Oasis Definitely:

Oasis' Definitely Maybe Alex Niven, 2014 **Oasis, Definitely** Tim Abbot, 1996 An up close lavishly illustrated introduction to Oasis the biggest and baddest band in the Britpop movement Oasis Definitely takes a candid look at the group's history from its discovery in a Glasgow pub two years ago to its phenomenal success on the Billboard charts 100 photos many in color **501 Essential Albums of the '90s** Gary Graff, 2024-11-05 501 Essential Albums of 90s is the ultimate curated list detailing dozens of the decade's most influential releases across all genres featuring descriptions of the releases album art and artist imagery *Oasis' Definitely Maybe* Alex Niven, 2014-05-08 Oasis's incendiary 1994 debut album Definitely Maybe managed to summarize almost the entire history of post fifties guitar music from Chuck Berry to My Bloody Valentine in a way that seemed effortless But this remarkable album was also a social document that came closer to narrating the collective hopes and dreams of a people than any other record of the last quarter century In a Britain that had just undergone the most damaging period of social upheaval in a century under the Thatcher government Noel Gallagher ventriloquized slogans of burning communitarian optimism through the mouth of his brother Liam and the playing of the other Oasis everymen Paul McGuigan Paul Arthurs and Tony McCarroll On Definitely Maybe Oasis communicated a timeworn message of idealism and hope against the odds but one that had special resonance in a society where the widening gap between high and low demanded a newly superhuman kind of leaping Alex Niven charts the astonishing rise of Oasis in the mid 1990s and celebrates the life affirming communal force of songs such as Live Forever Supersonic and Cigarettes Alcohol In doing so he seeks to reposition Oasis in relation to their Britpop peers and explore one of the most controversial pop cultural narratives of the last thirty years **Oasis: "Definitely Maybe"** Music Sales Corporation, 1996-06-01 **The Listening Party** Tim Burgess, 2021-12-07 The Charlatans Tim Burgess invites you to the greatest listening party of all time In 2020 when the world was forced to hit pause on live in person gigs Tim Burgess found an ingenious way to bring people together by inviting artists and bands from Paul McCartney and New Order to Michael Kiwanuka and Kylie to host real time album playbacks via Twitter Relive 100 of the most memorable listening parties here with stories from bands and fans rarely seen backstage images and unique insider info from those who created these iconic albums Hey Twitter let's all say a big thanks to Tim for these brilliant events this year We really needed them So much great music being talked about Sir Paul McCartney Twitter being used for something really positive Mary Beard **Oasis Talking Shite** Not the Gallagher Brothers, 2025-06-24 A hilarious unofficial tribute to the most opinionated and entertainingly cantankerous band in rock and roll history Hello and listen up In 1994 with the shock of the lightning that was Oasis's force of nature debut album the British band's cigarettes and alcohol fueled founding brothers Liam and Noel Gallagher went supernova all around the world Most artists would have responded to this fame by opting to cast no shadow saying less in public or at least being more cautious when they did reluctant to add to the weight of the world on their shoulders Not Liam and Noel who did a strange

thing As if born on a different cloud they refused to be quiet ones and acquiesce to the typical masterplan for celebrity For the next thirty years they never stopped opening their big mouths and shouting out loud their opinions on everything underneath the sky Whether as stormy as a cloudburst as playful as a shakermaker as wise as a headshrinker in a rockin chair as uncouth as a girl in a dirty shirt with mucky fingers or as lewd as fuckin in the bushes their heathen chemistry was always electric some might say as addictive as morning glory Oasis Talking Shite celebrates these songbirds refreshing candor constructing a magic pie of memorable quotes and photographs into a wall of wonder Here they go let it out on nearly every topic imaginable including religion politics technology sports aging America aliens the Big Bang Theory open toed shoes Christmas SpongeBob SquarePants other bands and of course their all time favorite subject each other Timed to the long awaited Oasis reunion tour in summer 2025 in which they are keeping the dream alive despite just getting older this book will help you stop crying your eyes out if you didn t get tickets In fact it s an eyeball tickler D you know what I mean It s something to read while waiting for the rapture It won t let you down and gives you something about which to talk tonight or on a Sunday morning call an opportunity to look back in appreciation not anger as well as a reminder of why Liam and Noel will never slide away and definitely not maybe live forever as two of the most supersonic rock n roll stars to ever turn up the sun So put yer money where yer mouth is bring it on down to the bookstore register and bag it up

'Blerwytirhwng?' The Place of Welsh Pop Music Sarah Hill,2017-07-05 In the 1960s Welsh language popular music emerged as a vehicle for mobilizing a geographically dispersed community into political action As the decades progressed Welsh popular music developed beyond its acoustic folk roots adopting the various styles of contemporary popular music and ultimately gaining the cultural self confidence to compete in the Anglo American mainstream market The resulting tensions between Welsh and English amateur and professional rural and urban the local and the international necessitate the understanding of Welsh pop as part of a much larger cultural process Not merely a Celtic issue the cultural struggles faced by Welsh speakers in a predominantly Anglophone environment are similar to those faced by innumerable other minority communities enduring political social or linguistic domination The aim of Blerwytirhwng The Place of Welsh Pop Music is to explore the popular music which accompanied those struggles to connect Wales to the larger Anglo American popular culture and to consider the shift in power from the dominant to the minority the centre to the periphery By surveying the development of Welsh language popular music from 1945 2000 Blerwytirhwng The Place of Welsh Pop examines those moments of crisis in Welsh cultural life which signalled a burgeoning sense of national identity which challenged paradigms of linguistic belonging and out of which emerged new expressions of Welshness

The Rock Canon CarysWyn Jones,2017-07-05 Canons are central to our understanding of our culture and yet in the last thirty years there has been much conflict and uncertainty created by the idea of the canon In essence the canon comprises the works and

artists that are widely accepted to be the greatest in their field Yet such an apparently simple construct embodies a complicated web of values and mechanisms Canons are also inherently elitist however Carys Wyn Jones here explores the emerging reflections of values terms and mechanisms from the canons of Western literature and classical music in the reception of rock music Jones examines the concept of the canon as theorized by scholars in the fields of literary criticism and musicology before moving on to search for these canonical facets in the reception of rock music as represented by ten albums Bob Dylan s Highway 61 Revisited The Beach Boys Pet Sounds The Beatles Revolver The Velvet Underground s The Velvet Underground Nico Van Morrison s Astral Weeks Marvin Gaye s What s Going On The Rolling Stones Exile on Main St Patti Smith s Horses The Sex Pistols Never Mind the Bollocks Here s the Sex Pistols and Nirvana s Nevermind Jones concludes that in the reception of rock music we are not only trying to organize the past but also mediate the present and any canon of rock music must now negotiate a far more pluralized culture and possibly accept a greater degree of change than has been evident in the canons of literature and classical music in the last two centuries
