The Politics of Popular Music
John Street

Rebel Rock The Politics Of Popular Music

Hugh Hodges

Rebel Rock The Politics Of Popular Music:

Rebel Rock John Street,1986-01 Describes the influence of popular music on politics examines the lifestyles and political awareness of top rock groups and discusses aspects of the music industry **Ibss: Anthropology: 1986** International Committee for Social Science Information and Documentation,1990 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences *Politics and Popular Culture* John Street,1997 In *Politics and Popular Culture* John Street explores the debate about the political character of popular culture between those who see it as a form of manipulation and those who see it as populist self expression He argues that such approaches are limited and that we need to alter our perspective on the politics of popular culture He does this by looking more closely at the ways in which the state organizes the production and consumption of popular culture and at how political judgments are part of the creation and the pleasures of popular culture This book will be invaluable for students in cultural studies mass media studies sociology and politics **The Hip Hop Movement** Reiland Rabaka,2013-04-04 The Hip Hop Movement offers a critical theory and alternative history of rap music and hip hop culture by examining their roots in the popular musics and popular cultures of the Civil Rights Movement and Black Power Movement Connecting classic rhythm blues and rock roll to the Civil Rights Movement and classic soul and funk to the Black Power Movement The Hip Hop Movement explores what each of these musics and movements contributed to rap neo soul hip hop culture and the broader Hip Hop Movement Ultimately this book s remixes as opposed to chapters reveal that black popular music and black popular culture have always been more than merely popular music and popular culture in the conventional sense and reflect a broader social political and cultural movement With this in mind sociologist and musicologist Reiland Rabaka critically reinterprets rap and neo soul as popular expressions of the politics social visions and cultural values of a contemporary multi issue movement the Hip Hop Movement Rabaka argues that rap music hip hop culture and the Hip Hop Movement are as deserving of critical scholarly inquiry as previous black popular musics such as the spirituals blues ragtime jazz rhythm blues rock roll soul and funk and previous black popular movements such as the Black Women s Club Movement New Negro Movement Harlem Renaissance Civil Rights Movement Black Power Movement Black Arts Movement and Black Women s Liberation Movement This volume equal parts alternative history of hip hop and critical theory of hip hop challenges those scholars critics and fans of hip hop who lopsidedly over focus on commercial rap pop rap and gangsta rap while failing to acknowledge that there are more than three dozen genres of rap music and many other socially and politically progressive forms of hip hop culture beyond DJing MCing rapping beat making break dancing and graffiti writing *The Beatles and Sixties Britain* Marcus Collins,2020-03-05 In this rigorous study Marcus Collins reconceives the Beatles social cultural and political impact on sixties Britain **Civil Rights Music** Reiland Rabaka,2016-05-03 While there have been a number of studies that have explored African American

movement culture and African American movement politics rarely has the mixture of black music and black politics or rather black music as an expression of black movement politics been explored across several genres of African American movement music and certainly not with a central focus on the major soundtracks of the Civil Rights Movement gospel freedom songs rhythm blues and rock roll Here the mixture of music and politics emerging out of the Civil Rights Movement is critically examined as an incredibly important site and source of spiritual rejuvenation social organization political education and cultural transformation not simply for the non violent civil rights soldiers of the 1950s and 1960s but for organic intellectual artist activists deeply committed to continuing the core ideals and ethos of the Civil Rights Movement in the twenty first century Civil Rights Music The Soundtracks of the Civil Rights Movement is primarily preoccupied with that liminal in between and often inexplicable place where black popular music and black popular movements meet and merge Black popular movements are more than merely social and political affairs Beyond social organization and political activism black popular movements provide much needed spaces for cultural development and artistic experimentation including the mixing of musical and other aesthetic traditions Movement music experimentation has historically led to musical innovation and musical innovation in turn has led to new music that has myriad meanings and messages some social some political some cultural some spiritual and indeed some sexual Just as black popular movements have a multiplicity of meanings this book argues that the music that emerges out of black popular movements has a multiplicity of meanings as well **The**

Bloomsbury Handbook of Rock Music Research Allan Moore, Paul Carr, 2020-07-09 The Bloomsbury Handbook of Rock Music Research is the first comprehensive academic survey of the field of rock music as it stands today More than 50 years into its life and we still ask what is rock music why is it studied and how does it work both as music and as cultural activity This volume draws together 37 of the leading academics working on rock to provide answers to these questions and many more The text is divided into four major sections practice of rock analysis performance and recording theories business of rock and social and culture issues Each chapter combines two approaches providing a summary of current knowledge of the area concerned as well as the consequences of that research and suggesting profitable subsequent directions to take This text investigates and presents the field at a level of depth worthy of something which has had such a pervasive influence on the lives of millions *Entertaining the Citizen* Liesbet van Zoonen, 2005 Can politics be combined with entertainment Can political involvement and participation be fun Politics and popular culture are converging all the time whether it is in Arnold Schwarzenegger's election as governor of California or in political television dramas and movies like *The West Wing* and *Dave* This book encourages readers to think about how links between entertainment and politics have the potential to rejuvenate citizenship endorse civic values and sustain civic commitment Instead of discarding the popular as irrelevant or dangerous to the democratic process Liesbet van Zoonen shows us the possibilities for increasing political knowledge and participation through the arenas of politics and popular music political soaps political television dramas and politicians as

celebrities A first rate starting point for debate Entertaining the Citizen will stimulate and entertain students and general readers alike *In Garageland* Johan Fornäs,Ulf Lindberg,Ove Sernhede,2014-04-04 Seeking to understand youth culture through its visual and musical expression In Garageland presents a pioneering ethnographic study of rock bands and their fans Topics include class as well as sexual conflicts mainstream and deviant subcultures and the complex social psychological and ethical relationships which exist within youth culture In Garageland develops the notion of youth culture research as a way of mirroring our grown up identities and of staking out the limits of late modern culture in general The Fascist Groove Thing Hugh Hodges,2023-02-21 This is the late 1970s and 80s as explained through the urgent and still relevant songs of the Clash the Specials the Au Pairs the Style Council the Pet Shop Boys and nearly four hundred other bands and solo artists Each chapter presents a mixtape or playlist of songs related to an alarming feature of Thatcher s Britain followed by an analysis of the dialogue these artists created with the Thatcherite vision of British society Tell us the truth Sham 69 demanded and pop music however improbably did It s a furious and sardonic account of dark times when pop music raised a dissenting fist against Thatcher s fascist groove thing and made a glorious boredom smashing noise Bookended with contributions by Dick Lucas and Boff Whalley as well as an annotated discography The Fascist Groove Thing presents an original and polemical account of the era

Right here, we have countless books **Rebel Rock The Politics Of Popular Music** and collections to check out. We additionally give variant types and also type of the books to browse. The usual book, fiction, history, novel, scientific research, as well as various further sorts of books are readily nearby here.
