## **Sango An Esperanto Of Africa:**

**Sango** Joseph Biddulph, 2007 Sango is an interesting lingua franca of Bangui and the Central African Republic Its native African structure and vocabulary with many French borrowings make African linguistics accessible with a minimum of effort The introduction points to interesting parallels with little known languages of the Central African Republic Chad

Historical Dictionary of the Central African Republic Juan Fandos-Rius, Richard Bradshaw, 2025-02-16 The Central African Republic CAR joined the international community when it attained autonomy within the Communaut French Community on 1 December 1958 Under this arrangement France retained control over defense foreign affairs currency and home security Through history Central Africans comprising a quite large number of different ethnic groups and subgroups engaged in internal and external conflicts leading to significant migrations that showcased the nation s current cultural diversity In the twilight of the 19 century Western influence arrived on the heels of French colonists marking the end of slave trade from neighboring states to Central Africans but introducing new forms of servitude such as concessionary companies portage taxes and compulsory labor Central Africans saw their cultural systems and languages gradually erode replaced by European educational models and Christianization In less than 70 years Central Africans experienced profound changes without a cohesive plan As an independent nation the CAR found itself grappling with Western nations contesting its natural resources yielding little profit and trapped in neocolonialism The nation s limited income weakened its authority leading to its disappearance in rural areas Tensions over land resources escalated into a civil war disguised and polarized under the guise of interreligious conflict Today Central Africans stand at a pivotal moment seeking change for peace and recovery Historical Dictionary of the Central African Republic Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 200 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about the Central African Republic CAR **Ongamoi (Kingassa)** Bernard Leeman, 1994 Bornuese for Beginners Joseph Biddulph, 1989 **From Jamaica to Ashantee** Joseph Biddulph, 1991
