Remembered

Sierra Leone

High we exalt thee, realm of the free,
Great is the love we have for thee;
Firmly united, ever we stand
Singing thy praise, O native land.

We raise up our hearts and voices on high;
The hills and the valleys re-echo our cry.
Blessing and peace be ever thine own,
Land that we love, our Sierra Leone.

Sierra Leone Remembered:

Sierra Leone Remembered Esther L. Megill, 2004-07-28 Esther Megill had an extraordinary life experience in Sierra Leone as a medical technologist extraordinary in the work she did in the work she helped others to do and in the legacy of good will she left behind at the time of her retirement Her book *Sierra Leone Remembered* reads like an adventure novel Written in an easy conversational style it is a true story whose characters draw you into their world There are surprises at every turn and some will make you laugh along with Esther and her friends Some will make you weep as she wept for the sick displaced and those who lost their lives This author was there and she takes you with her Her stories have an unmistakable ring of essential truth Other authors may have given us history lessons descriptive passages testimonials of faith or glimpses into the culture and everyday lives of people Esther Megill gives all that and more Her feast of photographs tell thousands more stories at a glance Pull up a chair open *Sierra Leone Remembered* and you will see and hear Esther tell her story in her own voice Her story inspires one to look for the best in the human spirit despite circumstances One sees that dedication to serve others with compassion courage and faith and medicine blessed with God's love can make a difference

Sylvia Smyth *Sierra Leone* Bankole Kamara Taylor, 2014-02 This work looks at Sierra Leone its people and history Other subjects are also covered to provide a general introduction to the country It is not intended for academic specialists and it is not an in depth study of the country It is written from the perspective of a layman or general reader who simply wants to know some important things about this West African country Sierra Leone is one of the oldest countries in Africa And before it won independence in 1961 it was also one of the oldest colonies on the continent Only two African countries won independence in 1961 both from the same colonial power Great Britain They were Sierra Leone on 27 April and Tanganyika on 9 December The history of Sierra Leone is also one of the most tragic But Sierra Leone still is one of the most fascinating countries on the continent in spite of the horrendous tragedy it went through during the civil war in the 1990s The fact that it emerged intact from that brutal conflict is strong testimony to the resilience of the Sierra Leonean people against overwhelming odds which could have broken weaker souls

Back to Africa Richard West, 1970 **A History of Sierra Leone** Christopher Fyfe, 1962 This monumental history of Sierra Leone the first to be published on such a scale is written with particular emphasis on liberated Africans and their descendants the Sierra Leone Creoles and their contribution to the history of West Africa Jacket **The History of Sierra Leone** A. B. C. Sibthorpe, 1970 First Published in 1970 Routledge is an imprint of Taylor Francis an informa company *A Short History of Sierra Leone* Christopher Fyfe, 1967 History, Memory, and State-Sponsored Violence Berber Bevernage, 2013-02-14 Modern historiography embraces the notion that time is irreversible implying that the past should be imagined as something absent or distant Victims of historical injustice however in contrast often claim that the past got stuck in the present and that it retains a haunting presence History Memory and State Sponsored Violence is centered around the provocative thesis that the way one deals with historical injustice and

the ethics of history is strongly dependent on the way one conceives of historical time that the concept of time traditionally used by historians is structurally more compatible with the perpetrators than the victims point of view Demonstrating that the claim of victims about the continuing presence of the past should be taken seriously instead of being treated as merely metaphorical Berber Bevernage argues that a genuine understanding of the irrevocable past demands a radical break with modern historical discourse and the concept of time By embedding a profound philosophical reflection on the themes of historical time and historical discourse in a concrete series of case studies this project transcends the traditional divide between empirical historiography on the one hand and the so called theoretical approaches to history on the other It also breaks with the conventional analytical philosophy of history that has been dominant during the last decades raising a series of long neglected big questions about the historical condition questions about historical time the unity of history and the ontological status of present and past programmatically pleading for a new historical ethics

Remembering Violence

Nicolas Argenti, Katharina Schramm, 2010 Psychologists have done a great deal of research on the effects of trauma on the individual revealing the paradox that violent experiences are often secreted away beyond easy accessibility becoming impossible to verbalize explicitly However comparatively little research has been done on the transgenerational effects of trauma and the means by which experiences are transmitted from person to person across time to become intrinsic parts of the social fabric With eight contributions covering Africa Central and South America China Europe and the Middle East this volume sheds new light on the role of memory in constructing popular histories or historiographies of violence in the absence of or in contradistinction to authoritative written histories It brings new ethnographic data to light and presents a truly cross cultural range of case studies that will greatly enhance the discussion of memory and violence across disciplines

The Krio of West Africa Gibril R. Cole, 2013-09-15 Sierra Leone's unique history especially in the development and consolidation of British colonialism in West Africa has made it an important site of historical investigation since the 1950s Much of the scholarship produced in subsequent decades has focused on the Krio descendants of freed slaves from the West Indies North America England and other areas of West Africa who settled Freetown beginning in the late eighteenth century Two foundational and enduring assumptions have characterized this historiography the concepts of Creole and Krio are virtually interchangeable and the community to which these terms apply was and is largely self contained Christian and English in worldview In a bold challenge to the long standing historiography on Sierra Leone Gibril Cole carefully disentangles Krio from Creole revealing the diversity and permeability of a community that included many who in fact were not Christian In Cole's persuasive and engaging analysis Muslim settlers take center stage as critical actors in the dynamic growth of Freetown's Krio society *The Krio of West Africa* represents the results of some of the first sustained historical research to be undertaken since the end of Sierra Leone's brutal civil war It speaks clearly and powerfully not only to those with an interest in the specific history of Sierra Leone but to histories of Islam in West Africa the British empire the Black Atlantic the

Remembering Generations Ashraf H. A. Rushdy, 2003-01-14 Slavery is America s family secret a partially hidden phantom that continues to haunt our national imagination Remembering Generations explores how three contemporary African American writers artistically represent this notion in novels about the enduring effects of slavery on the descendants of slaves in the post civil rights era Focusing on Gayl Jones s Corregidora 1975 David Bradley s The Chaneysville Incident 1981 and Octavia Butler s Kindred 1979 Ashraf Rushdy situates these works in their cultural moment of production highlighting the ways in which they respond to contemporary debates about race and family Tracing the evolution of this literary form he considers such works as Edward Ball s Slaves in the Family 1998 in which descendants of slaveholders expose the family secrets of their ancestors Remembering Generations examines how cultural works contribute to social debates how a particular representational form emerges out of a specific historical epoch and how some contemporary intellectuals meditate on the issue of historical responsibility of recognizing that the slave past continues to exert an influence on contemporary American society **The History of the Church Missionary Society** Eugene Stock, 1899
