Black Theology--Essays on Global Perspectives Dwight N. Hopkins,2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs Black Theology Essays on Global Perspectives bridges that post 1990 gap and makes a vital contact with Africa again This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced worldwide contacts In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa This claim is based on tradition And in the generality of the larger worldwide intertwining of technologies and economics we need a new type of black theological leadership for the twenty first century This claim is based on today s international challenges The essays in this book draw on tradition and point forward in the midst of today s worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures

the role of religion in the Soviet and post Soviet state **SCM Core Text: Christian Doctrine** Mike Higton, 2013-01-25 The SCM Core Text Christian Doctrine offers an up to date accessible introduction to one of the core subjects of theology Written for second and third year university students it shows that Christian Doctrine is not a series of impossible claims to be clung to with blind faith Mike Higton argues that it is rather a set of claims that emerge in the midst of Christian life as Christian communities try to make enough sense of their lives and of their world to allow them to carry on Christian communities have made sense of their own life and the life of the wider world in which they are set as life created by God to share in God's own life They have seen themselves and their world as laid hold of God's life in Jesus of Nazareth and as having the Spirit of God's own life actively at work within them This book explores these and other central Christian doctrines and in each case shows how the doctrine makes sense and how it is woven into Christian life It will help readers to see what sense it might make to say the things that Christian doctrine says and how that doctrine might affect the way that one looks at everything the natural world gossip culture speaking in tongues politics dieting human freedom love High Noon justice computers racism the novels of Jane Austin parenthood death and fashion Brümmer on Meaning and the Christian Faith Vincent Brümmer, 2019-10-01 This volume presents a wide ranging selection from the writings of a leading contemporary philosophical theologian Vincent Brümmer In his many books and articles Brümmer has demonstrated how the tools of philosophical analysis are not only fruitful but also essential for dealing with the central issues of systematic theology The title of this volume Meaning and the Christian Faith highlights two characteristic themes that recur throughout the many writings of Vincent Brümmer Much of his work has been devoted to exploring the meaning of the Christian faith and especially of its central claim that God is a personal being whose fellowship believers may enjoy On the other hand Brümmer has also shown that religious belief should not be understood as an explanatory theory but rather as a way in which believers understand the meaning of their lives and their experience of the world and direct their lives accordingly Thus in the Christian tradition believers claim that their lives are meaningful because they seek to attain ultimate happiness in the love of God In the introductory sections throughout this volume Vincent Brümmer describes how he came to pay attention to the various themes dealt with in his writings and explains why he came to deal with them in the ways he did **Theology: A Very Short Introduction** David Ford, 2013-10-24 This is an introduction to the subject of academic theology Its basic approach is interrogative raising key questions so as to lead into a range of selected topics such as knowledge community salvation God prayer and evil **Faith, Religion & Theology** Brennan Hill, Paul F. Knitter, William Madges, 1997 This thoroughly updated text offers students and adults an overarching perspective The Faith section focuses on the nature of human faith and Christian faith The Religion section examines the personal and social value of religion religious belief and behavior and offers an overview of major world religions The Theology section includes an analysis of the theology faith relationship Suggested readings and study questions excellent end notes and index add to the value of this edition

Making Meaning Jenny L. Small, 2023-07-03 This book addresses religion and secularism as critical and contested elements of college student diversity. It both examines why and how this topic has become an integral aspect of the field of student affairs and considers how scholars and practitioners should engage in the discussion as well as the extent to which they should be involved in students' crises of faith, spiritual struggles, and questions of life purpose. Part history of the field, part prognostication for the future, the contributing authors discuss how student affairs has reached this critical juncture in its relationship with religious and secular diversity and why this development is poised to create lasting change on college campuses. Section I of this book focuses on the research on spirituality, faith, religion, and life purpose; considers the evolution of faith development theories from not only Christian perspectives but Muslim, Jewish, atheist, and other secular worldviews; examines the influence of faith frames in students' daily lives and addresses the impact of campus climate for religion, spirituality, as well as the relationship between religious minority/majority status on student outcomes. It concludes by tracing the pendulum swing from higher education's historical foundation in religion to the science-focused religion averse 20th century and now to a fragile middle position in which religious and secular diversity are being seriously considered and embraced. Section II analyzes the role professional associations play in advancing the student affairs field's commitment to spirituality, faith, and life purpose; the degree of support they offer to practitioners as they examine their own religious and secular identities and envisages potential new programming resources and networks. Section III describes a number of programs and services developed by practitioners and faculty members working in this area on their campuses; synthesizes these developments for an examination of where best practices stand today and imagines the future of institutionalizing higher education's support for students' explorations of spirituality, faith, religion, and life purpose. *Making Meaning* provides a comprehensive resource for student affairs scholars and practitioners seeking to understand these topics and apply them in their own research and daily work.

