's investigation goes far beyond standard studies of foreign and economic policy He explores how FDR's personality and Eleanor Roosevelt's social activism made them uniquely simp tico to Latin Americans He also demonstrates how Latin culture flowed north to influence U S literature film and opera This book is essential reading for everyone interested in hemispheric relations **Confronting the American Dream** Michel Gobat,2005-12-27 Asks how a virulent anti Americanism developed in a Nicaraguan society that also seemed to embrace Americanization fervently and explores the historical roots of this paradox *A Twilight Struggle* Robert Kagan,1996 Kagan contends that the Carter administration's halfhearted intervention in Nicaragua was in response to American feelings of guilt for Washington's longtime support of the Somoza dynasty The Reagan era intervention on the other hand originated in American anxiety over

Soviet encroachment in the Western hemisphere Kagan recounts how American popular aversion to the employment of U S military muscle in Central America led to the administration s covert support of the contras and goes on to explain how the clash between the Reagan White House and Congress over freedom fighter funding led to the Iran contra affair in 1987 Although the surprising electoral victory of Violeta Chamorro over the Sandinistas was widely recognized as a success for American policy the U S remains caught in a continuous cycle of intervention and withdrawal in Nicaragua according to Kagan As a member of the State Department s Policy Planning Staff Kagan was a direct participant in many of the events described in this authoritative and definitive account of U S Publisher s description *The Cambridge History of Queer American Literature* Benjamin Kahan,2024-06-06 Moby Dick s Ishmael and Queequeg share a bed Janie in Zora Neale Hurston s *Their Eyes Were Watching God* imagines her tongue in another woman s mouth And yet for too long there has not been a volume that provides an account of the breadth and depth of queer American literature This landmark volume provides the first expansive history of this literature from its inception to the present day offering a narrative of how American literary studies and sexuality studies became deeply entwined and what they can teach each other It examines how American literature produces and is in turn woven out of sexualities gender pluralities trans ness erotic subjectivities and alternative ways of inhabiting bodily morphology In so doing the volume aims to do nothing less than revise the ways in which we understand the whole of American literature It will be an indispensable resource for scholars graduate students and undergraduates

Cinema and the Sandinistas Jonathan Buchsbaum,2010-01-01 Following the Sandinista Revolution in 1979 young bohemian artists rushed to the newly formed Nicaraguan national film institute INCINE to contribute to the recovery of national identity through the creation of a national film project Over the next eleven years the filmmakers of INCINE produced over seventy films documentary fiction and hybrids that collectively reveal a unique vision of the Revolution drawn not from official FSLN directives but from the filmmakers own cinematic interpretations of the Revolution as they were living it This book examines the INCINE film project and assesses its achievements in recovering a Nicaraguan national identity through the creation of a national cinema Using a wealth of firsthand documentation the films themselves interviews with numerous INCINE personnel and INCINE archival records Jonathan Buchsbaum follows the evolution of INCINE s project and situates it within the larger historical project of militant revolutionary filmmaking in Latin America His research also raises crucial questions about the viability of national cinemas in the face of accelerating globalization and technological changes which reverberate far beyond Nicaragua s experiment in revolutionary filmmaking

Secularist, Religious and Scientific Socialism Stefan Arvidsson,2025-05-30 This book explores the various ways in which socialists have understood the relationship between their political beliefs and different religious and philosophical traditions Considering the rise of secularism and the view that politics and life stances are two very different spheres it moves to examine the thought of those who believed that faith and politics are as separate as night and day those who on the

contrary believed that socialism rests firmly on a religious foundation and those who have argued that socialism's foundations are solidly scientific and therefore atheist. An examination of a range of perspectives on socialism as a political ideology, a deep conviction and even a form of faith. *Secularist Religious and Scientific Socialism* explores the aesthetic, ethical and existential ideals that have ignited the hearts of socialists, describing in detail how these ideals have been expressed in political activism, cultural forms and ways of living. It will therefore appeal to scholars of intellectual history, political theory, political philosophy and cultural history with interests in socialism and religion. *Shifting Frontiers of Citizenship: The Latin American Experience*, 2013-03-27. While in the days of the Cold War, models of citizenship were relatively clear-cut around the contrasting projects of reform and revolution, in the last three decades Latin America has become a laboratory for comparative research. The region has witnessed both a renewal of electoral democracy and the diversification of experiments in citizen representation and participation. The implementation of neo-liberal policies has led to countervailing transformations in democratic citizenship and to the rise of populist leaderships, while the crisis of representation has been accompanied by new forms of participation generating profound transformations. The authors analyze these recent trends reflected in new forms of populism, inclusion and exclusion, participation and alternative models of democracy, social insecurity and violence, diasporas and transnationalism, the politics of justice and the politics of identity and multiculturalism. *Socialist Imaginations*, Stefan Arvidsson, Jakub Beneš, Anja Kirsch, 2018-09-21. This volume offers new perspectives on the appeal and profound cultural meaning of socialism over the past two centuries. It brings together scholarship from various disciplines addressing diverse national contexts including Britain, China, France, Germany, Norway, Sweden and the USA. Taken together, the contributions highlight the aesthetic, narrative and religious dimensions of socialism as it has developed through three broad phases in the modern era: early nineteenth-century beginnings, mass-based political organizations and the attainment of state power in the twentieth century and beyond. Socialism did not attract millions of people primarily because of logical argument and empirical evidence; important though those were. Rather, it told the most compelling story about the past, present and future. Refocusing attention on socialism's imaginative dimensions, this volume aims to revive scholarly interest in one of the modern world's most important political orientations. *Occult Features of Anarchism*, Erica Lagalisse, 2019-02-01. In the nineteenth century, anarchists were accused of conspiracy by governments afraid of revolution, but in the current century various conspiracy theories suggest that anarchists are controlled by government itself. The Illuminati were a network of intellectuals who argued for self-government and against private property, yet the public is now often told that they were and are the very group that controls governments and defends private property around the world. Intervening in such misinformation, Lagalisse works with primary and secondary sources in multiple languages to set straight the history of the Left and illustrate the actual relationship between revolutionism, pantheistic occult philosophy and the clandestine fraternity. Exploring hidden correspondences between anarchism

Renaissance magic and New Age movements Lagalisse also advances critical scholarship regarding leftist attachments to secular politics Inspired by anthropological fieldwork within today s anarchist movements her essay challenges anarchist atheism insofar as it poses practical challenges for coalition politics in today s world Studying anarchism as a historical object Occult Features of Anarchism also shows how the development of leftist theory and practice within clandestine masculine public spheres continues to inform contemporary anarchist understandings of the political in which men s oppression by the state becomes the prototype for power in general Readers behold how gender and religion become privatized in radical counterculture a historical process intimately linked to the privatization of gender and religion by the modern nation state *The Grimace of Macho Ratón* Les W. Field,1999 An ethnographic account of indigenous artisans in Nicaragua and the complex ways they have understood and constructed their own identity from the period of the Sandanistas to the present

Sandinos Communism Spiritual Politics For The Twenty First Century Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Sandinos Communism Spiritual Politics For The Twenty First Century free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Sandinos Communism Spiritual Politics For The Twenty First Century free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Sandinos Communism Spiritual Politics For The Twenty First Century free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Sandinos Communism Spiritual Politics For The Twenty First

Century. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Sandinós Communism Spiritual Politics For The Twenty First Century any PDF files. With these platforms, the world of PDF downloads is just a click away.
