Sangreal Tarot:

The Sangreal Tarot William G. Gray, 1988 This is not just another book about the tarot It can be used with any deck of cards for it looks at the symbols of the tarot from the Sangreal viewpoint to teach you a new way of meditation that will enhance your pursuit of the Western Mystery Tradition Gray combines the symbolism of the Quabbalistic Tree of Life with the symbolism inherent in the tarot so you can learn the secret language of the tarot while looking at it through the lens of the mystical path The ten fundamental types of consciousness will be explored using the four worlds of the qabalah that also appear in the four suits in the tarot and Mr Gray will explain how he works with the meanings of the major and minor arcana Also included is the Journey of the Fool that mystical journey of the soul that each person who quests for the Holy Grail must take Mr Gray does recommend that you use the cards for fortunetelling but rather that you use them to help your spiritual growth By working with the cards they will begin to talk to you and as you better understand the symbolism you will learn the true value of what you hold within yourself

The History of the Occult Tarot Ronald Decker, Michael Dummett, 2013-07-18 An essential volume for the libraries of all serious students of the Tarot When the Tarot was invented in Italy during the early fifteenth century it was simply a pack of cards used for playing games Esoteric interpretations of the pack date from late eighteenth century France and were confined to that country for a hundred years But today the cards are used throughout the world and not only for fortune telling for true believers they are the key to secret knowledge and the meaning of life A History of the Occult Tarot is the classic work on the history of the Tarot deck and its use in occult circles Starting with the late nineteenth century the Decker and Dummett examine how the Tarot became the favoured divination tool of occultists a bridge to the spirit world and a map of the unconscious From Theosophical to Aleister Crowley to the Order of the Golden Dawn and P D Ouspensky this compelling survey of the Tarot's history describes the many fascinating decks imagined over time as well as the secret histories of mystics

Persaud,2010-03-18 Dan Browns staggering bestseller The Da Vinci Code has sold over 80 million copies since it was released in 2003 Expediently classified as a work of fiction Brown nevertheless intimates that his book is about historical fact and about a conspiracy by mainstream Christian leaders to suppress the truth about the origins of the faith its development over the centuries and its central figure the Galilean Jesus Christ Everything the world has been taught about traditional Christianity Brown claims is based on falsehood Numerous responses many of them incisive and persuasive have been produced to challenge Dan Browns historically inaccurate and nonsensically speculative endeavors at maligning the greatest religious system the world has ever known The Da Vinci Code Revisited comprehensively debunks The Da Vinci Code farce Unlike other undertakings to refute Dan Browns misrepresentations and outright lies however The Da Vinci Code Revisitedin addition to addressing Browns preposterous claims head on counters his arguments with an insightful presentation of the Christian Gospel The result is not only the availability of an antidote for The Da Vinci Codes corrosive ideology but an invitation to the reader to contemplate the incontrovertibly truthful teachings of the Holy Bible and its sure message of salvation for lost mankind If the warped conceptualizations and despicable lies peddled in Dan Browns The Da Vinci Code have been promoted once they have been promoted once too often The fact that over 80 million copies of Browns book have been sold attests to the painful realization that the toxicant ideas advanced by this shameless excuse for a religious scholar have been imposed upon very many credulous and uninformed people around the world You owe it to yourself to read The Da Vinci Code Revisited A Conclusive Refutation of the Widespread Sinister Lie Know the truth **Small Press Record of Books in Print** Len Fulton,1994 **Cracking the Symbol Code** Tim Wallace-Murphy,2012-01-01 Expanding on issues touched on in The Da Vinci Code this thought provoking study explores the real story of Christianity a story told by men and women condemned by the traditional orthodox church and one long hidden in mysterious codes and symbols In medieval times dissenters believed the established church ruthlessly suppressed the truth about Jesus and his ministry Branded as heretics and subject to torture and execution for their beliefs the dissenters including the Knights Templar Freemasons Cathars and groups of scientists devised an ingenious code to communicate with fellow sympathizers and preserve the truth

They concealed these complex symbols in art artifacts and architecture of the medieval world Finally this fascinating underground language is deciphered revealing powerful messages meant as much for today s truth seekers as for medieval minds The Watkins Dictionary of Magic Nevill Drury,2012-01-01 Over 3000 authoritative cross referenced entries covering magical traditions from all around the world **The Knights of the Holy Grail** Tim Wallace-Murphy,2012-01-01 Discover the truth about the Knights Templar and find out how this enigmatic order of warrior monks can help to uncover the secret story of the Holy Grail This compelling historical work charts the Knight s achievements in a remarkable range of endeavors from building castles and cathedrals to laying the foundations of the modern marketplace It uncovers the link between the Rex Deus families and the creation and propagation of the Grail sagas as well as the later foundation of the Secret Society of Freemasonry Building a historical framework for the development of Christianity during the last years of the Roman Empire and the Dark Ages that followed has never been so captivating Qabalistic Concepts William G. Gray,1997-01-01 Emphasizes how the Qabalah actively influences the Western Mystery Tradition Gray discusses the value of nothing the purpose of the cross the tree of life and path working His work makes Qabalah accessible to the Westerner presenting it as a way of working with the inner principles of life to reveal one s ultimate identity and activate it in one s everyday awareness **Custodians Of Truth** Tim Wallace-Murphy,Marilyn Hopkins,2005-05-15 A curious thing happened to Tim Wallace Murphy and Marilyn Hopkins when they published Rex Deus their first book on the bloodline of Christ they were contacted by a man from the very lineage they were studying And instead of denying the existence of the bloodline or berating them for revealing secrets he actually confirmed that the Rex Deus lineage exists and even disclosed some of its fundamental secrets The story of the Rex Deus families direct descendents of Christ who is believed to have survived the crucifixion turns out to be much more extensive than the authors first thought Instead of beginning during the time of Jesus it stretches far back into antiquity to the Egyptian Mystery Schools Instead of being only a propagation of the holy bloodline the Rex Deus families are also carriers of the secret teachings of Jesus Custodians of Truth reveals the purpose and secrets of the Rex Deus lineage Jesus was not only a holy man but an adept of ancient knowledge which informed his own teachings This secret knowledge was suppressed by the Church in their voracious quest for power and influence in the secular world These teachings have manifested throughout history in different forms Gnostic philosophy around the time of Jesus the Order of the Knights Templar Freemasons and the current resurgence of interest in New Age thought Finally the time is right for the hidden message of Jesus to be revealed a message of tolerance brotherhood and respect for nature The next chapter in the legend of the Holy Grail and the bloodline of Christ from the best selling authors of Rosslyn