A Lived Theology of Everyday Life Michael W. DeLashmutter, 2025-09-18 *A Lived Theology of Everyday Life* invites readers to discover how faith and theology intersect with the mundane and extraordinary aspects of daily living. Clear Faith: Clearing Away Stumbling Blocks for a Faith that Makes Sense Susan Stover, 2012-04-04 Are you disillusioned by some aspects of Christianity like having to believe the right things to get saved? Like the idea that an all-loving God would sentence anyone to hell? Like understanding an often contradictory Bible? Then meet CLEAR FAITH. Clear away those stumbling blocks to uncover a faith of your own that makes sense. Meet the

Jesus we can truly call brother By seeing with new eyes through a clear lens we can experience and live with a simple straightforward faith that is globally inclusive open and compatible with a progressive scientific worldview Susan Stover writes as a seminary educated mainline Christian lay person who has been tripping over stumbling blocks long enough to compel her to seek new perspectives in faith The CLEAR FAITH perspective is like a brand new pair of glasses bringing the foggy into sharp focus *Louis Jacobs and the Quest for a Contemporary Jewish Theology* Miri Freud-Kandel,2023-10-15

For Louis Jacobs the quest the process of engaging with and thinking about Jewish faith was a lifelong pursuit He offered a model in the 1960s a period characterized by general religious crisis of an observant committed but intellectually curious Judaism that empowered individual seekers to address challenges to faith In Orthodox Judaism at the time a battle was under way for religious control Generating a widespread controversy in British Jewry known as the Jacobs Affair his thought offers a lens for examining the trajectory of Orthodoxy In a contemporary context marked by the changing cultural and intellectual concerns of a post secular age the focus of some of these debates over religious control has shifted Yet Jacobs emphasis on a personal quest is as relevant as ever perhaps more so This first book length analysis of his theology unpacks the building blocks of his thought It argues that despite its particularities and limitations his approach can provide a powerful model for contemporary religious seekers in the context of a growing impetus away from established denominationally bound forms of religion Many orthodox believers across a range of faiths continue to prefer the certainty of unquestionable religious truth claims rather than pursuing a subjective search for religious meaning For those seeking alternative models for the contemporary Jewish quest a reconsideration of Jacobs theology can offer valuable tools

The Habits of Race and Faith in a Religiously Diverse World Mara Brecht,2024-07-08 Religious diversity cultural pluralism and interreligious encounter are widely viewed in modern life as socially and for many people of faith spiritually enriching One of the most significant but frequently overlooked benefits of interreligious encounter is that it empowers us to see ourselves and particularly our racialized identities in new and revealing ways In *The Habits of Race and Faith in a Religiously Diverse World* Mara Brecht places whiteness under particular scrutiny its tangled and entwined relationship with religious identity as well as strategic associations with dominance and privilege The analysis of whiteness gives way to fresh perspectives on Christian ideas about salvation both in connection to religious faith and racial embodiment

Evolutionary History in Theological Perspective

Mario Anthony Russo, 2024-06-10 *Evolutionary History in Theological Perspective* Exploring the Scientific Story of the Cosmos develops a new theological interpretation of evolutionary history Exploring both secular and theological interpretations of evolutionary history this new interpretation hinges on the similarities between individual redemption and the eschatological story of cosmic redemption as mediated by the Holy Spirit throughout evolutionary history This new lens is then applied to relevant questions raised by the evolutionary process especially suffering and helps overcome the current shortcomings of contemporary interpretations of evolutionary history Peace and Faith Cary Nelson, Michael C. Gizzi, 2021-10-26 *PEACE AND FAITH Christian Churches and the Israeli Palestinian Conflict* composed of new essays is the first collection to bring together writers from different faith communities to discuss the Boycott Divestment and Sanctions movement's impact on one of the more fractious topics addressed by Christian denominations the Israeli Palestinian conflict In so doing it builds on interfaith projects under way for decades Theology and politics intermingle in debates taking place in local churches Christian NGOs and national church meetings that define official policy The debates revive and reframe the most basic values of Christianity and the questions church members seek to resolve How do Christians today hew to the principles Jesus articulated How can justice be pursued in the context of competing national narratives and historical understandings What bearing do or should centuries of Christian violence against Jews and Muslims have on contemporary theology and ethics Is it ethical or even possible to set aside millennia of Christian anti-Semitism in judging Israel's conduct What Christian values should be honored in pursuing Jesus's mission of reconciliation today How may the pursuit of truth be corrupted by passionate social witness Can advocacy cross the line into hatred These are among the critical questions this collection poses and attempts to address Faith Without Certainty Paul B.
