Rear Window

Brian Hannan

Rear Window:

The Art of Looking in Hitchcock's Rear Window Stefan Sharff, 1997 Illustrated throughout with stills from the film The Art of Looking is a unique appreciation of the art of Alfred Hitchcock made even more valuable by the first publication in any form of the full dialogue of a screen masterpiece Hitchcock's Rear Window John Fawell, 2004-11-22 In the process of providing the most extensive analysis of Alfred Hitchcock's Rear Window to date John Fawell also dismantles many myths and clichés about Hitchcock particularly in regard to his attitude toward women Although Rear Window masquerades quite successfully as a piece of light entertainment Fawell demonstrates just how complex the film really is It is a film in which Hitchcock the consummate virtuoso was in full command of his technique One of Hitchcock's favorite films Rear Window offered the ideal venue for the great director to fully use the tricks and ideas he acquired over his previous three decades of filmmaking Yet technique alone did not make this classic film great one of Hitchcock's most personal films Rear Window is characterized by great depth of feeling It offers glimpses of a sensibility at odds with the image Hitchcock created for himself that of the grand ghoul of cinema who mocks his audience with a slick and sadistic style Though Hitchcock is often labeled a misanthrope and misogynist Fawell finds evidence in Rear Window of a sympathy for the loneliness that leads to voyeurism and crime as well as an empathy for the film's women Fawell emphasizes a more feeling humane spirit than either Hitchcock's critics have granted him or Hitchcock himself admitted to and does so in a manner of interest to film scholars and general readers alike **Alfred Hitchcock's Rear Window** John Belton, 2000 This volume provides a fresh examination of Rear Window from a variety of perspectives Rear Window and Other Stories Cornell Woolrich, Maxim Jakubowski, 1988-01-01

Alfred Hitchcock Jane Sloan, 1995-03-08 A concise and intelligent synthesis of what we know and think about Hitchcock and a road map to future work on the subject There is no complete index to Hitchcock's career like this one and critics and historians will mine Sloan's work with enormous profit The Critical Survey section constitutes an invaluable contribution to the project of metacriticism Matthew Bernstein author of Walter Wanger Hollywood Independent **Hitchcock's Music** Jack Sullivan, 2020-08-11 A wonderfully coherent comprehensive groundbreaking and thoroughly engaging study of how the director of Psycho and The Birds used music in his films Sidney Gottlieb editor of Hitchcock on Hitchcock Alfred Hitchcock employed more musical styles and techniques than any film director in history from Marlene Dietrich singing Cole Porter in Stage Fright to the revolutionary electronic soundtrack of The Birds Many of his films including Notorious Rear Window Vertigo North by Northwest and Psycho are landmarks in the history of film music Now author and musicologist Jack Sullivan presents the first in depth study of the role music plays in Hitchcock's films Based on extensive interviews with composers writers and actors as well as archival research Sullivan discusses how Hitchcock used music to influence his cinematic atmospheres characterizations and even storylines Sullivan examines the director's relationships with various composers especially Bernard Herrmann and tells the stories behind some of their now iconic musical choices Covering the entire

director's career from the early British works up to *Family Plot* this engaging work will change the way we watch and listen to Hitchcock's movies

Coming Back to a Theater Near You Brian Hannan, 2016-06-14 In the Silent Era film reissues were a battle between rival studios every Mary Pickford new release in 1914 was met with a Pickford re-release For 50 years after the Silent Era reissues were a battle between the studios who considered old movies found money and cinema owners who often saw audiences reject former box office hits In the mid 1960s the return of *The Bridge on the River Kwai* 1957 the second biggest reissue of all time altered industry perceptions and James Bond double features pushed the revival market to new heights In the digital age reissues have continued to confound the critics This is the untold hundred year story of how old movies saved new Hollywood Covering the booms and busts of a recycling business that became its own industry the author describes how the likes of Charlie Chaplin Humphrey Bogart and Alfred Hitchcock won over new generations of audiences and explores the lasting appeal of films like *Napoleon* 1927 *Gone with the Wind* 1939 *The Rocky Horror Show* 1975 and *Blade Runner* 1982

Aerodynamics of Road Vehicles Thomas Christian Schuetz, 2015-12-30 The detailed presentation of fundamental aerodynamics principles that influence and improve vehicle design have made *Aerodynamics of Road Vehicles* the engineer's source for information This fifth edition features updated and expanded information beyond that which was presented in previous releases Completely new content covers lateral stability safety and comfort wind noise high performance vehicles helmets engine cooling and computational fluid dynamics A proven successful engineering design approach is presented that includes Fundamentals of fluid mechanics related to vehicle aerodynamics Essential experimental results that are the ground rules of fluid mechanics Design strategies for individual experimental results General design solutions from combined experimental results The aerodynamics of passenger cars commercial vehicles motorcycles sports cars and race cars is dealt with in detail inclusive of systems testing techniques measuring and numerical aerodynamics methods and simulations that significantly contribute to vehicle development *Aerodynamics of Road Vehicles* is an excellent reference tool and an indispensable source for the industry's vehicle engineers designers and researchers as well as for enthusiasts students and those working in academia or government regulatory agencies

Hitchcock and Philosophy David Baggett, William A. Drumin, 2011-09-30 The shower scene in *Psycho* Cary Grant running for his life through a cornfield innocent birds lined up on a fence waiting watching these seminal cinematic moments are as real to moviegoers as their own lives But what makes them so What deeper forces are at work in Hitchcock's films that so captivate his fans This collection of articles in the series that's explored such pop culture phenomena as *Seinfeld* and *The Simpsons* examines those forces with fresh eyes These essays demonstrate a fascinating range of topics Sabotage's lessons about the morality of terrorism and counter terrorism Rope's debatable Nietzschean underpinnings *Strangers on a Train*'s definition of morality Some of the essays look at more overarching questions such as why Hitchcock relies so heavily on the Freudian unconscious In all the book features 18 philosophers paying a special homage to the legendary auteur in a way that's accessible even to casual fans
