Rebel Hearts Journeys Within The Iras Soul:

Rebel Hearts Kevin Toolis,1997-04-15 A detailed and revealing portrait of the world of the IRA Rebel Hearts explains and uncovers the roots of the conflict in Northern Ireland through a series of profiles of IRA men As romantic as it is violent Toolis has captured its pulse in prose that often approached poetry San Francisco Chronicle [Black and Green](#) Brian Dooley,1998 An excellent book Irish Voice New York Ties between political activists in Black America and Ireland span several centuries from the days of the slave trade to the close links between Frederick Douglass and Daniel O Connell and between Marcus Garvey and Eamon de Valera This timely book traces those historic links and examines how the struggle for black civil rights in America in the 1960s helped shape the campaign against discrimination in Northern Ireland The author includes interviews with key figures such as Angela Davis Bernadette McAliskey and Eamonn McCann **Agents of**

Influence Aaron Edwards,2021-04-09 Recruited by British Intelligence to infiltrate the IRA and Sinn F in during the height of the Northern Ireland Troubles they were agents of influence With codenames like INFLICTION STAKEKNIFE 3007 and CAROL these spies played a pivotal role in the fight against Irish republicanism Now for the first time some of these agents have emerged from the shadows to tell their compelling stories Agents of Influence takes you behind the scenes of the secret intelligence war which helped bring the IRA s armed struggle to an end Historian Aaron Edwards the critically acclaimed author of UVF Behind the Mask explains how the IRA was penetrated by British agents with explosive new revelations about the hidden agendas of prominent republicans like Martin McGuinness and Freddie Scappaticci and lesser known ones like Joe Haughey and John Joe Magee Bringing to light recently declassified TOP SECRET documents and the firsthand testimonies of agents and their handlers Edwards reveals how British Intelligence gained extraordinary access to the IRA s inner circle and manipulated them into engaging with the peace process With new insights into the spy masters behind the scenes their strategies and tactics and Britain s international intelligence network in Northern Ireland Europe and beyond Agents of Influence offers a rare and shocking glimpse into the clandestine world of secret agents British intelligence strategy and the betrayal at the heart of militant Irish republicanism during the vicious decades of the Troubles **Times of**

Troubles Andrew Sanders,2012-05-02 How The Troubles in Ulster defined the Scottish and British military experience post WW2 **Feminist Identity Development and Activism in Revolutionary Movements** T. O'Keefe,2013-10-24 This book examines how many women active in revolutionary movements develop feminist identities and how this identity

simultaneously contributes to and conflicts with the struggle for women s emancipation [Palgrave Dictionary of Public Order Policing, Protest and Political Violence](#) P. Joyce,Neil Wain,2014-11-04 Protest and political violence are concerns of global importance in the twenty first century This dictionary brings together in one comprehensive volume a number of key issues relating to the conduct of protest and political violence and the response of the state and police to such activities

Armed Struggle Richard English,2008-09-04 A timely work of major historical importance examining the whole

spectrum of events from the 1916 Easter Rising to the current and ongoing peace process fully updated with a new afterword for the paperback edition An essential book closely reasoned formidably intelligent and utterly compelling required reading across the political spectrum important and riveting Roy Foster *The Times* An outstanding new book on the IRA a calm rational but in the end devastating deconstruction of the IRA Henry McDonald *Observer* Superb the first full history of the IRA and the best overall account of the organization English writes to the highest scholarly standards Moreover he writes with the common reader in mind he has crafted a fine balance of detail and analysis and his prose is clear fresh and jargon free sets a new standard for debate on republicanism Peter Hart *Irish Times* The one book I recommend for anyone trying to understand the craziness and complexity of the Northern Ireland tragedy Frank McCourt author of *Angela's Ashes* **'The Age-Old Struggle'** Jack Hepworth, 2021-09-15 This is a wide ranging analysis of the internal dynamics of Irish republicanism between the outbreak of the Troubles in 1969 and the Good Friday Agreement of 1998 Engaging a vast array of hitherto unused primary sources alongside original and re used oral history interviews *The Age Old Struggle* draws upon the words and writings of more than 250 Irish republicans This book scrutinises the movement's historical and contemporary complexity the variety of influences within Irish republicanism and divergent republican responses at pivotal moments in the conflict Yet it also assesses the centripetal forces which connected republican organisations through decades of struggle Across five thematic chapters *The Age Old Struggle* offers new insights into republicanism's multi layered interactions with the global 68 tactical and strategic change revolutionary socialism feminism and religion Drawing on political periodicals ephemera and interviews with activists throughout the ranks of several republican groups the book roots its analysis in republicanism's temporal and spatial complexity It contends that the cultural significance of place interactions with class and revolutionary politics and shifting intra movement networks are essential to understanding the movement's dynamics since 1969 *Terrorist Informers in Northern Ireland* Samantha Newbery, 2024-10-21 By using informers to provide intelligence on terrorism the security and intelligence agencies who handle them gain knowledge of their offences Charges may then be brought against them provided evidence supports this course of action But if imprisoned an informer no longer has access to the time sensitive potentially life saving intelligence they once had There is therefore a tension between continuing to use an informer to provide intelligence on terrorism and upholding the law This tension is at the heart of this book *Terrorist Informers in Northern Ireland* analyses prominent terrorist informers such as Agent Stakeknife and lesser known examples who collectively were active throughout Northern Ireland from the 1970s to the present It looks at both those involved with republican groups and with loyalist groups and also those working for the police the armed forces and MI5 Valuable pieces of the puzzle are unearthed in sources such as court judgments official reports and in interviews conducted by the author The book also analyses the way successive governments the police the armed forces and MI5 have addressed the regulation of terrorist informers involvement in criminality as well as allegations of collusion between informers on one hand and the

security and intelligence agencies on the other Accordingly the book also assesses the varied retrospective investigations into the use of terrorist informers and therefore the competing needs for secrecy and transparency As Samantha Newbery s research here shows although there is a tension between intelligence and the law this can be successfully navigated

Rules for Rebels Max Abrahms, 2018-09-04 Ever wonder why militant groups behave as they do For instance why did Al Qaeda attack the World Trade Center whereas the African National Congress tried to avoid civilian bloodshed Why does Islamic State brag over social media about its gory attacks while Hezbollah denies responsibility or even apologizes for its carnage This book shows that militant group behaviour depends on the tactical intelligence of the leaders The author has extensively studied the political plights of hundreds of militant groups throughout world history and reveals that successful militant leaders have followed three rules These rules are based on original insights from the fields of political science psychology criminology economics management marketing communication and sociology It turns out there s a science to victory in militant history But even rebels must follow rules
