The Joy of Later Motherhood Bettina Gordon-Wayne,2018-02-06 Did you ever Google pregnancy after 35 or getting pregnant at 40 for helpful advice and inspiration on your way to motherhood Did your excitement and hope turn into disbelief and shock when your search turned up millions of gut wrenching stories on the risks and dangers of later pregnancies and the staggering rise of age related

infertility in women The Joy of Later Motherhood is the much needed antidote to all the negative hype surrounding motherhood at advanced maternal age which is 35 Written by seasoned journalist Bettina Gordon Wayne herself a first time mom at 44 and the third generation of women in her family who did not get the memo that conceiving a baby after 40 is dangerous if not outright impossible The Joy of Later Motherhood is Positive honest deeply human and an inspiring guide to mature motherhood that will undoubtedly boost your fertility and your chances of getting pregnant Full of real life stories and helpful insights of more than 40 women over 40 and top natural fertility experts who all had natural pregnancies and healthy babies With love and candor these women tell of heartbreak like infertility diagnosis and miscarriage and triumph from healing diseases to finding their faith They share their stories in order to empower other women to approach the topic of later motherhood from a position of strength and courage and to show them what s possible and in fact natural If you are looking for a medical book focused on only the physical aspect of pregnancy this may not be the right one for you The Joy of Later Motherhood is written by experts of a different kind It s written from the perspective of the women who actually achieved what millions of women are striving for naturally conceiving a healthy baby after 35 and especially after 40 You ll learn how to prepare for pregnancy even if you choose in vitro fertilization or were diagnosed with unexplained infertility or were trying to get pregnant for years You ll get advice on how to get pregnant naturally and what natural family planning methods worked for other women But maybe most importantly you ll learn that trying to get pregnant is not just a physical matter but also a matter of the mind and maybe even your spiritual beliefs as these women attest to The Joy of Later Motherhood is for you if the following rings true You hear your biological clock ticking but you don t want to be in a panic about it like everyone else You are afraid that your body may fail you Or that your contradictory thoughts I would love to have a baby but I don t think I can give up my freedom may influence your fertility You feel alone and isolated because you ve already experienced more than your fair share of heartache You need different perspectives to help you go on You wonder if it is fair to a child to have older parents and whether he ll have to shoulder the burden of an ailing mother or father long before his peers Maybe you are worried or are upset Maybe you doubt that motherhood will ever happen for you We get it We ve been there With our stories we want to lovingly see you through this journey as much as we can We ve got you

Loving the Little Years: Motherhood in the Trenches Rachel Jankovic, 2010-11-26 I didn t write this book because mothering little ones is

easy for me I wrote it because it isn't I know that this is a hard job because I am right here in the middle of it I know you need encouragement because I do too In this book Rachel Jankovic mother of seven offers practical advice on how to persevere in the high but demanding call of motherhood This is not a tender reminiscence from someone who had children so long ago that she only remembers the sweet parts This is a small collection of thoughts on mothering young children for when you are motivated for when you are discouraged for the times when discipline seems fruitless and for when you are just plain old tired The opportunities for growth abound here but you have to be willing You have to open your heart to the tumble As you deal with your children deal with yourself always and first This is what it looks like and feels like to walk as a mother with God

[Ordinary Insanity](#) Sarah Menkedick,2020-04-07 A groundbreaking exposé and diagnosis of the silent epidemic of fear afflicting new mothers and a candid feminist deep dive into the culture science history and psychology of contemporary motherhood Anxiety among mothers is a growing but largely unrecognized crisis In the transition to motherhood and the years that follow countless women suffer from overwhelming feelings of fear grief and obsession that do not fit neatly within the outmoded category of postpartum depression These women soon discover that there is precious little support or time for their care even as expectations about what mothers should do and be continue to rise Many struggle to distinguish normal worry from crippling madness in a culture in which their anxiety is often ignored normalized or most dangerously seen as taboo Drawing on extensive research numerous interviews and the raw particulars of her own experience with anxiety writer and mother Sarah Menkedick gives us a comprehensive examination of the biology psychology history and societal conditions surrounding the crushing and life limiting fear that has become the norm for so many Woven into the stories of women's lives is an examination of the factors such as the changing structure of the maternal brain the ethically problematic ways risk is construed during pregnancy and the marginalization of motherhood as an identity that explore how motherhood came to be an experience so dominated by anxiety and how mothers might reclaim it Writing with profound empathy visceral honesty

and deep understanding Menkedick makes clear how critically we need to expand our awareness of compassion for and care for women's lives
